EYE, N. H., Feb. 26, 1846. "Thereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it effected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no doubt, in this case, but the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold a to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pleuring pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct.
SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing me to scratch my flesh. Some three bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I HAD had no sign of the complaint since. I believe it to be one of the most sure remedy in the world for Humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me; so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. P. LAVITT.

From ELDER I CRESLEY, *Lee, May 21, 1841.*

DR. SWETT:—Permit me to testify, as I feel in duty bound to do, that my daughter was affected with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow worse till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CRESLEY.

☞ Any one returning the remainder of a Bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may29

Houses and Lands.

Desirable Residence

ON MIDDLE ROAD FOR SALE.

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 16 feet each.

The house was built by the day, ten years since, by the late Wm. F. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and is over 300 feet deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction

HOT AND COLD BATHS, for use of guests and the public, day and evening—the best facilities. mar22-3m

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited on.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. A. Treadwell, Oren Bragdon, J. H. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James Sullivan, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Lurvey, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodeling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for ventilation, it has no tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, which possess but little advantage over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they rise. The heat thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the dome can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Clevelan, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS FREE OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and as excellent antidote for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion

—WE REFER TO—

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—The celebrated Dye was first prepared in 1846; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or rub off, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest safest, most convenient, most successful, and most permanent Dye ever used.

SOLD BY ALL DRUGGISTS.

VOL. 21. PORTSMOUTH, N. H. MONDAY, NOV. 24 1862. NO. 97.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home; our brethren all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

FROM LOUISIANA.—General Butler appears to be at work energetically and successfully in extending the Federal authority in Louisiana. The expedition of General Weitzel to Berwick Bay has restored uninterrupted communication between the banks of the Mississippi and those of the Atchafalaya, by the way of the New Orleans, Opelousas and Great Western Railroad. The road passes through a tract of country abounding in sugar plantations, all in a state of high cultivation and exceedingly productive. Since the capture of New Orleans, the woods and swamps which skirt the track, have swarmed with guerrilla bands, but by the recent engagements they have been dispersed.

Dating in camp near Thibodeaux, La., Nov. 1, Gen. Weitzel says:—

"The enemy evacuated Berwick's Bay in such a hurry (as our gunboats were in sight) that they left over four hundred wagon loads of negroes behind at Brashear City. Now, what shall I do with them? I have already twice as many negroes in and around my camp as I have soldiers within. I cannot feed them; as a consequence, they must feed themselves. The community, of whom already quite a number, have taken the oath of allegiance, is in great terror, fearing trouble with the negroes. They beg me to allow them to retain their arms. I cannot do this without authority from headquarters. Last night my pickets were fired upon by some person armed with a shot-gun. This would make it prudent to allow only those to retain their arms who have taken the oath or are paroled. Please to give me instruction on this point.

There is plenty of sugar here. I have collected a large number of cavalry and artillery horses and mules. I have undisputed possession of this country now, and this part of the campaign is a perfect success."

The N. O. Delta says that considerable Union feeling is being developed in Lafourche by the presence of Gen. Weitzel's command. Some of it is latent; some quite active.

Gen. Butler has ordered all the proprietors of distilleries and establishments where intoxicating liquors are either manufactured or rectified, to cease manufacturing Nov. 8.

☞ The Legislature of Jamaica was summoned to meet Nov. 4. It is expected there will be a measure introduced to provide for the introduction and location in that Island, of a portion of the forty thousand black and colored people in America, who are seeking a new home where they may enjoy civil and religious liberty.

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. T. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers,** and **Fine Watches,** has located himself at the store of

75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to procure Patents in the United States, also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantage for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.

PROFESSIONAL ADVANTAGES.—Practicing twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions, not to be found elsewhere.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved to inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS—EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 2, 1861 aw

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines starting from again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.
"The Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Sherry, or other rich Wine.
The Port has a fine flavor and body, and
The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, NOVEMBER 24, 1862.

THE REBELLION.

Gen. Sumner, by direction of Gen. Burnside, on Friday morning formally demanded the surrender of Fredericksburg, at or before 5 o'clock in the afternoon. If it was not surrendered before that time, 16 hours would be allowed for the removal of the sick, women and children, when he would shell the town. The demand was made to the Mayor, but his reply was evidently at the dictation of Gen. Longstreet, whose troops were encamped a short distance outside of the city. The answer was to the effect that the rebels would refrain from firing on our pickets, &c., but would dispute the occupancy of the city by our forces. They desired longer time to remove the women and children.

Gen. Foster's expedition repulsed 3000 rebels at Little Creek, N. C., and then pushed on to Williamston and Hamilton, where the rebels were entrenched behind 3 miles of fortifications and breastworks. The enemy were flanked, but escaped bagging by flight. No iron-clads were discovered as expected. Our total loss was 6 killed and 8 wounded. There is a doubtful report that Jeff. Davis is seriously debating the abandonment of North Carolina, as it is a dead weight on the Confederacy, and serious differences exist between him and Gov. Vance.

The rebels have been driven from Eastern Kentucky, and a large lot of tents, g sgons, etc., taken, together with some prisoners. Bragg is reported to have arrived at Holly Springs with 15,000 men, and to be making preparation to give Gen. Grant battle. The main body of our army is at Lagrange, Tenn.

A Falmouth, Va., dispatch of the 21st states that we had not yet thrown any troops over the Rappahannock. The rebel pickets on the Fredericksburg side were posted down to the banks of the river, which, until swollen by this rain, was not more than 100 yards wide. The bridges on the railroad from Acquia Creek will soon be completed. The rebels now have ten guns, including two heavy Rodmans, planted back of Fredericksburg, but our batteries completely command them.

A letter to the Mobile News says that the rebels have evacuated Holly Springs, not deeming it a tenable point, and are preparing to go into winter quarters at Abbeville, considering it highly improbable that our troops will attack them there. The letter says that one third of the rebel army is without blankets, and that they are half naked.

A Richmond dispatch, 15th, reports a large Federal fleet in James river, near Brandon Bar.

A Washington letter says apprehensions are felt for Gen. Sigel, but it is believed he has fallen back in good order. Our lines on Friday morning were at Centreville, but the rebels have appeared in force at Bull Run. The Potomac cannot now be forded.

☞ An industrious and hard working carpenter and cabinet-maker named Abel Hocking, who usually worked late nights, was murdered in Dorchester, Mass., on Friday night. About half past nine, a gentleman passing his shop, heard a person crying and groaning. Upon examination he discovered Mr. Hocking outside of the shop, leaning against it, and too nearly insensible to give any account of himself. Physicians were summoned, but he died early on Saturday morning. Eight wounds, which were inflicted with a mallet, were found on his head, the most severe one being about four inches in length, and penetrating throubg the skull. The murderer stole his victim's wallet, containing a small amount of money. At last accounts he had not been arrested, no clue having been obtained. No reason can be assigned for this brutal deed. Mr. Hocking was about 32 years old, and leaves a wife but no children. The Dorchester Selectmen have offered a reward of $500 for the discovery of the murderer.

IMPROBABLE STORY.—A special dispatch from Washington to the New York World says: "Information has been received here that certain merchants in New York, incensed at the ravages of the Alabama on American commerce, are fitting out a pirate to prey on British commerce. The vessel is reported to be very swift, and if she succeeds in leaving the port of New York, will inflict incalculable damage on British commerce."

☞ The charges against Gen. Fitz John Porter, to be investigated by the new Court of Inquiry, relate entirely to the famous report of Gen. Pope. The correctness of his allegations in that report against Gen. Porter will doubtless be thoroughly sifted by Judge Advocate Gen. Holt.

☞ The Stevens battery Naugatuck was suddenly ordered to sea from New York on Thursday; destination unknown.

NEW HAMPSHIRE ITEMS.

—— A man giving his name as Uriah Lohnes, was arrested in Manchester on Thursday for passing worthless bills. He had been visiting farmers and purchasing apples, poultry, etc., and paid for the same in bills on broken Connecticut and Washington banks, receiving good money for change.

—— The Commercial Bulletin notices, among new counterf its, 5's on the Langdon Bank, Dover, raised from 1's. Also spurious 5's on the Monadnock Bank, East Jaffrey.

—— J. S. Godfrey, of Hampton Falls, formerly Quartermaster of the 2d Regiment, has been made Quartermaster on the staff of Maj. Gen. Hooker, with the rank of Lieut. Colonel.

—— Capt. George W. Gerrish, of the New Hampshire Battery, has been detached from his command, and placed on the staff of Gen. Doubleday, as Chief of Artillery in that division. Lieut. Edgell is in command of the battery.

—— In a chamber at Salisbury was recently found fifteen hundred pounds of old papers and pamphlets, which sold at the paper mill for *seventy-five dollars.*

—— Mrs. Betsy Upton, wife of Eli Upton, of Sharon, went into the garden one day last week to get some sage; not returning for some time, her sister went out and found her dead. This is the fifth sudden death in that vicinity since last July.

For the Chronicle

OUR FIRST INSTALMENT.—It seems that New Hampshire has received its first instalment of negroes. The U. S. steam frigate Minnesota brought into Portsmouth, last week, twenty-seven contrabands from the South. This is but a drop in the bucket. Are the people of this State prepared to receive them? Are the abolition clergymen prepared for the intimate intermingling and marrying of these negro vagrants of the South with their sons and daughters? This is the doctrine the radicals are promulgating and attempting to force upon the country. It remains with the people to accept or reject it.—*Laconia Democrat.*

Let the Democrat be comforted! These twenty-seven contrabands are in the United States Navy as sailors, and they are truly but a drop in the bucket. When the ship is ready for sea again, her crew, of blacks and whites, will disappear from our streets. In the mean time let us say, as every body here says, a better behaved company of seamen never came into this port. New Hampshire need not fear them.

The paragraph copied above, with all its falsity and unfairness, is only a specimen of the trash circulated in many quarters on this subject. Our knowledge of radical anti-slavery men and their writings, says Uncle Toby, is somewhat extensive;—yet we know of no "radical" who advocates the "*doctrine*" of amalgamation;—but about half there same contrabands happen to be mulattoes,—and so the practice is a sort of "institution," for complexion "cannot lie."

U. T.

NEW YORK ELECTION.—It appears from the *official* returns of the New York election that the total vote of the State is 608,553, against 675,156 in 1860—a falling off of 71,603. The Republican Union vote is 296,470, which is 66,156 less than the vote for Lincoln in 1860, the Democratic vote is 307,083, which is 5724 less than the Fusion ticket had in 1860. The reader can draw his own inferences as to the cause of the greater falling off in one party than the other.

☞ Under the new Tax law it is held that an Auctioneer has no right to let his place of business to another person to sell at auction, unless the seller is a licensed auctioneer. This will have the effect to make traveling cheap auctions scarce and throw the auction business into the hands of regular local auctioneers who are entitled to all the benefits arising from the business.

☞ The Portland Advertiser speaks of an Attorney, who in re-arranging the books in his office, shook out $40 in bank bills which he had mislaid some years previous, and began to cast interest and to mourn over its loss!

☞ In Bangor on Wednesday, John Landers, 17 years of age, in removing a boiler full of hot water from the fire, slipped, and his head and shoulders were immersed in such a manner as to injure him terribly, and probably fatally. His eyes were destroyed, and his hair and skin taken off wherever the water touched.

☞ A celebrated Canadian horse named "Old Royal George," died suddenly at St. Catherines, C. W., on Wednesday night last. His owner, Mr. Doherty, was offered $3000 for him last summer, but refused to sell. The horse was seventeen years of age.

☞ A shoeblack at Marseilles publishes a card with promised reward for the discovery of the thief or thieves who broke into his house and stole 3,000 railroad shares worth $300,000. He has blacked boots to some purpose.

N. H. DEM. STATE CONVENTION.

On motion of Stephen W. Dearborn, of Exeter, Gen. George Stark, of Nashua, was chosen President *pro tem*, and on taking the chair, addressed the Convention as follows:—

SPEECH OF GEN. GEORGE STARK.

Gentlemen of the Convention:—

I should be unworthy of your esteem if I were insensible to the warm greetings with which you receive me. The hills and valleys of my native State seem to presage, in this assemblage, a re-echo of that tocsin note of hope which has so lately resounded from the Atlantic to the Mississippi; hope for our beloved country and its cherished Union. Let us be thankful for the light which has fallen upon the pathway of conservative men to cheer and guide them.

I was glad to see for the call of this Convention that broad and liberal invitation to men of all former parties,—a call broad enough to embrace, as I do with whole heart this day, all conservative men, whatever may have been their former party relations.

You have met to take counsel together, and with unawed courage to inaugurate such measures as shall be calculated to maintain the Constitution as it is, with all the securities for the citizen, and all the rights guaranteed to it by States and communities. [Applause]—You have come to reiterate your irrevocable purpose to resist to the last, and to defy plotters of treason against the sacred bond that binds us, wherever they may be found. You have come to combine your energies in an earnest struggle against abolitionism at the North and rebellion at the South; to denounce the schemes of plunder which, in this hour of National peril, have oppressed the people and disgraced the land; to denounce officials and contractors who have heaped heavy burdens upon you, and shamelessly defrauded gallant soldiers in the field, that they might gather up the reward of their infamy in sudden and ill-gotten wealth. Regardless of the shower of opprobrious epithets which these "war men," (who plunder your treasury, but take care to keep out of the way of war's dangers,) are ready with a corrupt and hireling press to heap upon you, you have come to drive them out, if possible, and to put honest men in their places. You have come to maintain the Constitution and preserve the Union—and you have come with hearts and hands ready for any sacrifice which patriotic wisdom may demand of you for the accomplishment of these hallowed objects. And while, for the attainment of these purposes, we cheerfully "pledge our lives, our fortunes, and our sacred honor," no heart quails before threats which contemplate the overthrow of the Constitution, and despotic invasion of our sacred rights.—Whether such threats assume the form of proclamations, letures de cachet, or other symbol of tyranny or oppression, they are to be calmly confronted by the solid and impenetrable wall of the will of the people. [Applause.]

The great ground swell of patriotic Constitution-revering, Union loving sentiment, which has been silently but steadily gaining volume and strength for months, is to roll on with constantly increasing power, until fanaticism is engulphed, and the old Union is securely moored again upon the firm and only anchorage of the Constitution. The wave which has swept over Indiana, Pennsylvania, Illinois, New Jersey and New York, has reached us; flashing from its white crest, light and hope and courage. With a brave spirit that holds everything subservient to the Constitution and the restoration of the Union, let the conservative men of every party in New Hampshire unite for the consummation of objects alike dear to them all.

And now, gentlemen, I ask to be permitted to take my place in the ranks, to bear my part in the battle, and to help push on, as best I may, the conservative column of redemption. To be called to the front as your standard bearer, during the last two years, was an honor which I appreciate, and a service from which I had no inclination to shrink. I should not have deserved your respect, and should have left a cloud upon the name I bear, if I had thought of avoiding any position to which the representatives of the only conservative organization in the State chose to assign me, when dominant fanaticism was not only arrogant and insolent, but when its overthrow was for the time hopeless. The whole aspect is now changed. Believing that we are to triumph signally over fraud and terrorism and abolitionism combined, I must ask you to designate some other citizen as your candidate for the Executive chair, and leave me to take my place as a private in the contest, and to fulfil my business obligations to others, in a sphere less public in its character, but of that importance, as you all know, to require primarily my time and thoughts. I ought to add that this is a request which I would not make if I believed it to be in conflict with the object which we have so much at heart. In the range of selection before you the cause has nothing to lose, and it must be apparent to you that men who have hitherto voted with the Republican party, but are inclined to do so no more, will find the transition more easy and more agreeable upon a new name, than upon one with which they have antagonized for the last two years. You will appreciate my motives, and you will justify the unqualified withdrawal of my name, which I now announce.

Thus, gentlemen, I have done what I deem to be my personal duty, and I have great faith that you will acquit yourself of your share in the contest with honor, fidelity, and honor in the great Western and Central States, by the side of which you are to take your stand.

Before I resume my seat, and before we proceed to business, gentlemen, let us pause to render our tribute of honor to Gen. George B. McClellan, and to the gallant army whose love and confidence he has so preeminently secured. [Repeated and enthusiastic cheering.]

New Piano-fortes exchanged for old.

The subscriber has for sale a new and elegantly carved, seven octave PIANO-FORTE very cheap. Warranted perfect in every respect.—Would like to take an old Piano in part payment.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 568 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored. The sensations experienced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Fees very moderate,—even less than at the Institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1m2 & wlmo*

Winter Fashions.

MDE DEMOREST'S QUARTERLY MIRROR OF FASHIONS: containing a double page illustration of 19 NEW CLOAKS; three FULL SIZED PATTERNS; a COLORED STEEL PLATE showing ten full length figures; a Plate of JUVENILE COSTUMES, and over *sixty* other illustrations of Bonnets, Sleeves, Infants' Dresses, Jewelry and Embroidery. Just published, and for sale by

JOSEPH H. FOSTER.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stiffe and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,

Dealer in Crockery, Fancy Goods, &c.

PHILLIPS, wholesale, Portland.

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *as a mild, safe, yet certainly, yet edical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

REPUBLICAN MEETINGS.

GENERAL CAUCUS.—A meeting of the Republicans of this city will be held at the COURT HOUSE, this (Monday) evening, at 7 o'clock, for the purpose of nominating a candidate for Mayor for the ensuing year.

WARD MEETINGS.

WARD Two at the Court House this (Monday) evening at half-past 7 o'clock.

Ward One held their meeting on Saturday evening; and Ward Three on Thursday evening last.

For the Chronicle.

THE CONTRABANDS.—Speaking of the Contrabands, says Uncle Toby, reminds us of the fact, that we have had no more civil, well-behaved, and orderly men here for a long time, than the five and twenty colored sailors who have been in this city for two weeks past, on leave from a U. S. armed ship at the Navy Yard.

The fact does not astonish us at all, for we remember that when black sailors were numerous in this port, they behaved as well as the white ones. It need not astonish any body:—but it is rather strange that any one should suppose or prophecy that when these freed men should be longer free, they would not behave so well at a concert. This supposition is contradicted by the uniform attendance and good behaviour of our colored people here, on all our concerts for these ten or a dozen years. No portion of our population have attended concerts more constantly, none been more attentive, none behaved better.

The intimation of the "quiet Democratic gentleman," that the good behavior of the contrabands "speaks well for the institution," was doubtless intended for a conclusive argument in favor of slavery,—but though it was no further discussed at the dinner table, it will bear one moment's discussion here.

Many of these men are mulattoes, some of them are said to be the sons of their late masters or owners. Now the question arises, *which* institution causes their good behavior. Is it slavery? or amalgamation? or are the two together, the blessed institution which gives well behaved men as the result?

The plain facts in the case are, that these contrabands, like other human beings, are creatures of habit, imitation, and circumstance. They have seen genteel company, and with the usual taste of the negro, they copy what models suit them the best.

Prejudice and folly being laid aside, these specimens of recent slaves from the South, show us a class of men who can take care of themselves, who can serve their country in armed ships, and who would be, if free and properly treated, as harmless and useful a class of men as any in the country.

The notion so industriously put forth by northern tools of the slave power, that free negroes are universally or are generally idle and worthless, is contradicted by our own experience in Portsmouth, where there has been as large a *proportion* of virtuous and useful blacks, as of whites. To make this plain, let us name a few persons out of the very small black population here, within the last fifty or sixty years, such as Prince Whipple and wife, Mrs. Mulneaux, Cuffee Whipple, Cesar Whidden, Boston Rice, Pomp Spring and wife, Mr. Job Wentworth, and Diana Jenness and husband;—and many others as worthy could be named by our elderly citizens.

The sneer at the black man, because God has made him black, is in bad taste;—and the attempt to exalt slavery above freedom, by witticism or argument, is alike fruitless and contemptible.

The man who advocates slavery, should be himself a slave; and he who can offer apologies for it, is not wholly a freeman, and scarcely deserves the name. U. T.

☞ Sutlers G. V. Rowe and T. O. Hoyt, of the 9th N. H. Regiment, last week loaded another schooner at this port, with fruit, vegetables, cider, &c., for the Potomac.

☞ Mr. Preston advertises Phosphite of Lime for keeping new cider sweet. A lot of barrels of cider was recently sent to the Potomac, from this city. In some there was put a bottle of the Phosphite to a barrel, in part half a bottle to a barrel, and in the rest nothing. A letter just received, here says, that cider which has a bottle per barrel is still nice and sweet, the half-bottle barrels are pretty good, and the plain cider is quite sour. Try the Phosphite of Lime.

☞ Acting Master Charles E. Hawkins, U. S. N., of this city, has been ordered to the steamer Alabama, at Boston.

An alarming instance of throwing one's self about was witnessed a few evenings ago at a party, in the case of a young lady, who when asked to sing, first tossed her head and then pitched her voice.

☞ Half a million dollars have already been sent from the Pacific coast, for the relief of our sick and wounded soldiers.

☞ One dollar bills on the Elliot bank, Boston, raised to fives, made their appearance in that city on Saturday.

"NOT THE LORD, BUT BURGOYNE."—The Rev. James Gallagher used to tell the following anecdote with great zest:—

During the Revolutionary war, reports were circulated as they are now, either wholly false or greatly exaggerated. In passing from one to another, something was sure to be added, until the story would hardly be known to the author of it. The people in certain sections of New York were in great consternation from a report that Burgoyne was marching down from the Lakes with an immense army, and going to sweep over the whole country, bringing utter desolation to the inhabitants. An old lady heard the report, and understood it that Burgoyne was to open the Lakes and let out the water, and drown the whole region. Full of the terrible vision, she ran to a neighbor's to tell her the latest news about the war. "Do you know that we are going to be drowned? Burgoyne is going to let the water out of the Lakes, and make a great flood and we shall all be drowned!—Oh! what shall we do?" Her neighbor, with more intelligence and more piety, did not seem to be greatly disturbed, but calmly replied: "That certainly must be a mistake. It cannot be true, for God has promised in his word that he will no more destroy the inhabitants of the earth with a flood." "Ah, honey! I know that, but it's not the *Lord* who is going to do it—it is *Burgoyne!*"

☞ Gen. Hooker moves with the army in an ambulance.

MARRIAGES.

In Cape Neddick, Nov. 11, Mr. ALMON H MERROW, of Newfield, to Miss LIZZIE L WEBBER, of York.

In Dover, Oct. 31, Mr. CHARLES R. HUSSEY to Miss CLARA A. WENTWORTH—Nov. 12, JAMES H. HAYDEN, to Miss MARTHA E. DOCKUM, both of South New Market.—Nov. 15, Mr. GEORGE MATHES, of Rollinsford, to Miss SUSAN J. BUNKER, of Durham.

E. A. STEVENS,
NO. 46 MARKET STREET.

ANOTHER NEW STOVE!
THE MODEL COOK
FOR WOOD OR COAL.

The *novel—the peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. A. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Seavey, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel L. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—there is no need of leaving the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,
and Repairing pieces for most of the stoves in use.
Job Work attended to with dispatch.

J & B. 4 Market Street.

From the Journal
CITY ELECTION.

It will be seen by the warrants published that the City Election of Mayor and other City Officers takes place on Tuesday next. We know not yet who are to be the candidates. We hope Mayor Simes, who so faithfully discharged the numerous and responsible duties of the office for the two past years, will be induced to continue another year. We know it is a sacrifice, but in these time we need the services of experienced business men. We hope the public generally will feel the importance of having the *right man* to conduct our city affairs, and not fail to do their part at the ballot-box.

Last year, Mayor Simes' vote above all others was 176. Year before 134.

CITY COUNCIL.

In the board of Aldermen on Thursday evening reports were made and adopted to place a gas light at the corner of Pleasant and Manning streets, also a stone post in front of Mr. G. V. Rowe's house on Hanover street.

The committee on finance, to whom was reported the subject of issuing ten thousand dollars in fractional bills, reported that it is inexpedient.—Adopted.

The Home Guards were granted the privilege of depositing their arms in Jefferson Hall, and forty dollars granted for making the suitable fixtures.

NARROW ESCAPE.—We are pleased to greet Mr. DANIEL J. VAUGHAN, formerly in our office, who was wounded at Antietam. He was wounded in a manner which renders his escape very remarkable. A grape shot, of rough iron, more than three inches in circumference, and weighing 3¾ ounces, entered just below his left cheek bone, not two inches from the eye, taking away part of the upper jaw and several teeth; it stopped on his tongue without injuring it! The ball, which he took out of his mouth, he yet has with him. While lying in the hospital at Chambersburg he was made a prisoner of war by the rebels, and has not yet been exchanged. As soon as released, we hope Mr. V. will receive a commission in some of the new regiments, for which he is every way well qualified.

IMPORTANT BOOK.—Messrs. Walker, Wise, & Co. have in press to be published in a few weeks, an interesting volume entitled "The Results of Emancipation," by M. Augustin Cochin, translated by Miss Mary L. Booth, translator of M. de Gasparin's Works on America. It is based entirely on official reports; and its statements, which comprehend every form of the question, are fully reliable. Of it style and attractiveness, the Christian Examiner says it is "among the most remarkable, fascinating, and timely books of the year. It is, at once, cautious and eloquent, candid and enthusiastic; as sagacious as De Tocqueville's work on America; and as ardent as Victor Hugo's Legend of the Ages."

PLEASANT SIGHT it was, to see the children rushing with their baskets on Saturday noon to Market Square, where they were promised a treat of apples. There stood a large two-horse wagon well filled, and never were customers more anxious to be waited upon, or better satisfied with what they received—without money and without price. It is said the wagon came from Greenland, but the hidden giver you will have to guess until next March before you find out.

The great elevation of the barometer on the 16th, 9 to 10 A. M., seems to have attracted considerable attention. At Providence, Brown University, the altitude, reduced to the temperature of 50, and the mean level of the sea appears to have been 31.04, and at Lynn, Mass., reduced as above 31.00. At Portsmouth, 30.96.

The greatest altitude ever recorded as is believed, at any place at the sea level and in temperature of 50, was 31.125, or 31½ inches, at Boston, on February 12th, 1857.

EASTERN RAILROAD CO.—The Traveller says that the stock of this company sold on Tuesday at 87¾ to 88¼. The earnings of the road during the last quarter show a very material increase over the corresponding period of last year. It is stated that the Company have made arrangements to put forward their debt to 1871, and commence the payment of regular semi-annual dividends in January. It is predicted on the street that the market value of the shares will be considerably enhanced as soon as the financial position of the company is understood. The management of the road is in good hands. It is rumored that the January dividend will be $3 per share.

STELA MATCHES.—These are just the things for those who do not love to smell brimstone. And so neat an article too, and appropriately named: *Stela* signifies a small column without base or capital. Call at Mr. Shores' and get a box, and you will keep no others on the mantles of your keeping rooms or chambers. They do not cost much more than common matches.

The article on Oliver Wendell Holmes in the Boston Review for November, is attributed to Rev. Mr. Gage of this city.

J. C. CARR.

CYRUS.

BY RICHARD WRIGHT.

When Cyrus at the Medean court,
Cup-bearer to the king,
Omitted what his grandsire thought
A very needful thing—
To *taste* it first, and then present
The rosy, sparkling wine;—
His striking and acute comment
In temperance annals shine:

"Sire, I did not forget to taste
The banquet's brimming wine,
But feared a *poison* in the cup
Unfit for head like mine;
For I've observed your nobles act
Like men whose reason's gone,
And you are not always, in fact,
The same high, kingly one."

"In my own father's Persian land—
The land of sunny skies,
We drink but as our thirst demands,
And water satisfies!
Plain, too, in food, our people are
A brave and hardy race,
And ever most while temperance star
Holds its high heavenly place."

And see, shall we then be surpassed
By Persia's ancient race?
We, who feel proud as freemen classed,
To kings or serfs give place?
Shall we, Americans, who boast
Blessings so ancients knew,
Be less than they—to *self* be lost?
No, never! we are true!

The bowl, the goblet, wine-cup, all,
We banish from our board;
For India's shrub or berry call,
Or the fount's crystal hoard.
Thus, while our intellects are clear,
We save our pockets too;
And such, in name of temperance dear,
We recommend to you.

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Eyes, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Sites, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money, and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. H. PERRIN and J. H. THACHER, and by respectable druggists and country stores everywhere. ml5

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. Dow has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beyond his treatment, all the horrors of venereal and impure blood, such as Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Gravel, Strictures, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the mental and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The mental effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Young men, or those before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has for sale the French Capotins, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y Saw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, would call the attention of all diseases incident to the female system, Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted parson soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, he feels no fear of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April, 1862—1y Saw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y Saw.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—so it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by its use. I have sold its agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pleuring pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dreadful character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, was perfectly cured, about about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct.
JAMES SWETT.

Portsmouth, N. H., April 13, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my face. And even bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I know of no sign of the complaint recurring. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with disease at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of those complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and so I add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. P. CRAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT:—Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow worse till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I return your medicine one of the best that can be found for the disease above named. ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20o

Houses and Lands.

For Sale.

The new and commodious DWELLING-HOUSE, with the large Lot of LAND adjoining the same, at the Corner of Islington and Dover Streets, recently occupied by Mr. McKINLEY. Possession given immediately. Apply to
ALBERT R. HATCH.

Portsmouth, Nov. 4, 1861.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

This is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling out of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brandon, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pindar, James Shaw, Charles A. Hodgdon, Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes

—OF THE—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, much more desirable—and as pure of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headaches so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, each possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases or the cone, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinker, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT.

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Hysterics, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, and used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and unfermented properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL softness of the HAIR—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Advertising.
For a Square (14 inches) or less, one insertion 50 cents, three insertions $1, one week $1.50, one month $3, three months $5, six months $8, one year $15. These are Daily rates—and no advertisements receive more than one insertion in the Weekly (Gazette) without special order and charge.
Funeral Notices, and Advertisements of articles Lost and Found, &c., 50 cents.
Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; and will thus receive the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged. Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship** and **Pocket Chronometers**, and **Fine Watches**, has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,
PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE EQUATED TIME of Portsmouth at this establishment, and are invited to call.

Also Agent of
N. C. GREENOUGH,
For the sale and hire of
MARINE CHRONOMETERS.

AUGUSTINE JEWETT,
No. 7 Congress Street.
Portsmouth, Nov, 1, 1862. 3mos*

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal taint, impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Tumors, painful Swellings, and the long train of horrible symptoms attending the class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 3taw.

CAUTION

To Females In Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, may be consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt from his greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April 1, 1862—1y 3aw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y 3taw.

CHARLES T. EMERY Agent for Portsmouth.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper thereto."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (*under the Act of 1837.*)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions, and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials bel ow given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that no other office of the kind offers the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessary journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more *competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 2, 1861 aw

Notice

To all Persons having business with the Relief Committee of the City of Portsmouth

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

Portsmouth, N. H.

TUESDAY, NOVEMBER 25, 1862.

SUNDAY FUNERALS.—An effort has been made, recently, by a combination of ministers in a town in Canada West, to discontinue the practice of burials on Sunday; and a similar effort was made by a clerical association in New Hampshire two or three years ago.

The reasons assigned in both cases were nearly the same, viz. that the funerals interrupted or prevented the regular services in the churches, that they crowded too much work into the day for the ministers, and that they tended to desecrate the day and render it less useful, as a time of religious improvement.

Now there can be no doubt, says Uncle Toby, that if these ministers, or others, find these Sunday funerals burdens too great for them to bear, they should take some measures to lighten the burden,—but it is not certain that they propose the best, when they only pledge themselves to oppose Sunday funerals, except in cases of absolute necessity.

Having had occasion, during many years, to examine this subject, we offer the following suggestions:—

Is the usual burial service performed by those complaining clergymen a *religious* exercise? If so, it may properly be performed on the Sabbath. If not, they need not be responsible for it, but any one may officiate.

They would doubtless say it is religious. Then if a burial is to take place on Sunday afternoon, just omit one of the other services,—and let the funeral take its place, as is very commonly done in many country towns.

The complainers are compelled to make one exception, for they say, we urge you to have no funeral on Sunday, except in case of *absolute necessity*.

This is well, as far as it goes, but it is too narrow. There are many cases in which a Sunday burial is not indispensible, and yet it is highly desirable and proper. For example the burial of some mechanic or working man in this city.

If buried on a week day, many of his fellow workmen *cannot* attend without great inconvenience, and at a cost which they cannot well afford. And yet every one of these ministers would say it is desirable that all his fellows shall honor his memory and sympathize with his family by their attendance, which they can give without inconvenience or cost.

This class, in all New England, contains nine-tenths of all burials;—and it would be a needless and foolish imposition of hardship, if they must be taken out of the Lord's Day. But there is no must in the matter. The usage is strong in their favor, and we think the usage is good. The people will have funerals on Sunday.

No minister need to burden himself and tire the people with a *long* service. If he preaches, thirty minutes is long enough—and if he be not uncommonly dull, he can interest and benefit the audience, by seasonable and proper remarks.

THE REBELLION.

Rebel letters report Bragg to be marching upon Murfreesboro', not evacuating it, and that Jeff. Davis requires him to dispute every inch of Tennessee soil.

Nearly half of the town of St. Mary's, Fla., was destroyed by the recent bombardment.

At their request, 11 additional hours had been given the authorities of Fredericksburg to surrender the town. The city appears to be deserted.

The rebels are fortifying Port Hudson, 150 miles from New Orleans. They are bringing large quantities of salt from new salt works on Red river, and these fortifications are partly intended to prevent our troops marching on these salt works.

The rebel steamer Kelsie has been sunk by collision, 50 miles from S. C. coast.—She was one of the steamers built on the Clyde expressly to run the blockade.

☞ The Tribune's Washington dispatch says: On Friday President Lincoln, in the course of an interview with unconditional Union Kentuckians, said that he would rather die than take back a word of the proclamation. Mr. Lincoln also expressed his determination to enforce vigorous measures to rid Kentucky of rebel sympathizers, and for that purpose a new Provost Marshal General will be appointed.

☞ The War Department has issued an order releasing all persons now under arrest for discouraging enlistments, opposing the draft, or otherwise aiding the enemy, in the States where the quota has been filled. All persons who have been arrested in and sent from any rebel State for disloyalty, may be released on parole, and permitted to leave the loyal States, not to return during the war. This order does not include persons who have taken up arms against the Government.

NEW-HAMPSHIRE DEMOCRACY.

THE STATE CONVENTION.

In response to the call of the Committee, on all who are in favor of the maintenance of the Constitution as it is, and the restoration of the Union as it was [the Convention held at Concord (we continue quoting from the Boston Post's report) was very large—larger, we are assured, than at any similar convention in the State—the number of delegates being, as shown by the result of the ballot for a candidate for Governor, over 530. The utmost harmony and good feeling characterized all the proceedings.

The State Central Committee (four from each County) was constituted as follows, from Rockingham county—John R. Reding, John S. Bennett, Josiah S. James, Uri Lamprey.

The Committee on Resolutions, consisting of two from each county, had from Rockingham County—Gideon H. Rundlett, Uri Lamprey.

Gen. George Stark was President of the Convention; Hon. Daniel Marcy, Col. Rufus Dow, and ex-Gov. Steele, among the Vice Presidents; and H. F. Wendell one of the Secretaries.

SPEECH OF EX-GOVERNOR STEELE.

While the Committee are counting the votes, I wish to say one word to you, and it is this. There are probably none of you who are not somewhat familiar with the history of our country, from its beginning. You have undoubtedly heard what our fathers went through, to establish the liberty we have heretofore enjoyed; and you have unquestionably heard that when our revolutionary struggle was ended, we were a little over a hundred million of dollars in debt. We went through the second war with Great Britian, lasting three years, and when it closed, I believe we were a little short of a hundred millions of dollars in debt. We went through the Mexican war triumphantly, when our opponents threw every obstacle in our way they possibly could, and when it ended, we were less than a hundred millions of dollars in debt. Now, we have a Government in whose path no obstructions have been thrown; it has had all the men and the money it has called for, and in a little less than eighteen months, do I pay too much when I say that we are a thousand millions of dollars in debt? I think I do not overrate it. Let the war go on for another eighteen months, and is it too much to say, if the reckless extravagance with which it has been conducted is continued, we shall be two thousand millions of dollars in debt? [A voice—"Three."] Well, suppose it be not two thousand millions is enough, in God's name. [Laughter and applause.] What I want to say to you is this: when you go home, sit down to your desk, take your pencil in hand, and calculate how much this is for each individual of our population. Two thousand millions divided among the twenty millions of population—for that is all we have in these Northern States—is one hundred dollars a head for every man, woman and child. Well, many can pay that sum, but many cannot. But let me bring it more closely home to you. Let any man figure the amount that will fall upon his own town. Take any of our agricultural towns of two thousand inhabitants. What is the proportion of these two thousand millions of dollars for a town of two thousand inhabitants? It is $200,000. Can you pay it? [Voices—"No."] Well, you must pay it—you must pay the interest of it, or repudiate. [Voices—"Repudiate!" and cries of "No!"] Well, take the interest for this town of two thousand inhabitants, and it amounts to $12,000 a year. Add that to four times the amount of State tax we have been in the habit of paying, with our counties and towns already in debt, and where are we?

Mr. Lamprey said he had been requested by a hundred or more persons to introduce them to a gentleman who had suffered incarceration at the hands of the Government, without trial, and as it was impossible for him to comply with that request, he would ask leave to introduce to the Convention Dr. Nathaniel Batchelder, of Epping. [A voice—"Three cheers for him"—and three hearty cheers were given.]

SPEECH OF DR. BATCHELDER.

Dr. Batchelder came forward to the platform and said this was something he did not expect. He was nothing but a live rebel. He had been taken captive, not by the Indians, but by Jacob H. Ela, (U. S. Marshal) and locked up in Fort Constitution for forty days because he was in favor of a Government for white men and not for niggers. A negro was not the same as a white man. If any minister would prove from the Scriptures or from history that a negro was the same as a white man, he would give him a hundred dollars. His very physical constitution proved that he could never have sprung from Adam. [Laughter and applause.] He went in for the rule of the whites. Gov. Berry issued the warrant for his arrest; the Government did not know he was imprisoned until he had been confined three weeks. He (Dr. B.) was death on ministers. They had been praying and preaching about the nigger for 20 years, and had given them to the people for breakfast, dinner and supper, and for lodging, too. [Applause and laughter.] He did not know as it was so in all the towns, but in his town, the minister had been settled for six years, and there had not been a solitary conversion in all that time, so far as he knew, and he thought he should have heard of it if there had been one.

SPEECH OF MR. HUNTOON.

Mr. Huntoon, of Unity, said he wanted to cite, in confirmation of what Dr. Batchelder had said, the 23d chapter of Matthew, where the Savior, speaking of the priests of his day, said, "Ye have done those things you ought not to have done, and left undone those things you ought to have done." He calls them "fools and blind guides," who "strain at a gnat and swallow a camel;" who "compass sea and land to make one proselyte, and when he is made, make him two fold more the child of hell than themselves." He wanted to ask if the Savior did not mean to describe, by this language, the character of a priest, from that time to this, and, as he feared, for all coming time.

One other thing he wanted to say. The Democratic party, at the commencement of this war, found themselves in a sad predicament. It was well known to all that in all the wars in which the country has been engaged we have not only had the foreign foe to oppose, but internal foes worse than the external ones. The Democratic party held the opponents of the Government in utter detestation, and when this outbreak occurred, they would not tread in their footsteps. The Government they had under Abraham Lincoln was the only Government they had. He laid down the doctrine that he went for the Constitution and the restoration of the Union, and the Democratic party sustained him, because they always loved the Constitution of their fathers, and the Union as they had received it, and they wished to sustain it now. But they found now that they have been cajoled The Democratic party had been deceived worse than any party that ever existed on God's earth, and they now found their hands tied, and that they were in dirty hands. If the Northern people could all go into this contest with clean hands and truthful tongues, they could do a great deal better.

A little cloud of hope was rising in the West, and what they had to do was to use their best exertions to create a revolution in our country that should turn those men out of the places they occupy, and put in better; and when they had done that, perhaps they might do something for the country. It might be a little offering for a restoration, but he feared for the result; he feared it was too late. He wished every man who loved the Constitution and the Union to use his best exertions, and to do what he could in this contest, for if we did not succeed now, we were gone forever.

The Committee appointed to wait on Mr. Eastman and inform him of his nomination for Governor (of which Mr. W. A. Putney was Chairman) here entered the hall, accompanied by that gentleman, who was greeted with enthusiastic cheers. When the cheering had subsided and quiet was restored, Mr. Eastman addressed the Convention as follows:—

SPEECH OF HON. IRA A. EASTMAN.

Mr. President and Gentlemen of this Convention:—I say to you with all sincerity and truth, that I wish your nomination could have fallen upon some other man. I feel, gentlemen, that I am incapable of assuming the responsibility of chief magistrate of the State of New Hampshire; and were I to consult my own feelings or my own interests, I surely should decline this nomination. But, gentlemen, I feel that these are times when every man is called upon to perform his duty, and to perform the duty that shall be assigned him by the people of his State. Gentlemen, I accept the nomination. [Loud cheers.] If I shall be defeated, I shall quietly acquiesce in the will of the people; if I shall succeed, my best powers shall be devoted to the interests of our beloved State and of our whole people. [Applause.] Gentlemen, so far as national affairs are concerned, let me say here, in one word. Let us be loyal; let us be true to the Constitution; let us be true to the laws; let us go for the Constitution as it is and the Union as it was. [Loud applause.] That is the platform on which I stand, and it is the platform on which I believe the people of the State of New Hampshire stand, and I trust it is the platform on which the people of this great country will all stand. Gentlemen, radical abolitionism must be put down [loud applause] or this great and glorious country will be rent into fragments, or else we shall find ourselves at last brought under the iron rule of military despotism. I thank you, gentlemen, for the confidence you have shown in me in this nomination. I trust you may be successful next March, not on account of any personal considerations, but on account of those principles which I think should and must prevail, or we are all gone to destruction. [Applause.] But when I look through this hall, and when I see these streets filled as I saw them last night, I feel there is a redeeming principle and power in the State of New Hampshire that will place our good old State, on the second Tuesday of March next, where she ought to be, true and loyal to the Constitution and the Union—the Constitution as it is, and the Union as it was. [Loud Applause.]

NEW HAMPSHIRE ITEMS.

—— The Manchester Mirror tells one of the strongest stories of a runaway horse that we have recently seen. It seems that on Friday afternoon Mr. Simon D. Leach, of Londonderry, was riding in Manchester, having a little girl with him in the wagon. The horse took fright, ran, and in turning a corner, whirled the wagon up on the sidewalk, and flung the wagon, Leach, and all against the show window of a crockery store, and Leach through the window, smashing two large lights, and making confusion among the fancy articles. The multitude rushed to the spot and a hundred voices actuated by one impulse cried out "Where is the little girl?" Some women, wringing their hands and deadly pale, anxiously asked the question, "Where is the old man?" But the rebound sent him and the wagon back right side up, *and he in*, in the twinkling of an eye, but as they went off the sidewalk the wagon cramped and he was tipped out forward of the wheel and by the horse's heels; he gathered the reins tighter and hung with the grasp of death, his shortened hold keeping him from being run over, but what saved him from the heels it is impossible to say. The shock and his weight upon the reins slackened the horse and some men grasped him by the head. The little girl was all this time clinging like a kitten to the wagon, though the seat was thrown out. She was caught out of the wagon at the instant the horse was seized, and in another instant the wagon was bottom side up. The moment she was landed she rushed up the sidewalk like a frightened animal, and men and women ran after her, supposing she was crazy, stopped her and asked where she was going. "I want my father—I am going for my father. Do let me go," she hurriedly cried. "Your father is not that way; he is the drug store, and not hurt much," was the response. "*He* is not my father; my father is William Parker at Robinson & Parker's shoe store," she said, and left like a rocket.

—— Capt. Butterfield, Capt. Fowler, and Surgeon Fowler and son were captured by Stuart's cavalry at Warrenton, Nov. 18, all of them of the N. H. 12th regiment.

—— The 16th regiment left for New York, on Sunday morning, to join General Banks' forces.

☞ Gen. Godfrey Weitzel, in whose Brigade the Eighth New Hampshire Regiment served in the recent battle near New Orleans, is the youngest Brigadier General in the army, not having completed his thirtieth year.

☞ The Portland Advertiser states that in that city there is a cow that possesses some instincts quite above her race. When pies and other good things are placed on the table to cool near the window, the cow gently puts her horns against the sash and raises the window, and eats up the pies and cookies. Some time ago she ate up a baking of squash pies, and last Saturday "twixt the gloaming and the mirk," she feasted on six excellent mince pies which "Hannah" had prepared for the family and boarders.

☞ The body of William Fitzer, of Malden, another victim of the accident on the Boston and Maine railroad has been recovered. This makes the fifth body recovered, and two more, those of Richard Hiatt of Malden, and John Rafferty of Somerville, are yet missing.

P. S. The body of Mr. Hiatt was found on Monday afternoon.

RARE CHANCE.

A Grover & Baker SEWING MACHINE, with elegant rosewood box—and the only pattern they make, to run by hand or foot—which cost $75 in Boston, has been used but little, and is just as good as new—will be sold for $40 cash—no less. Inquire at the Chronicle Counting Room. nov25*3t

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvement it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

WENDELL & MOSES,
Dealer in Crockery, Fancy Goods, &c.

J. F. SHORES, JR., No. 1 Congress Block, has just received from the manufactory a large lot of

STRELA MATCHES.

These matches are without sulphur and without smell in burning, which adapts them for the Sick Room, the Parlor, or for general use, being nearly as cheap as any other kind of Matches. They are put up in boxes of 150 matches, and are sold at the low price of 25 cents per box, or 12 boxes containing 1800 matches for 25 cents—being 72 for a cent!

Dealers supplied at the manufacturer's price.

Hampton Academy.

JOSEPH C. BARRETT, A. M., Principal.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to premature GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints of the FEMALE SEX. To all cases they are invaluable, *inducing, with certainty, perfect regularity*. They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America*.

Explicit Directions, stating when they should not be used, with each Box.—*Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

CITY ELECTION, to-day, in Portsmouth, but so quiet is everything, that but for the legal appointment of the day, one would hardly know that so important an event is to transpire. Mr. Reding is the Democratic candidate, and Jonathan Dearborn, Esq., the Republican, for Mayor.

☞ The general caucuses of the two political parties, which were held on Monday evening,—the Republican at the Court House, and the Democratic at Jefferson Hall,—were both quite largely attended, and much interest in the matter of choosing candidates to be supported for Mayor was manifested.

Of the Republican caucus John H. Bailey, Esq., was chosen chairman, and Messrs. J. D. Pillow and E. M. Brown, secretaries. On the informal ballot, the vote stood—Jonathan Dearborn, 149; William Simes, 40. It had been pretty generally understood, we believe, that Mayor Simes, having served two years, did not wish to be regarded as a candidate for a re-nomination, and previous to the formal vote, the following letter was read:—

PORTSMOUTH, Nov. 24.

C. C. WHITTEMORE, Esq., Chairman,

Dear Sir:—I beg leave to decline the use of my name as a candidate for re-election to the office of Mayor, for the ensuing year.

I shall be most happy to co-operate in the support of the nominee of the caucus.

Very respectfully, your obed't serv't,
WILLIAM SIMES.

Pending a motion to nominate Jonathan Dearborn, Esq., by acclamation, remarks were made by J. P. Morse, and A. W. Haven, Esqs., and Col. Gookin, eulogistic of the manner in which Mayor Simes has discharged the duties of his office; and Charles Robinson, Esq., made some allusion to the time when the question of bounties was being agitated: after which the motion was carried, there being two or three dissenting voices.

Messrs. Franklin Smith, Sam'l Gookin, and A. L. Jones were appointed a committee to wait upon Mr. Dearborn and inform him of his nomination. They having attended to that duty, Mr. Dearborn returned with them to the meeting, and with a few remarks accepted the nomination.

Sampson B. Lord, Esq., was chosen chairman of the Democratic meeting, and Mr. Augustus Walden, secretary. The nomination of Hon. John R. Reding, for Mayor, was unanimously ratified. Addresses were made by A. R. Hatch, Esq., Hon. Richard Jenness, Hon. Daniel Marcy, W. B. Russell and G. L. Rundlett, Esqs., deprecating extravagance in the management of the war, and urging the lovers of the Constitution as it is and the Union as it was, to rally to the polls on the morrow.

OUR VOLUNTEERS.

Capt. Jenness's Company of 9 months' Volunteers will leave this city this P. M. at 4 o'clock. It being the last Company of Volunteers and fills up the quota of our city under the last call, the following arrangements have been made by the City Government for their departure:—

A Procession will be formed on State street with the right resting on Pleasant street, in the following order:

Band;
Home Guard—Col. Beck;
City Government and invited guests;
Engine Co's. according to their No's.;
Board of engineers;
Capt. Jenness's Company of Vols.

The above bodies are requested to form as promptly as possible at 3 o'clock.

The bells of the city will be rung at 2 1-2 o'clock, at which time all the store keepers are requested to close their places of business, and remain closed until the departure of the Company.

Persons having flags throughout the city are requested to display them during the day. COM. ARR.

☞ We understand it is the intention of the Home Guard to make a military presentation of a splendid sword, sash and belt to Capt. Isaac F. Jenness, Co. A, 17th regiment,—the presentation to take place this, Tuesday, afternoon at 3 o'clock, in front of the Custom House. The sword can be seen this morning at Mr. Henry S. Bodge's Jewelry store. The Home Guard will meet at two o'clock P. M.

☞ The body of Mr. Benjamin D. Watson was brought to this city for burial, on Monday, from Concord, he having died in the State Prison, where he was confined on a three years' sentence for stealing money in this city. He had served about two years of his time, and was, we believe, about 35 years of age.

☞ The Freeman's Bank, of Bristol, R. I., was robbed between Saturday and Monday of $15,000 in bills of various banks, and of a large quantity of bonds, notes, and other papers. The specie was not taken.

☞ The people of Washington Territory are troubled with highway robbers, who infest the mining region. A Vigilance Committee hung four of the rascals on the 9th inst., at Florence City and Lewiston.

☞ At an inquest in London on the body of a child, who died from insufficient food, it was elicited from the testimony of the mother that she (the mother) had to support herself and five children by making flannel shirts at three pence a-piece, she finding needles and thread. The united labor of the whole family, working the entire day and the greater part of the night, enabled them to make three shirts.—The "shoddies" here are precious little better in their pay.

☞ As the three hundred and odd Indians condemned to be hung were passing through the town of New Ulm, Minnesota, last week, the sight of them exasperated the people most intensely. They turned out *en masse*, and pelted them with sticks and stones till they got through the town. One woman, watching her chance, darted between a file of soldiers and knocked down one of the Indians with a club.

☞ There is great activity on Governor's Island, and all the fortifications in New York harbor. Immense guns, ammunition, &c., are collected, and preparations are in a forward state to meet any probable emergency.

☞ Gen. Anderson, of Fort Sumter fame, has been assigned to the command of the troops and fortifications surrounding Corvington and Newport, Ky.

MARRIAGES.

IN Greenland, Nov. 18, by Rev. Mr. Robie, Mr. JOSEPH MOULTON, of the firm of Moulton & Blaisdell, of this city, to Miss FLORENCE E. BLAISDELL, only daughter of Albert Blaisdell, Esq., of Greenland.

DEATHS.

In North Berwick, Me., of consumption, Mrs. OLIVE J. JOHNSON, aged 31 years and 9 months, wife of Mr. George Johnson.

In Dover, Nov. 15, Mrs. SARAH FOSS, aged 77 years, relict of the late Nath'l Foss, of Stratford.—Nov. 14, ANNIE SAYLES, aged 7 years, 5 mos., eldest daughter of Capt. Sam'l F. Sayles.

E. A. STEVENS,
NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The novel—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking, giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Store, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mr. Jewett, Mr. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Humphrey, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. S. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Sentes, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel G. Dixon, Daniel J. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Furnald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quality of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Notice.

THE CO-PARTNERSHIP heretofore existing under the firm name of FERGUSON & GARRETT is this day dissolved by mutual consent.

All persons indebted to said firm either by note or account, will please call and settle the same without delay; and all just demands will be paid when presented for settlement. Either party is allowed to settle the affairs of the late firm.

STEPHEN FERGUSON,
HENRY L. GARRETT.

Portsmouth, June 10th, 1862.

Having bought the interest which Mr Henry L. Garrett had in the late firm of FERGUSON & GARRETT, the undersigned will continue the

Grocery & Provision business,

at the same place, trusting by strict attention to business to receive a share of their patronage. STEPHEN FERGUSON.

Portsmouth, June 10th, 1862.

American Union Store.

The Subscriber respectfully gives notice that he has taken the

STORE NO. 30 MARKET STREET,

lately occupied by J. B. UPHAM, Esq., for a

Retail Grocery and Provision Store!

And by strict attention to his customers, he hopes to merit a share of the public patronage.

H. L. GARRETT.

Portsmouth, Aug. 8, 1862.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon the children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous diseases.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made where all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the germs of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 20, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—and it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla and Wm. Swett's Panacea, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected, by it; since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prescribed, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE H. SWETT.

This statement of my wife is correct.
SIMEON SWETT.

Portsmouth, N. H., April 13, 1851.

I have been greatly afflicted with a Humor called the Scurvy, or Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I find no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1852.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it. I took Swett's Panacea and Humor Wash until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1853. Dr Swett:—Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and we (add that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints.
WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to several physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the diseases above named. ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may30

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage so liberally bestowed upon the public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-oven attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brag-don, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Flanders, James Shaw, Charles A. Hodgdon; Charles Simpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about erecting or remodelling their buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, mostly of fresh air—and at none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headaches so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, " Charles H. Mendum,
Henry F. Wendell, " John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle laxative, Diaphoretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

Gen. W. Scott, U.S.A. Dr. Ward, Newark,
Gov. Morgan, N.Y. State Dr. Wilson, 11th St., N.Y
Dr. Parker, N.Y. City Dr. Dougherty, Newark
Dr. J. R. Chilton, " Dr. Parish, Phila.
Drs. Darcy and Nicholl, Newark, N. J.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J." is over the cork of each bottle.

Make One Trial of this Wine.

For Sale by W. R. PRESTON, Portsmouth.

The trade in Boston supplied by G. C. GOODWIN & CO., and WEEKS & POTTER.

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1840; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade, crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren all mankind.
Love truth; do good, be just and fair with all;
Exalt the right, though every item fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. Hanaford, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers, and Fine Watches**, has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,

PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE SQUARED TIME of Portsmouth at this establishment, and are invited to call.

Portsmouth, Nov. 1, 1862. 3mos*

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and Limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y Staw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. He is positively certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 9 A. M. to 9 P. M.

April7, 1862—1yStaw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 9 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon, do well to give him a call.

P. S.—Dr. Dow imparts and has for sale a new article, called the FRENCH SECRET. Order by mail. Three for $1 and a red stamp.

April 7, 1862—1yStaw.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may select the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, Executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The time principle of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, to good question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful practitioners* with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and skill on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice rejected* applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 2, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angeles" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the success of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, NOVEMBER 26, 1862.

THE REBELLION.

The rebel force at Fredericksburg is understood to be 20,000 men. Gen. Longstreet assumed command last Wednesday.

Gen. McClerland's Mississippi expedition, it is said will be ready to move about the 5th of December.

The Union men are making armed resistance to the conscription in several portions of Tennessee.

Jeff. Davis has directed the rebel commandant of the Mississippi department to demand the immediate surrender of Gen. McNeil, for "the murder of ten Confederate citizens of Missouri" by his order, and if this request is not complied with, to inform the commanding officer that orders had been issued by the rebel government to execute the first ten U. S. officers who may be captured and fall into their hands.

A dispatch to the Times, from Sigel's headquarters 24th says: "Such information has been received at these headquarters as leaves no further room to doubt that the entire Northern portion of Virginia has been abandoned by the rebel troops. Jackson has gone towards Richmond." The Herald's despatch from Harper's Ferry, says Jeff. Davis sent a despatch to Jackson saying:—"If you do not leave the valley at once and come to help us to defend Richmond, it will not be worth your while to come to its defence at all."

A Washington letter to the N. Y. Commercial, dated 23d, says it will not be wondered at if Longstreet finds Gen. Hooker in his rear, unless he has this morning skedaddled back to Richmond.

☞ La Paz, Bolivia, was bombarded by President Acha, Oct. 16, and after a severe fight of six hours his troops carried the town by storm, with a loss of 300 killed and mortally wounded. Gen. Perese and other leaders of the rebellion escaped on the night of the 16th. The President displayed much moderation after capturing the rebellious capital. The feeling against foreigners is intense, and they have already suffered in property. Fears are entertained of an attack on their persons.

THE MYSTIC TIE.—The Washington Chronicle says there are strong grounds for believing that the reason why the Alabama permitted the Tonawanda to continue on her voyage to Europe on giving a bond of $60,000 as ransom, was that the commanders of the pirate and the merchantman had known each other as Free Masons.—When Capt. Julius reminded Semmes of this, the result was letting the vessel go ransomed by the bond, instead of plundering and burning it.

☞ The English Government has dissented from the French proposal for mediation in America. Earl Russell, in his reply to the circular of Drouyn de Lhuys, deprecates any haste, and wishes to await the progress of events. The dispatch of Earl Russell has produced no effect commercially. The Paris Moniteur, in some editorial comments, considers it only an adjournment of the question, and progress of peace opinions in America.

☞ We are again told that the "resources of the rebels are nearly exhausted." This may be so, but we have yet seen no evidence of it. Wherever they have been met, they have shown no lack of ammunition or artillery. They seem to have a larger supply of arms to-day than they had a year ago, and their numbers (however obtained) have kept even pace with our own in every battle yet fought.

☞ The aggregate vote of Illinois at the recent election was 251,275—being a falling off 32,319. Reps. had 52,086 votes in the army, and their opponents less than half as many. The Democratic majority was about 18,000.

In Iowa, by the official count, the Republican majority is between 15,600 and 16,000. This includes the soldiers' vote. Without that vote, the Republican majority is over 5000. There is about the same majority on the Congressional ticket. Grinnell, who was beaten by the home vote, has a majority of 1,500 with the soldiers' vote.

☞ There have been dreadful political murders in Japan. A lady and three gentlemen were attacked by a Daries and his retinue on the high road. Of the party two were murdered and the rest escaped. The vengeance of the foreign merchants was averted by the British Minister.

☞ George Francis Train says that McClellan has fortified Washington so well that no army can reach the White House, but the army of contractors.

☞ The Sultan of Turkey is getting up an iron clad navy. Four "screws" are building for him in England.

Rulers wield the people, but schoolmasters wield rulers. Powerful people are schoolmasters.

NEW HAMPSHIRE ITEMS.

—— Col. Fellows of the 9th regiment, has resigned in consequence of ill health, and has arrived at his home. Quartermaster Carlos B. Hutchings, of the same regiment, has also resigned for the same reason. They left the 9th at Warrenton Junction on the 17th. Lieut. Col. Herbert B. Titus, who was wounded at Antietam, rejoins the regiment this week. The 5th, 6th, 10th and 11th regiments were also at Warrenton Junction on the 17th.

—— The members of the N. H. Battery, who were taken prisoners by the rebels two months since, have been exchanged and ordered to report for duty at the camp.

—— Lieut. Col. Abbott of the 7th Regiment, has opened a recruiting office at Nashua. A large number of men are wanted to fill up the 7th, which is stationed at St. Augustine.

—— Mr. Thomas Folsom, of Raymond, a valuable citizen, good neighbor and friend, was found dead in his shop on the 12th inst., about 20 minutes after he was seen going into it. He died of disease of the heart. His age was 66 years.

☞ Lieut. Maury and three or four other Southrons arrived at Halifax a few days since, from Bermuda, and left in the Asia for Europe. Maury goes out with the rank of Commodore, probably to take command of one of the rebel vessels now building in England.

☞ "Occasional," of the Philadelphia Press, says he will not be surprised if long before the meeting of the next Congress, a full Republican delegation is chosen from Florida, representing the free people of that State, and sustaining the principles and policy of the present Administration.

☞ The new Richmond correspondent of the London Times, who glorifies the rebellion and libels our Government with so much gusto, is reported to be the Irish expatriot John Mitchell, whose longing for a well-stocked plantation was so warmly expressed a few years ago.

☞ Governor Olden of New Jersey, has appointed Richard S. Field, of Princeton, U. S. Senator to fill the vacancy occasioned by the death of Hon. John R. Thompson. The term expires on the 4th of March next.

☞ The specie export from New York last week was quite heavy, amounting to $2,457,529, of which Saturday's European steamers took out $1,589,369. The specie export of the previous Saturday amounted to $1,894,708.

☞ Karl Maasch, a demon in human form, has lately been tried and condemned in one of the criminal courts of Prussia, and found to have been concerned in thirteen murders, and several hundred robberies.

☞ Gen. Frank Patterson was accidentally killed in his tent at Fairfax Court House, a few days since. He kept his pistol under his pillow, and while in the act of changing it from one hand to the other on awakening, it was discharged.

The market for Kerosene Oil has been excited and unsettled throughout the week. The Company declined to make any price at the factory on Wednesday, having large orders in advance to fill, which produced somewhat of a panic with speculators, and prices ranged on Thursday at from 85 cents to $1. On Friday sales were made at 88, 85, and 90c. The market closed unsettled, some offering at 85c, others holding for 90c and $1. Linseed and Whale Oils remain firm at recent advanced prices, with an upward tendency.—*Portland Price Current, 24th.*

☞ Governor Rector, of Arkansas, has resigned. Judge Fitch is acting Governor until Flannagan, the Governor elect, is installed.

☞ Some astrologer predicts that Dec. 25th is the only lucky day for marrying this year. Marriageable young persons will please make a note of this.

☞ They thought they saw the Alabama off Machiasport, Me., last week, and people at that place are highly excited at the idea of Semmes so near home.

☞ They say President Lincoln pays an income tax of $1220 per annum out of his salary, notwithstanding he is specially exempted by law.

☞ Rev. Parsons Cooke has retired from the position as editor of the Boston Recorder, on account of ill-health. Rev. E. P. Marvin of Medford succeeds.

☞ Strong efforts have been made by influencial Union citizens to have Major Gen. Wool retained in his command at Baltimore, and the President has acceded to their wishes.

☞ Brig. Gen. Saxton, military Governor of South Carolina, has appointed Thursday, the 27th day of November, as a day of public thanksgiving and praise.

☞ Second-hand flour barrels sell for 50 cents a piece in Philadelphia, and new ones can scarcely be obtained at any price. It is proposed to create an establishment for making barrels by machinery.

Vanity Fair says we hear a deal about suspending the habeas corpus; but when the Government catches a traitor why doesn't it suspend the corpus and let the habeas go?

☞ The Boston Saturday Evening Gazette contains a well-merited tribute to the memory of Mr. James D. Harris, a native of this city, and well known to many of our citizens. He was a member of the 30th Mass. Regiment, and was drowned at New Orleans Nov. 4th, aged 26. Mr. Harris, the Gazette says, "was one of the earliest to respond to the call of the President for the defence of the Capital, and left a lucrative situation in New York to serve in the 7th. He returned, to find himself denied the situation he had left, when he directed his attention again to the service of his country, and, actuated by the truest patriotism, enlisted as a private in the Mass. 30th, Col. French, whose friendship he enjoyed, and who subsequently procured him a sergeant's warrant. He participated in the fortunes of the 30th, and was in the battle of Baton Rouge, rising from a sick bed to take part in the contest. He suffered a relapse, from which he had not recovered when he again took part in active service, and was engaged in aiding the removal of the regiment to New Orleans by steamer. Standing upon the wheelhouse, superintending the embarkation, he accidently fell into the river and immediately sunk. He was a good soldier, and an exemplary young man in private life. He will be mourned by a large circle of friends,—another martyr in a glorious cause."

☞ About 3 o'clock on Sunday morning, Barney Ford, a notorious character, and known to the police and courts for at least fifteen years, entered a saloon on North street, Boston. A quarrel ensued between him and Michael A. Sullivan.—The result was that Ford was stabbed between the ribs, in the abdomen and other vital parts, and died within ten minutes.—Sulivan was arrested. He alleges that he did nothing that was not necessary to defend himself. Ford was 29 years of age.—He kept a liquor store on North street, which had lately been fitted up at a heavy cost. He had made a handsome sum by obtaining recruits. Most of these came from New York; and so far as is known have returned there. Very few are in camp; and fewer still have gone to the war.

☞ Gen. McClellan has declined the proffered public reception in New York city, by a letter in which he expresses his appreciation of the action of the municipality, which he regards as one of the highest honors which can be paid to a citizen of our country,—at this particular moment especially gratifying to him. At any other time he would gratefully accept the proffered honor, but he did not feel that it would be right for him to do so, while so many of his former comrades are enduring the privations of war, and, perhaps sacrificing their lives for our country.

☞ Of the three families in Malden who were bereft of the husband and father, by the late disaster on the B. & M. R. R., it is a remarkable fact that in each family there are six young and dependent children; making 18 in one neighborhood, almost within a stone's throw of each other, who are left fatherless and unprovided for.

☞ The body of Wm. Fitzer, who was killed by the recent accident on the Boston and Maine railroad, was recovered on Monday. No others are now known to be missing.

A MODERN PYTHIAS.—It is stated that one of the victims ordered to be executed at Palmyra, Missouri, on the 18th inst., was a man who had a wife and seven children dependent altogether upon his daily labor for their support. A young man knowing the condition of the family, offered himself as a substitute for the husband and father, was accepted, and was one of the ten who was shot.

☞ Side-wheel steamer Augusta lies in Hampton Roads, waiting to convoy the expedition preparing to start from that point. Com'r Enoch G. Parrott has command; Joseph Foster, also of this city, is Captain's Clerk. Her armament consists of 1 100-pounder (Parrott;) 2 32 pounders (Parrott;) 6 8-inch guns, and 1 Dahlgren.

☞ The President has issued an order giving the Attorney General the superintendence and direction of the seizure and confiscation of the property of rebels and traitors, and authorizing him to call the military force to his aid whenever there may be reasonable ground to fear any forcible resistance.

THE REBELLION RECORD has reached its 24th monthly part, completing the fourth volume. It is supplied with a copious index, and the volume contains twelve fine portraits engraved on steel, besides many maps and diagrams. It is invaluable to all who wish to keep posted in regard to the war to put down the rebellion.

☞ The War Department has commenced the publication of the names of dismissed officers for, among other causes, being absent without leave, intoxication, disrespectful language towards the President and commanding officers, cowardice, etc.—The first printed list comprises 81 Captains and Lieutenants.

☞ The St. Louis Union states that Gov. Gamble has become an emancipationist.

☞ It is said that Gen. Pope has been ordered to St. Louis to relieve Gen. Curtis.

☞ Gen. Sigel had a grand birthday celebration on Sunday.

LOST, Monday P. M., on Daniel or Congress st., a green Cashmere Cape, with chinchilla trimming. The finder will be rewarded on leaving it at No. 45 Daniel st.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a premature GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints incidental to the Female Sex. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, through out the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills sent *by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

For sale in Portsmouth by THACHER and PRESTON.

Local.

CITY ELECTION.

The annual election of City Officers for Portsmouth, took place on Tuesday. The day was fair and the weather warm; and the meetings were still and orderly. The election was made on national politics distinctly.

The Democratic candidate was Hon. John R. Reding, who had 479 votes; and the Republican was Jonathan Dearborn, Esq., who received 705, and there were 4 scattering. This gives Mr. Dearborn 222 majority. In 1861, Mr. Simes had 176 majority; in 1860, he had 134.

☞ The Democracy of Ward 3 were quite jubilant last evening over their success in their Substopol. They were out with the Portsmouth Cornet Band, and visited the residences of several prominent members of the party, including Aldermen Marcy and Rider, and congratulatory speeches were made.

☞ The present City Government and the City Government elect for 1863, Overseers of the Poor, and all others who feel an interest in the welfare of the poor of the city, are respectfully invited to visit the Alms House on Thanksgiving day between the hours of 11 to 12 o'clock.

The House will also be open for all who choose to visit it, from 2 1 2 till 5 o'clock P. M. B. NORTON, Sup't.

☞ Capt. Jenness's Company of Volunteers returned to camp on Tuesday afternoon. The Home Guard, City Government, Engine Companies, etc., escorted them to the depot. Previous to their departure, a sword, sash and belt were presented to Capt. Jenness by the Home Guard, Mr. James H. Head making the presentation, in a neat speech, and Capt. Jenness fittingly responding.

THE BARKER FAMILY give one of their popular Concerts at the Temple, this (Wednesday) evening. They used to give capital entertainments, and we don't believe they have forgotten how to do it now.—Their tickets are low enough, and we hope they will have a house full.

☞ Mr. Stephen Hull gives a "Grand Ball" at Union Upper Hall, this (Wednesday) evening. Tickets only 25 cents. Music, Chase & Gilpatrick's Quadrille Band.

There is also to be a "Social Dance" in Union Lower Hall, this evening. Music, Turner's Quadrille Band. Tickets 25 cts.

☞ Auction Sales at both Mr. Wendell's and Mr. Adams' Rooms, to-day and evening. Varieties.

Mrs. H. A. Stevens wishes to return thanks to the brethren and friends in the Christian Church, for her surprise donation received Nov. 24th. "Visit the widow and the fatherless; your presence will aid them much—it may heal the broken heart, may win them to Christ. And my prayer is, that God will restore to you all, an hundred fold in this life, and in the world to come, life eternal. n26*1t

MARRIAGES.

In Laconia, Nov. 20th, by Rev. Dr. Young, Mr. John H. Tilton to Miss Eliza T. Melcher, daughter of Woodbury Melcher, Esq.

DEATHS.

In this city, Nov. 19th, Mary Louisa Hunton, aged 13 years 1 month, daughter of James and Julia Huntoon.

In Rollinsford, Mrs Lydia Murrons, aged 88.

In Sanbornton, Mrs Sophia Sanders, aged 70.

At the Marine Hospital, Mound City, Ill., 8th Nov., Mr. Alfred Whitehouse, of Dover, 49.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Arr 24th, sch Hannie Westbrook, Littlejohn, New York

sch Frances, ——, Bangor.

☞ Ex-Pres. Buchanan has written another letter, in reply to Gen. Scott and intended to close the controversy. He says that he has already furnished clear and distinct responses to all the allegations of Gen. Scott, and that the most conclusive answer to the alleged stealing of public arms by Floyd is that notwithstanding Floyd's boasting at Richmond, "no public arms were ever stolen."

☞ They tell of a church in Jersey, where some of the congregation commence reading newspapers, as soon as the clergyman begins political sermons.

☞ See you fair maiden in another column, picking Samburi Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. Only $1 per year, in advance.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

E. A. STEVENS,

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *secret—the peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3-feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened; and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Batt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Ackerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel J. Pryor, Cushman Pryor, of Trefethens Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Binsdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben F. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with the confidence that it merits

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very simple—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made. The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove. Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coat hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Morning Chronicle.

☞ On the 21st of April, 1861, the frigate United States, one of the first vessels built for the navy, was destroyed at the Gosport Navy Yard. She has rested in Elizabeth river until recently, when she was raised, and is now to be converted into an iron clad man-of-war. Her live-oak timbers have not been impaired by age or immersion, and she can be made as staunch as a new vessel. The United States was built at Philadelphia, in 1797, and was rated at forty-four guns.

☞ In New York, a betrayed girl, of good family, after horrible suffering from the hands of an abortionist, was taken from her death bed, given some gin, hurried into a carriage, and pushed into her father's drawing-room, where she fell exhausted, and was soon a corpse. The doctor and nurse are under arrest, and the police are on the track of the seducer.

HARBOR DEFENCES.—We learn that the visit of our Mayor to Washington, in relation to defences of Portland harbor, was successful. All the requests he made of the Secretary of War were promised to be complied with. Fort Scammell will be garrisoned, and such a supply of ammunition and equipments as may be needed, will be immediately furnished.—*Portland Press.*

☞ On Friday last at Hampton, Mass., a boy named Lufkin, aged about 13, was killed by the discharge of a gun in the hand of another boy named Whitney. It is the old story,—gun not supposed to be loaded.

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 18th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that had baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Broken Bones, Scald Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Breast Eruptions, Sore Nipples, Chilblains, Whitlows, Itch, Sties, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. The Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 32 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 28 cents—or three boxes for one dollar.

For sale in Portsmouth by WM. S. PRESTON and J. H. THACKER; and by respectable Druggists and country stores everywhere. m10.

Notice.

THE CO-PARTNERSHIP heretofore existing under the firm name of FERGUSON & GARRETT in this city dissolved by mutual consent.

All persons indebted to said firm, either by note or account, will please call and settle the same without delay, and all just demands will be paid when presented for settlement. Either party is allowed to settle the affairs of the late firm.

STEPHEN FERGUSON.
HENRY L. GARRETT.

Portsmouth, June 10th, 1862.

Having bought the interest which Mr. Henry L. Garrett had in the late firm of FERGUSON & GARRETT, the undersigned will continue the

Grocery & Provision business,

at the same place, trusting by strict attention to business to merit a share of the patronage of their patronage. STEPHEN FERGUSON.

Portsmouth, June 10th, 1862.

The Subscriber respectfully gives notice that he has taken the

STORE NO. 88 MARKET STREET,

lately occupied by J. B. UPHAM, Esq., for a

Retail Grocery and Provision Store;

And by strict attention to his customers, he hopes to merit a share of the public patronage.

H. L. GARRETT.

Portsmouth, Aug. 8, 1862.

MATHEWS' Arnica HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth, and strengthens roots, it gives a gloss against all disease.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operation in this particular is magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and permanent, the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

A. J. MATHEWS, General Agent,
may23 eod6m 16 CEDAR ST., NEW YORK.

☞ ATTENTION, THE WHOLE! ☜

EAST N.H., Feb. 24, 1856. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. Large sums have had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some few or twelve bottles of Dr. Swett's PANACEA, and several bottles of his Humor Wash, which has effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to apply it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my breast was fully cured in about two months, and I have had no trouble from it since. CAROLINE H. SWETT.

This statement of my wife is correct.
SIMEON SWETT.

Portsmouth, N. H., April 15, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing much pain and loss of sleep. And several bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I consider this medicine to be the most sure remedy for the humor. HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with this disease, my stomach loses all appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. DOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and yet, I add, that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints." WM. P. LEAVITT.

From ELDER I. CHENLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHENLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

Paint Shop to Let,

NO. 183 CONGRESS STREET, lately occupied by E. D. CORSER. Apply to
July22 W. FREEMAN,
16 Congress St.

To Let,

The two lower stories of STORE No. 22 BOW Street, on the Wharf, recently occupied by Capt. WM. DAY. The premises are handy for the storage of goods, and have a good hot water; also a large warming-closet attached, in which any article can be kept warm, while the other parts of the Store are occupied for other purposes.

The arrangements for stuffing the oval and cleaning grafs are far superior to those of any other Store now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and will be kept alive a day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. B. Treadwell, Oren Bragdon, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Hunter, James Shaw, Charles A. Hodgdon, Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would advise those contemplating remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they rise, and each succeeding one at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be used to consume the gases of the soft coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and that fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert B. Hatch, Esq., Aaron H. Hill, Charles E. Meadum, Henry F. Wendell, John Sise, and others.

STOVES

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a share of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as first-class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship** and **Pocket Chronometers**, and **Fine Watches**, has located himself at the store of

A. L. BENNEIT, No. 7 Congress St,
PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE SQUARE TIME of Portsmouth at this establishment, and are invited to call.

Also Agent of
N. C. GREENOUGH,
For the sale and hire of
MARINE CHRONOMETERS.

AUGUSTINE JEWETT,
No. 7 Congress Street.
Portsmouth, Nov, 1, 1862. 3mos*

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 8 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, impotency, Scrotula, Gonorrhœa, Gleet, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual to business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should before contemplating marriage, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow use also for sale the French Capotos, wonderful the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 8aw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 8 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female constitution, such as Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in few days. So literally certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person can rejoice in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April1, 1862—1y8aw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH CAPOTE SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y8aw.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished, by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL. AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, by reason, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 2, 1861 aw

Notice

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence."
Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, NOVEMBER 27, 1862.

For the Chronicle

A Dish of New Hampshire Politics,—*concocted by Uncle Toby.*—It has happened somehow, this Fall, that Doctor Batchelder and the great Democratic party in this State, have got before the people together. Like the circus, in which the "three unapproachable clowns" are the great attraction, our political arena is graced by some performances never before put down in the bills. In Massachusetts the contest was made spicy by Train's free speech against Charles Sumner, and now in New Hampshire we have a greater than Train, viz. Dr. B., who makes a very free speech and 'pitches in' to the Volunteers so violently as to come very near running his party off the track and into the mud.

The Boston Journal suggests that "the leaders" influenced the party in Epping to send the Dr. to the Congressional Convention which nominated Capt. Marcy;—but it would be more correct to say that he is himself a leader, and is a fit representative of his company of kindred spirits at Epping Corner.

Nay further, he was fitly made the president of that convention, as he was the hon of the great State Convention in Concord; and his speech there, as reported by a friendly hand, and published in the Boston Post, is a fair key to the operations of the campaign in which he is to play so conspicuous a part.

It is true the convention did not adopt his motion to strike out "for the Constitution," and to attack the Volunteers,—but why? Because in the works of Mr. Hughes, there might be unpleasant "consequences," viz. the total loss of the election and defeat of the party.

The resolutions are drawn with great care and skill, as well they might be, by a committee at whose head was Mr. Rundlett, a very clear and plain writer, and an opposer of coercion, emancipation, and the war;—and what do they present? Not one word of reproof or censure against the rebellion or the rebels: not one word for a vigorous prosecution of the war or for any prosecution of it at all,—but they do contain a hearty condemnation of the President's Proclamation, of the imprisonment of citizens, (especially the Doctor)—and such a *guarded* support of the Federal Government as could hardly offend Jeff. Davis or Senator Mason.

The platform is alike eloquent in its utterance and its silence, particularly toward the close, where it is promised "we will give battle to our *political* adversaries and demand of them an unconditional surrender." No such thing is to be demanded of the rebels—no battle to be given them,—lest it should upset the Constitution,—or hurt somebody.

The deficiencies in the document are amply supplied in the Doctor's great speech, where he avows rebellion, defends slavery, and criticises the ministers, especially one in his own town. This criticism and condemnation of the preachers has been a staple commodity in our electioneering interests for years, and the Doctor has now let daylight shine upon the manner of making it.

He tells us exactly how certain men preach, one of whom has been settled six years; and tells us also in the same breath, that he has not heard them these *ten years.* His knowledge of the pulpit does not come from sitting in the pews, but by hearsay from others who get theirs in the same way, viz. in the bar-rooms and the streets, but very rarely in the church.

It may turn out to be fortunate, or otherwise, for the party, that the Doctor stands so prominently before the people in connexion with their conventions;—but here he is, as conspicuous in New Hampshire, as Train was a while ago in Massachusetts.

It is a remarkable fact, that the cheers in the convention, as reported in the Post, were about equally bestowed on Gen. McClellan and Dr. Batchelder. The Doctor's scriptural arguments against the "niggers" and the ministers, were highly relished; Mr. Huntoon followed with a crusher on the priests "for all coming time," and adds, "if we do not succeed now, we are gone forever!" And finally Mr. Eastman, their candidate for Governor, expresses the gist of the whole matter, when he says: "Gentlemen, radical abolitionism must be put down——or we are all gone to destruction."

The battle then is to be, not against the rebels or the rebellion, but against emancipation, against the preachers, against political adversaries; and the Doctor is one of the foremost in the fight. U. T.

☞ The train to Portland, on Monday evening was detained two hours, in consequence of the engine bursting a flue just after starting from South Berwick. Another engine was obtained from this city. The train from Portland, over the upper road, was also detained some hours on the same afternoon, by the breaking of a wheel just after leaving the junction.

Thanksgiving Day.—This day is the great feast of most of the free States. For the season now closing, we have been liberally supplied with the necessary and comfortable fruits of the season, and we owe gratitude to him who has crowned the year with his goodness. His blessings have been so abundant as to elicit remark from nearly every class of persons who acknowledge their indebtedness to the bountiful giver of food and raiment. We have had a remarkably fruitful year, and few can have been so ungrateful as not to feel their obligation for the goodness of him who has so munificently bestowed his gifts.

We are indebted to him, also, not only for plentiful harvests, but for peaceful homes, for social and religious privileges, and the general prevalence of health. The calamity which has befallen our nation has not reached us, except through the influence of war, which in some parts of our country has been the cause of much distress.

But sorrow will be largely mingled with joy in many home circles throughout most of our communities. Many families will mourn the loss of a father or a son, on the field of battle or in a sickly camp: Thanksgiving will be saddened by images of friends far away in camp on battlefields, in hospitals—of the families of soldiers left poor by the absence of their protectors—of houseless and hungry freedmen—of starving operatives. Now the only real consolation for these griefs is sympathy for the sufferers by deeds of kindness. Let all do what they can,—and much suffering will be averted.

—— Republican Conventions are called to meet at Dover, Manchester and West Lebanon, respectively, on the 17th of December next, to nominate candidates for Representatives in Congress.

☞ The Boston Daily papers say, truly, that they "have been *compelled,* by the great increase in the cost of white paper—to raise the price of their issues". On Monday, Dec. 1st, the Herald will sell for 2 cts. and the Journal and Traveller at 3 cents. The Advertiser, Post and Courier will remain at 3 cents, but will be reduced in size. The Herald says the increase has been forced upon them, although they have struggled against it; the fortunes of war have changed everything, and the papers must go with the current. Paper has advanced from 10 to 17 cents per pound, and other things in proportion.

Yes, and we will add that stock and papers bid fair to go higher yet. We expect to see the Boston Dailies raise prices again shortly, and to be more than twice three cents each. The price of the Daily Chronicle will henceforth be, until further notice, $5 per year, or $4 in advance; the N. H. Gazette $1.50 per year, or $1.25 in adv.

Missouri.—The New York Herald accounts for the emancipation result in Missouri by the smallness of the vote. It says that every voter was required to take the oath of allegiance, which one half the people refused to do, and of the other half the emancipation party obtained a bare majority, so that one quarter part of the ordinary voters control the State. The St. Louis Republican suggests that the Constitution prevents emancipation; and to that a Philadelphia republican paper replies, that it is absurd to suppose that a majority are to have their hands tied up by constitutional provisions intended to make slavery perpetual.

It was manifestly fit and proper, that all the semi-rebels in Missouri, who refused to take the oath of allegiance, should have their votes refused also. The same thing should be done all through the rebel territory, wherever our forces hold the power.

☞ A letter from George Knight, the Poland murderer, now confined at the Maine State Prison, indicates that he still maintains his own innocence. He says, "I take much consolation in reading the price current. One might think it needless to send such things to one here, but shut a lamb up with a pig, and you cannot make the lamb a pig. I was a practical farmer and loved its fruits." A lamb he probably is outside, but wolves have been known to put on sheep's clothing.

☞ There are upwards of 3700 men employed on the Charlestown Navy Yard. The recent strike by the blacksmiths amounted to nothing. The committee they appointed to wait on the Commodore, were discharged, and the men have continued their work.

☞ A Buffalo corn man offers to give 500 bushels of corn, delivered in New York, for the suffering cotton operatives of England, provided that enough to make 20,000 bushels be contributed by others, and merchants of the old country, doing business in New York, pay the freight, etc.

☞ The Lowell Manufacturing Co. have declared a dividend of sixty dollars a share, payable on the first of December next, to holders of stock this day.

☞ A daughter of the late Mr. G. P. R. James has opened a young ladies' school in New York city.

THE REBELLION.

Prisoners taken by Gen. Kelly, say that Jackson has started with his whole force for Richmond by way of Front Royal.

A band of rebel cavalry, 60 in number, crossed the Potomac on Tuesday morning, entered Pooleaville, and captured the telegraph operators. The boldness of the rebels caused some excitement in Washington.

The Republican journals at the West are saying that "the armies of the Southwest, as a whole, are now sufficiently strong to take whatever they desire to take, and to go wherever they please;" and they are prophesying that within a few weeks Vicksburg will be taken and the Mississippi be open to New Orleans.

Gen. Pemberton, on taking command of the rebel army in the south-west, after boasting that he was a northern man by birth, said "he wanted no foreign interference in our private quarrel: we must settle the question for ourselves, and a nation interfering would find us a united people, and would meet the armies of the South as well as of the North."

The city authorities of Savannah are making arrangements to move the non-combatants from that city.

A dispatch to the N. Y. Times, from Falmouth, Va., 25th, says the rebels are preparing to dispute the passage of our troops The garrison has been reinforced by the divisions under Longstreet and D. H. Hill, variously estimated at from 25,000 to 75,000 men, and formidable batteries have been planted for their protection.

Rebel journals chronicle the capture of the salt works at Lalcourche, La., by Gen Weitzel, and the surrender of the rebel forces, the odds against them being 7 to 1.

☞ Col. Shepley, the Military Governor, has appointed Dec. 3, as a day for choosing representatives to Congress from the 1st and 2d districts of Louisiana. Gen. Butler has seized and closed the Bank of New Orleans for sending $405,000 in specie to the rebel Government. This specie had previously been falsely reported to him as having been sent away.

By order of Gen. Butler, the property in the district recently occupied by General Weitzel, is declared sequestered. It comprises all the territory of Louisiana west of the Mississippi, except the parishes of Plaquemine and Jefferson. It includes General Bragg's plantation. A commission has been appointed to take possession, and work the sugar plantations. Property of rebels is to be sold for the benefit of the Government.

CITY OFFICERS ELECT.

Mayor.

Jonathan Dearborn.

Aldermen.

Joseph B. Adams	Thomas Wiggin, Jr.
Joseph L. Martin	Phinehas Nichols
Edward J. Moulton	John H. Broughton
Daniel Marcy	John E. Rider.

Aaron L. Rand	Charles W. Marden
Benjamin Russell.	

Town Clerks.

Albert W. Ham	Edmund W. Brown
John W. Pickering.	

☞ Strong brown paper is now manufactured from "cat-tails," the product of the wild flag growing in low grounds all over the North. Experiments are being tried with a view of making white paper from the same material.

☞ The U. S. steam-frigate Minnesota will, probably, sail from the Portsmouth Navy Yard this morning, for Boston, where she will receive a new and more powerful armament.

☞ A little boy, eight years of age, was bitten by caterpillars in France recently, while climbing a tree, and was so poisoned by the bites that he died in a few hours.—This is the only case of the kind on record.

☞ There will be services in the Christian Church on Court St. to day (Thanksgiving) at the usual hour in the morning.—The pastor will preach.

☞ The Savannah Republican makes a piteous complaint over the rebel losses in recent battles. It says that the total loss amounts to 75,000 men.

☞ Gen. Grant has put all the negroes he can control to picking cotton.

NEW HAMPSHIRE ITEMS.

—— We regret to learn that Col. Kent, of the 17th regiment, is sick, and we trust he will recover before the regiment is ordered into service.

—— The Manchester American states that Hillsborough county lacks only 75 or 80 men to fill its quota, and if a draft is ordered on the first of December, as now seems probable, it will be required in but about half a dozen towns.

—— The Rockingham Co. West Bible Society, will hold its annual meeting at Derry Village, Dec. 2d, at 10 o'clock, A. M., the services to continue through the evening. Gratuitous entertainment proffered by the citizens of that place.

—— A letter from Falmouth, Va., Nov. 22, says the 6th N. H. regiment then had 300 fighting men. The 9th had 500 effective men, and was under command of Maj. Everett,—Lieut. Col. Titus, wounded at Antietam, though on his way, not having arrived. For the past twenty-five days the 9th had not been more than one night in the same place. The 10th regiment, which has been away from the State two months, can bring into action about 900 men. The 11th regiment, Col. Harriman, left the State on the 11th of September, and has 950 effective men. The health of all these regiments is good, and the men are in excellent condition, considering their long marching.

—— The Patriot states that Maj. B. M. Smith of the 8th Regiment, was quite unwell on the day of the battle at Labadieville, La., and being unable to ride his horse, he procured a carriage in which he rode to the field of battle, where he remained, gallantly cheering on his men. At the close of the battle, he was prostrated with exhaustion and had to be carried from the field.

—— A N. H. soldier, in a letter from Hilton Head to the Manchester Mirror, which paper devotes much attention to sheep raising, says:—

The rebel ram Fingal, at Savannah, is said to be nearly ready to come out. If he comes this way, he will find we have paid some attention to Sheep Raising articles!

☞ The storm last evening occasioned a somewhat slim attendance at the concert by the Barker family; yet those who were present seemed to appreciate and enjoy it, if we may judge from the applause with which many of the selections were received. Their performances, vocal and instrumental, were pleasing and attractive, and their pieces were executed in good taste.—They will repeat their concert this evening, at the Temple.

—— The municipal election of Dover occurred on Tuesday. Col. Wm. F. Estes, the Republican candidate for Mayor, was elected by a large majority. The Republican ticket throughout the city was generally successful. Mr. Estes is president of the N. H. Agricultural Society.

Amesbury, Mar. 22, 1862.

Mr. Grace—I write to acknowledge the benefit I have received from your Celebrated Salve. I was afflicted with a severe Felon on one of my fingers. I tried many remedies without relief. My friends having seen your Salve advertised in the Villager, induced me to apply it. I complied with their request, and in two days it extracted the inflammation from my finger so as to enable me to resume my work. I can almost say that your Salve worked like magic upon my finger, for it effected a cure without leaving a scare. I unhesitatingly pronounce your Salve an excellent remedy. I do not doubt that it will be appreciated throughout the land, for its virtues cure the afflicted.

Yours respectfully,
James Curlin.

☞ A man, said to be named Hamlin, of Taunton, Mass., was badly hurt on the Navy Yard Wednesday. A cylinder head belonging to the Sacramento, fell over upon him, breaking one thigh, and crushing the other.

☞ The Ericsson iron-clad battery Passaic sailed from New York on Wednesday, and will be soon followed by the Montauk.

☞ The New York Tribune does not appear to be very strongly opposed to a dissolution of the Union. In the issue of November 14th, it says:—

"We favored, in the infancy of secession, the policy of letting the Cotton States go, if it should appear that their people really desired to cut loose from the Union. * * * We believed then, as we realize now, that events would fully justify our recommendation."

THIS (THURSDAY) EVENING.

PHILLIPS, wholesale, Portland.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a premature grave. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *operating with certainty and medical regularity.* They are known to thousands, who have used them at different periods, throughout the country, to be the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each BOX.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

R. B. HUTCHINGS PROPRIETOR,
20 CEDAR STREET, NEW YORK.

S.T.-1860-X.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. F. H. DRAKE & CO., 374 Broadway, New York

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ A Thanksgiving Ball, it will be remembered, is to be given at Irving Hall, this evening, under the direction of Mr. Lamprey, whose entertainments are always genteel and unexceptionable in every respect, differing only in price from what is styled a most fashionable ball.

☞ The present City Government and the City Government elect for 1863, Overseers of the Poor, and all others who feel an interest in the welfare of the poor of the city, are respectfully invited to visit the Alms House on Thanksgiving day between the hours of 11 to 12 o'clock.

The House will also be open for all who choose to visit it, from 2 1-2 till 5 o'clock P. M. B. NORTON, Sup't.

☞ Of course there will be no Daily Chronicle to-morrow (Friday) morning.

☞ See you fair maiden in another column, picking Sambucci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

Just published, and for sale by
JOSEPH H. FOSTER.

Notice to Housekeepers.
Rubber Band Carpet Sweeper.
TRY IT! TRY IT!!

It saves Money; It saves Carpets; It saves Furniture; It saves Labor; It is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpet, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market street by
ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

J & B. 4 Market Street.

E. A. STEVENS,
NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel—the peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to the stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be sure stove for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. B. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Rantress, Jos. D. Akerman, James F. Shorey, Wm. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Caney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Barratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Sender, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel H. Dixon, Daniel J. Fryer, Cutman Fryer, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Looke, Benj. Frankl, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—scarcely a seed escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in the stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove. Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.
COAL LININGS,
and Repairing pieces for most of the stoves in use.
Job Work attended to with dispatch.

Notice.

THE CO-PARTNERSHIP heretofore existing under the firm name of FERGUSON & GARRETT is this day dissolved by mutual consent.

All persons indebted to said firm, either by note or account, will please call and settle the same without delay; and all just demands will be paid when presented for settlement. Either party is allowed to settle the affairs of the late firm.

STEPHEN FERGUSON,
HENRY L. GARRETT.

Portsmouth, June 10th, 1862.

Having bought the interest which Mr. Henry L. Garrett had in the late firm of FERGUSON & GARRETT, the undersigned will continue the

Grocery & Provision business,

at the same place, trusting by strict attention to his customers and the public to receive a share of their patronage. STEPHEN FERGUSON.

Portsmouth, June 10th, 1862.

American Union Store.

The Subscriber respectfully gives notice that he has taken the

STORE NO. 89 MARKET STREET,

lately occupied by J. B. UPHAM, Esq., for a

Retail Grocery and Provision Store!

And by strict attention to his customers, he hopes to merit a share of the public patronage.

H. L. GARRETT.

Portsmouth, Aug. 6, 1862.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become cancerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have healthy; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses**, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do as much as ever done.

Prepared by DR. J. C. AYER & CO., *Practical and Analytical Chemists*, Lowell, Mass.

Sold by all druggists every where.

Portsmouth, Feb. 1, 1862.

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 26, 1846. "Thereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Wash, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEET'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can be truly set out, and proving to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Sweet's Panacea, many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since

CAROLINE H. SWETT.

This statement of my wife is correct.

SIMON SWETT.

Portsmouth, N. H., April 15, 1861.

I have been greatly afflicted with a Humor called Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Sweet's Panacea I believe have effected a radical cure, as I have not seen a sore on the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.

W. LOWD.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and at times I thought I could give any relief until about a year ago, when I took one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health.

M. LOWD.

Exeter, Feb. 24, 1833. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and wo I add—that by the use of this my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints.

WM. P. LAFFITT.

From ELDER I CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may29

Desirable Residence
ON MIDDLE ROAD FOR SALE.

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 18 feet each.

The house was built by the day, ten years since, by the late Wm. F. Currier, under the particular inspection of the undersigned, and for his own use. The Lot measures 65 feet on Middle Road, and is over 200 feet deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction.

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness, and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. H. Tredwell, Oren Brewster, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pindar, James Shaw, Charles A. Hodgdon, Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, most and agreeable,—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headaches so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some of which have proved a total failure. Over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases at the top as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and pots, and the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly recommended by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1846; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or rub off, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL softness of the HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined:
The world our home—our brethren all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of party, generally. It is a spirit not to be encouraged—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. Greenough, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers, and Fine Watches,** has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,
PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE EQUATED TIME of Portsmouth at this establishment, and are invited to call.

Also Agent of
N. C. GREENOUGH,
For the sale and hire of
MARINE CHRONOMETERS.

No. 7 Congress Street.
Portsmouth, Nov, 1, 1862. 3mos*

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unmitted extent, Dr. D has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Syphilitic Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest stings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dyspepsia, Palpitation of the heart, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The mental effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y Staw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain are the new modes of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt but more real benevolence in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April, 1862—1y3taw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y3taw.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeble proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided *in his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 2, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold led a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Teneriffe, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, NOVEMBER 29, 1862.

THE REBELLION.

The rebel camp fires are constantly increasing within sight of Falmouth, affording indications of the augmentation of the rebel forces. Lee has joined Longstreet, and A. P. Hill, D. H. Hill and Jackson are known to be on the way thither. The enemy have constructed additional works in the rear and to the left of Fredericksburg.

The Times Washington dispatch says the current talk in military circles there, is in regard to the expediency of the Army of the Potomac going into winter quarters.—Late events seem to have strengthened the probability of such a policy being adopted.

The President, on Wednesday, went by special steamboat conveyance to Aquia Creek, where he was met by Gen. Burnside. He returned to Washington Thursday morning.

Gen. Hooker is almost entirely recovered from his lameness. He walks without a cane and can ride with ease and safety.

The Murfreesboro' Banner, of the 20th, states that Joe Johnston will assume command of Bragg's army. It also states that Gen. B. Crittenden has been released from arrest, and reported for duty. McCann has been assigned to the command of Cumberland Gap.

Late reports from the rebel army in Tennessee place Breckinridge's division 6000 strong, and Cheatham's and Wither's 5000 strong each, at Murfreesboro'. Buckner's corps are at and around Normandy. Hardee and Polk are posted from Tullahoma to Winchester. Part of Kirby Smith's army has joined Bragg. Gen. Negley thinks the enemy has over 50,000 strong in Middle Tennessee. The volume of testimony fixes this number at not exceeding 40,000.

The Georgia Legislature has passed a law that all navigable streams in that State be obstructed, and appropriated half a million dollars for that purpose.

The Galveston News says that Sam Houston recently made a secesh speech in Brenham, Texas.

☞ The President has given Brig. Gen. Edwin R. Price, son of Maj. Gen. Sterling Price, both of the rebel army, a free and full pardon of all treasonable crimes and misdemeanors committed up to the 18th of November. Gen. Price was taken prisoner some time since, and exchanged for Gen. Prentiss. Subsequently he resigned his commission in the rebel army, and his friends appealed for his pardon. While on his parole, and residing in Chariton County, Mo., he is said to have exerted himself to maintain peace and order by driving off the guerillas, and it is thought that his pardon will have a beneficial effect in Missouri.

STEAM.—Stewart, the dry goods prince of New York, has made shopping easy in his new store. By an engine of fourteen horse power he hoists a lady from one floor to the other, or through the whole series of floors with perfect safety. The journey is made in a snug little chamber, with windows.

According to the Scientific American, they are now building in London a cigar steamer, 700 feet in length. The principles of its form and construction are similar to those of the famous cigar steamer built in Baltimore a few years ago, and now in that city, except that instead of a wheel amidship, there are to be screw propellers fore and aft. The new steamer is being constructed by the Messrs. Winans, who built the original one.

☞ The Portland Press says that the officer in command of the 7th regiment recently put some of his men into the guard house for getting whipped in a quarrel.—The provocation was sufficient to excuse them for taking up the quarrel, but no apology could be admitted for coming off second best.

☞ The University at Troy, N. Y., has been sold by the holders of the mortgages. Rev. Peter Havermans buys the whole establishment for $70,000, so that somebody loses about $125,000 since the founding of the institution.

☞ The Roxbury Journal learns that the Rev. Dr. N. Adams, of Boston, (author of "A South-Side View,") voted the Republican ticket at the late election, and declared publicly that he considered and meant it as a vote for Charles Sumner.

☞ The Republicans of Boston have nominated Hon. Frederick W. Lincoln, Jr., as candidate for Mayor, in place of Hon. Geo. B. Upton, who declined. Joseph M. Wightman, the present Mayor, is the Democratic and People's candidate. The election takes place on Monday, Dec. 8th.

☞ The Vermont House of Representatives, by a vote of 127 to 46, has decided to place in the statute book the fugitive slave law, which the committee for the revision of the statutes, appointed last year, omitted on the presumption of unconstitutionality.

NEW HAMPSHIRE ITEMS.

——It has been customary for the shoe stores in Manchester to keep open until nearly sunset on Thanksgiving day, but this year the proprietors, being favored with a glimmer of common sense, agreed to close at 12 o'clock. They'll do better next year.

——Lieut. Sullivan, of the 16th N. H. regiment, has been dismissed from the service for an assault on a woman by the recent order. We are at a loss to know who Lieut. Sullivan is, as we cannot find the name in the roster of the 16th.

——The vote in Dover for Mayor was,—Wm. F. Estes, rep., 409; Jethro R. Furber, dem., 111; scattering, 19.

——Col. Walter Harriman, of the 11th regiment, in a letter to the Manchester Mirror, says:—

The N. H. 6th and 9th regiments are in our division, but in another brigade. It seems like home to have so many good men and those we know, so near to us. The 10th and 12th regiments are not far away, and we expect the 5th is now this side of the Blue Ridge. The N. H. battery, cavalry and sharpshooters are all forming parts of this grand advance. We hope to meet all these before many weeks under a triumphant flag at Richmond, when a shout of exultation, wild as the storm, will go up from every Union league.

—— Rev. R. F. Lawrence, of the Congregational Society, and Rev. Carlos Marston, of the Universalist society, in Claremont, have resigned.

—— Capt. John J. Prentiss, of Claremont, has received from the Secretary of War, the commission of Major in the Volunteer Cavalry service, with authority to enlist and organize a battalion of cavalry from New England.

—— The Peterborough Transcript states that a pair of horses hitched to a pedlar's cart, run from Dublin, through Peterboro', to West Townsend, a distance of twenty-five miles, on Tuesday evening last. No damage was done, everything being found "right side up with care."

LITERARY.—There appears to be no lack of spirit or industry on the part of authors and publishers, in spite of the depressing influences of the time. The approach of Christmas, is, as usual, hailed with the promise of new and entertaining books.—Carleton, of New York, announces several very striking ones, among which may be mentioned: "Aldrich's Poems," in "blue and gold," with a fine steel portrait, engraved from a medallion by Launt Thompson, the sculptor; a new poem by Stoddard, "The King's Bell," an exquisite mediæval legend; "Marian Grey," a charming domestic story by the popular author of "Lena Rivers;" "Shakespeare and Characters," an admirable volume by Hackett, the Comedian; a very amusing autobiography (with numerous illustrations) entitled "Drifting About," from the pen of Stephen Massett, the illustrious "Jeems Pipes, of Pipesville;" and another remarkable novel, "Vincenzo," by Ruffini, the author of "Doctor Antonio," "Lavina," etc., etc.

☞ Two London bloods—Capt. Stewart and Col. Burnaby—have been detected in trying to swindle Mr. Tenbroeck, the American, out of £100, by a "catch" bet on the spelling of the word Reindeer. It seems that the latter held to the *e* in the first syllable—the former betted it should be an *a*, and referred to Johnson's diction ary, where, sure enough, it is spelt Raindeer. The military gentlemen had looked up the word and were betting on a certainty. The affair created much excitement, and the London Post, the organ of the fashionable world, is filled with letters from parties interested. Lord Amesly, Admiral Rous, and many other nobs are mingled in the scandal. The London Times devotes two of its ponderous leaders to the affair, and comes to the conclusion that the Captain and the Colonel are two highborn swindlers.

☞ A rebel paper states that it has been discovered in Georgia, that by digging wells 40 miles from the main shore, water is obtained, 250 gallons of which will make one gallon of salt, while it takes 700 gallons of tide water to make the same quantity.

☞ In a rebel mail recently intercepted, there was found a letter written by a secessionist woman of Baltimore, moving in upper-tendom, in which occurs the following elegant passage: "Gen. Wool, he is a gentleman, Gen. Morris is a beast, but General Dix is a thief."

☞ Jefferson said that he met with no trouble from all other sources like to the trouble from men who drank liquor. So say our military chieftains.

☞ A shoemaker in Knoxville, Tenn., the other day, charged $30 for a pair of boots. He was immediately conscripted for extortion.

☞ The Tribune's Washington correspondent says that the recent interview between Mr. Cameron and the Secretary of War lasted only three minutes.

☞ 45,000 bushels of potatoes were shipped from Bangor during the week ending Nov. 22d. They sold at from 50 to 60 cts. per bushel.

NOTES OF FORMER DAYS.

Collected and Collated — By UNCLE TOBY.

Moodey in Boston—Gov. Andros—Here in Boston, he was employed, on the 3d of May, 1684, as a minister of the first church, whose successors now worship in Chauncey Place. He was an assistant to Rev. Mr. Allen, their pastor, who was one of the 2000 ministers who were ejected from their livings in England by the Bartholomew act in 1662.

Their quiet in Boston was of short duration. That very year, 1684, the high court of chancery in England, gave judgment for the King (Charles II.) against the Governor and company of Massachusetts; their charter was declared forfeited, and their liberties seized into the king's hands. Col. Kirk was appointed Governor of New England, but the king died, and Col. Kirk never governed here. Gov. Bradstreet still administered in Massachusetts. The next year, viz. 1685, James the II. was proclaimed at Boston, and Joseph Dudley was commissioned as President of New England. Dudley's administration was a short one, for he was superseded by Sir Edmund Andros, who arrived at Boston on the 20th of December, with a commission of arbitrary government over New England and New York. Andros was sort of a second edition of Cranfield, enlarged, but not greatly improved. Cranfied copied Charles the Second, who was a bad model; Andros aped James the Second, who was considerably worse. Goldsmith calls James a bigot, and stigmatizes him as blind and unjust. And McGee, an Irish Catholic, says of him that he was secretly a Catholic, but being compelled by circumstances to moderate his zeal, his reign was remarkable for a divided policy. McGee deemed him on the whole a well-meaning Catholic, but at the same time almost a fool in his government.

Andros brought with him, across the water, a taste of James's policy, which was anything but palatable to the Bostonians, especially to such men as Allen and Moodey. But he also brought with him about 60 soldiers, by whose means he was enabled to enforce many of his innovations, and to keep the people in subjection, even if he could not conquer their prejudices.

Andros and Randolph, (a noble pair of brothers,) took it into their heads to play over again in Boston, the same farce about the sacramental supper, which Cranfield played in Portsmouth; but they played it rather better. They did not command Moodey or any other non-episcopal minister to officiate. They only took a survey of the three puritan temples in Boston, to select one wherein to have the Eucharist in their own way; and finally pitched upon the Old South. In vain the ministers, Moodey, Allen, and all the rest, met and counselled; in vain the people protested against the measure. Armed with governmental and vice-royal power, and backed by sixty soldiers, Gov. Andros ordered the sexton of the Old South to open the doors and ring the bell. The historian of the First Church adds:—"The fellow durst not refuse obedience—and the service was performed agreeably to the magistrate's wishes." Farcical and foolish as this may seem to us, it was a real grievance and a serious matter to the churches and their pastors. Empty and bootless as the victory of Andros appears to us, doubtless he and Randolph gloried in it and triumphed over it, as a great achievement.

Their triumph was short. Old England became tired of James the Second; and New England was very sick of Andros. Early in 1689, James fled from England and set up in France as a saint; while William and Mary assumed the government of the British Empire. The rumor of this revolution soon crossed the Atlantic, and on the 18th of April the people of Boston, aided by those who poured in from the country, rose in arms, seized the Governor, Andros, the more active and offensive members of his Council, and other great characters who had oppressed them, and put them all in prison, to the number of fifty in the whole.

In the midst of his exigency, Gov. Andros, like a coward as he was, sent a message to the Ministers, Allen and Mather, Moodey and Willard, to come to him, with the desire probably that they would pacify the people;—but they returned the answer that they could not come safely.

The people at the same time restored Gov. Bradstreet to his office, and put back the former magistrates into their old places, which they held till superseded in 1692 by the arrival of Gov. Phipps.

Mr. Moodey's residence in Boston covered a space of about nine years; during all that time he stood high in the admiration of all the truly wise and great. So high was his distinction among the learned, that in 1684, shortly after he had removed to Boston, he was elected President of Harvard College, which honorable post he declined, preferring rather to be assistant minister of the first church in Boston. The congregation there were pleased with him as a man, a scholar, and a theologian; and his influence and general popularity were undoubtedly very great for several years.

☞ Mr. Nelson, of Minot, Me., is one of the most extensive makers of cider in that locality. He has 1500 bushels of cider apples now on hand, 1000 bushels of which he proposes to freeze and bury till Spring, and then furnish the county with new cider. He makes 100 barrels of vinegar this year.

☞ Herschel V. Johnson, who was on the Douglas ticket, has been chosen to the rebel Senate from Georgia. He opposed the secession of the State to the last; was the last member of the convention to sign the act of secession; and since the war began has remained on his plantation, taking no part in the fratricidal strife.

☞ The demand of the ship carpenters in the Brooklyn Navy Yard for an increase of wages has been acceded to by the U. S. Government. The Navy Department add 25 cents per day to the wages of each class, and thus the matter in dispute is settled.—Workmen of the first class will hereafter receive $2.75 per day; second class, $2.50, third class $2.25.

A NEW WRINKLE. — It is becoming quite common in New York to append to marriage notices in the papers, "no cards", thus obviating the misunderstanding and offence which would necessarily arise among friends and acquaintances from a want of knowledge of the fact, and escaping the responsibility of the omissions and discriminations always incident to the custom. It is also becoming somewhat common to add the "at home" notices of the happy couple.

☞ Rogues in New York have commenced defrauding the citizens by reporting themselves as tax collectors under the internal revenue law. Taxes are payable at the collector's office, except in instances where a call upon the collector is neglected.

☞ The North Carolina Legislature convened on the 17th. Gov. Vance, in his message, takes strong ground for a vigorous prosecution of the war by the rebels.

☞ "An Old Salt," in response to the offer of "A Corn Man," has given $500 for the purchase of food for the destitute English operatives.

☞ There will be a total eclipse of the moon early in the morning of Saturday, Dec. 6, visible throughout the United States.

☞ Over $40,000 were expended for camel's hair shawls in Stuart's store, New York, during the month of October.

☞ The drafted men in camp in Pennsylvania, it is said, desert by hundreds.—Nearly all the substitutes have skedaddled.

Winter Fashions.

MDE DEMOREST'S QUARTERLY MIRROR OF FASHIONS: containing a double page illustration of 19 NEW CLOAKS; three FULL SIZED PATTERNS; a COLORED STEEL PLATE showing ten full length figures; a Plate of JUVENILE CLOAKS, and over sixty other illustrations of Bonnets, Sleeves, Infants' Dresses, Jewelry and Embroidery. Just published, and for sale by

JOSEPH H. FOSTER.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are useful in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known by thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills, and

Pills sent by mail, promptly, by remitting to the Proprietor Sold by Druggists generally.

For sale in Portsmouth by THACHER and PRESTON.

Local.

NOTICE.

From this date, the Prices of our Daily and Weekly issues will be—

DAILY CHRONICLE $5 per year, or $4 in adv.
40 cts. per month, 10 cts. per week, 2 cts. per copy.

N. H. GAZETTE, $1.50 per year, or $1.25 in adv.
Single copies 3 cents, in all cases.

Portsmouth, Dec. 1, 1862.

☞ Mr. Avery announces that from Dec. 1st, the price of the Boston Journal and Traveller will be $9 per year, or 75 cents per month; the Herald $6 per year, or 50 cents per month. This he states is 56 cts per year cheaper than the papers can be obtained by mail or in any other way. Of course the increase is not of his preference, nor to his interest—nor to anybody's else, as to that matter, so far as we can see. It is simply a necessity of the times.

☞ Eighty two seamen from the receiving ship at the Brooklyn Yard, arrived at the Portsmouth Navy Yard on Wednesday evening, having come by the Fall River route and the Eastern railroad: they form the remainder of the crew of the Colorado, which, it is stated, is to be attached to Gen. Banks' expedition.

☞ The U. S. steam frigate Minnesota sailed from the Portsmouth Navy Yard, on Thursday morning, for Boston. She arrived at Boston on Friday morning.

☞ A letter received in this city, by a gentleman who has a son on board the U.S. Ship Constellation—dated Nov. 3d, says the ship was at Spezzia, all well, and was to cruise in that vicinity. So there is no truth in the reports of mutiny, &c. which have been circulated.

☞ We are indebted to Hon. Horton D. Walker, of this city, for the information that the ship Granite State, of this city, Capt. Jacobs, from New York, arrived at Liverpool Nov. 10th, and that the captain reports to the owners that on the 25th of October, about 1 P. M., while in lat. 40 30, lon. 56 00, made a steamer, barque-rigged, lying to. They run on until the steamer was about abeam, 8 miles distant, when the latter wore ship and made directly for them. Suspicion of her character naturally being excited by this movement, Capt. Jacobs crowded on all sail to escape, the steamer following. But about 5 P. M. it came in very squally, with a heavy sea running, and the steamer, when two miles distant, gave up the chase. There is little doubt that the steamer was the pirate Alabama.

☞ Rev. E. B. Eddy, of this city, is to deliver the Annual Sermon before the Pleasant Street Female Charitable Society, in Concord, at the Pleasant street church (Rev. Dr. Cummings,) in that city, to-morrow (Sunday) evening.

☞ There are 75 retail dealers in Liquors in Portsmouth, including those who sell ale, affording the government a yearly tax for license of $1500.

The tax for September, exclusive of all kinds of tax on manufactures, amounts to $6495.53.

Taxes are paid on about 9000 ounces of silver, owned in this city, that being the amount which is not exempted by the law.

☞ At an adjourned meeting of Ward 3, held on Friday, Stephen D. Scriggins, Esq., was elected Selectman, in place of Charles W. Marden, Esq., who declined serving.

☞ In a late engagement with the rebels near Ningpo, Ward, the American sailor, who led the Celestials to several victories, and was elevated therefor to the dignity of a mandarin—a prince of the empire—was killed.

☞ The rebels have imprisoned in Castle Thunder, an accomplished lady, connected with people in Richmond of great wealth and influence, under a charge of giving information to our forces.

☞ The reply of Russia to the official note of France asking mediation, dissents on the ground that it might not tend to peace, but says if France presses the point and England acquiesces, she will unite in mediation.

☞ The Commissioner of Internal Revenue has decided that a person whose business is simply to collect dues for rent, does not thereby become a commercial broker within the meaning of the excise laws.

☞ From Sept. 7 to Nov. 15, there were 1505 cases of yellow fever in Wilmington, N. C., of which number 441 were fatal.

☞ Miss Olive Fuller, of Marston's Mills, Me., died on Thursday last at the age of one hundred and three years and seven months.

☞ The official vote of Missouri gives Blair for Congress 153 majority over Knox. It is stated that Knox will contest the seat.

☞ Agents for government are purchasing twelve hundred horses in the counties of Penobscot and Piscataquis, Me.

☞ The retail liquor dealers of Boston have advanced the price of "drinks" to the uniform standard of 10 cents, and that of brandies and fancy drinks to 12 1-2 cents.

☞ Excellent paper is now made in Europe from the leaves of Indian corn. There is one paper mill in operation in Switzerland, and one in Austria, in which paper is made from suck leaves exclusively. The husk which envelope the ears of corn make the best quality.

☞ Some of the young people of Cape Neddock, Me., attempted to serenade a recently married couple on the evening of the 12th inst., when the bridegroom discharged a musket charged with peas, wounding several persons in the face.

☞ While a number of boys in Brooklyn, N. Y., were recently playing at the dangerous sport of throwing stones, a little girl, passing at the moment, was struck and instantly killed. The boy who threw the stone will be tried for homicide.

MARRIAGES.

In this city, Nov. 27, by Rev. I. F. Waterhouse, Mr. LEONARD LEACH to Miss FANNY M. SAWYER, both of this city.

In this city, Nov. 27th, by Rev. A. J. Patterson, Mr. THOMAS J. BACHELDER, to Miss HATTIE A. BROWN, both of North Hampton.

In Concord, Nov. 18, by Rev. H. E. Parker, JOHN T. PERRY, Esq., of the Cincinnati Gazette, to Miss SARAH N. CHANDLER, daughter of Geo. B. Chandler, Esq.

In Dover, Nov. 23, Mr. BENNIAH WIGGIN, of Stratham, to Miss JENNIE M. HALL, of Dover.

DEATHS.

In this city, Nov. 26, Mrs. OLIVE FERNALD, aged 87 years, widow of the late Nathaniel W. Fernald.

Funeral, this (Saturday) morning at 11 o'clock, from No. 48 Court street.

GRACE'S CELEBRATED SALVE!
A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of the day, who were regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ring worms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Fevers, Shingles, Cancers, Whitlows, Itch, Sites, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores everywhere. ml01

E. A. STEVENS,
NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 2 feet long! or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Marvin, Francis C. Thompson, Thos. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Flumer, Natl'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Lockey, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Rev. Hosea Clement, March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought out to market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

4 Market Street.

From the Journal
VISIT TO THE CITY FARM.

On Thanksgiving day, there were many visitors to the Almshouse, attracted no less by the display of the well spread tables, bountifully supplied by the liberal annual provision of the late C. S. Toppan, Esq., than by a desire to see the condition of the City Farm. That the dinner was a rich treat to the inmates, such visitors as took the circuit of the rooms on Thursday afternoon had full evidence in the happy countenances everywhere met with.

The house is in the best condition, and the stock of provisions laid in seems ample for the large family now gathered. The number of inmates is ninety-seven.

The farm buildings as well as the house, are in excellent order. The new building for the bridewell, on the spot occupied by that burnt last Christmas, is very conveniently arranged, and the cells are safely warmed by a furnace below. The corn house presents long rows of traced yellow ears. The product of corn this year is about 600 bushels. About the same number of bushels of potatoes were also raised.

The crop of other vegetables has also been abundant and good. About 13,000 pounds of marrowfat and Hubbard squashes were raised on less than one-fifth of an acre. About 300 barrels of grafted apples were raised, of which about half were Fisher apples, which have been sold at $1.50 per barrel.

There are no sick in the hospital. Mayor Simes has devoted a portion of almost every day the past year, to the farm, and with such superintendance as is given by Mr. Norton and his well qualified helpmeet, there is every indication that nothing has been left undone which might place the establishment in the most perfect condition, both externally and internally. The great improvement which has been made in the last two years is apparent to every visitor.

THE CITY ELECTION.

We can congratulate all the lovers of their country on the success of the Election for City Officers on Tuesday.—the city being carried by a larger Republican majority than ever before. The Democratic candidate for Mayor, in common with others who have appeared not to have any other business on their hands since they lost the offices they held under the late Democratic administration, have apparently been doing all in their power to embarrass the Government, and ridicule its measures. Knowing that the leaders had the confidence of a few of our once influential citizens, after hearing that our present worthy Mayor had declined to have his name used again for that office, we feared that the poison of the Batchelder doctrines might have some effect on those who formerly voted the Democratic ticket, and that they might carry the election from the supineness of the friends of the new candidate.

But we must say that we are proud of the result, To find that all the ridicule and sophistry of the Northern men with Southern principles, together with the martyrdom of the renowned Dr. Batchelder, could not make a stronger vote for the Breckenridge Dr. Batchelder Democratic party of this formerly Democratic city.

In our estimation, this is quite an important event in the history of these eventful times. The elections in the spring, we have no doubt, will doubly confirm the doings of our loyal city.

The election in this city on Tuesday, was conducted squarely upon National issues. The opponents of the Administration determined, if they could, to obtain a victory upon a new platform recently promulgated at the State Convention of the Democrats. The result clearly shows what the people in this part of the State think of those politicians who are rallying for the purpose of crippling the measures of the Government to overthrow a conspiracy against the Union and popular rights.

Whatever may be the motives for this attempted resurrection of the old hunker organization, the effect is just as directly against the Union and Liberty as the efforts of the aristocrats of Europe or the rebels of the South. We are aware that there are some "*live rebels,*" but we believe there are more Union Democrats.

That wicked measure, the repeal of the Missouri Compromise, opened the way to this rebellion. The same men who helped on that terrible measure are now taking steps which will strengthen the rebellion which flowed from it. If they think the people of New Hampshire have forgotten or forgiven this sin, they will find their mistake in due time.

MAYOR SIMES.—The responsibilities which have rested upon the Mayor the two past years have been of no ordinary kind, and the way in which Mayor Simes has met them is a matter which should entitle him to the grateful remembrance of his fellow citizens. It was by his own personal investigation that a worse than useless expenditure of more than a thousand dollars for revolvers was saved to the city—and to say nothing of many other minor matters, by his personal opposition he has saved to the city in one item an expenditure of $60,000 for fa purpose which every one now sees would have been a needless expenditure. All the fault which has been found with the Mayor, has come from those whose personal interests he has not consulted, when the greater interest of the city has come in competition. He has set a good example for his worthy successor, who we trust will be governed by the same desire to promote the general interest of the city that has marked the administration of Mayor Simes.

CONCERTS BY THE BARKER FAMILY.—Wednesday was stormy and the audience small. The songs and instrumental performance, however, called forth the applause of an audience, who had been impatiently awaiting their appearance during an unavoidable delay of half an hour; and on Thursday evening the attendance indicated still further that their first entertainment had given good satisfaction. The Family are old acquaintances here, and give concerts of that style which have rendered the Hutchinsons so popular everywhere. Their voices blend in excellent harmony.

Notice.

THE CO-PARTNERSHIP heretofore existing under the firm name of FERGUSON & GARRETT is this day dissolved by mutual consent.

All persons indebted to said firm, either by note or account, will please call and settle the same without delay; and all just demands will be paid when presented for settlement. Either party is allowed to settle the affairs of the late firm.

STEPHEN FERGUSON,
HENRY L. GARRETT.

Portsmouth, June 10th, 1862.

Having bought the interest which Mr Henry L. Garrett had in the late firm of FERGUSON & GARRETT, the undersigned will continue the

Grocery & Provision business,

at the same place, trusting by strict attention to his customers and the public to receive a share of their patronage. STEPHEN FERGUSON.

Portsmouth, June 10th, 1862.

American Union Store.

The Subscriber respectfully gives notice that he has taken the

STORE NO. 89 MARKET STREET,

lately occupied by J. B. UPHAM, Esq., for a

Retail Grocery and Provision Store!

And by strict attention to his customers, he hopes to merit a share of the public patronage.

H. L. GARRETT.

Portsmouth, Aug. 8, 1862.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and those dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is compounded of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 25, 1865. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors which are so common among us. Numerous acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pleuring pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most malignant character. And from the abundant evidence I had of the good effect of Mr. Swett's PANACEA in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prescribed, and taking twelve bottles of PANACEA, I was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct.
JOHNSON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, during many years on my face. And seven bottles of Dr. Swett's PANACEA I believe have effected a radical cure, as I feel no sign of the complaint. I now regard this medicine to be the most sure remedy in the world for Humors.
HANNAH BOOT.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say that your PANACEA has effected a radical cure on me; and so I add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. P. LAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT:—Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till the use of your medicine, PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rid myself by right, and labor her day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay forit, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin water boiler attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. Trenchwell, Oren Brag don, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. H. French, Frank Jones, C. C. Jackson, James H. Pinder, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Parlin, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, healthy and pleasant to breathe;—as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the great est amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, now possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke pipe or flue on the top of the cone can be made to consume the gases or prevent their passing off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians and recommended in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and unintoxicating virtue, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1840; since that time it has been yearly in THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

VOL. 21. PORTSMOUTH, N. H. MONDAY, DEC. 1, 1862. NO. 101.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home, our brethren all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. Greenough, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers**, and **Fine Watches**, has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,

PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extreme of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE EQUATED TIME of Portsmouth at this establishment, and are invited to call.

Also Agent of N. C. GREENOUGH, For the sale and hire of MARINE CHRONOMETERS.

AUGUSTINE JEWETT, No. 7 Congress Street.
Portsmouth, Nov. 1, 1862. 3mos*

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, impotency, scrotal tumors, chordee, pain and distress in the regions of procreation, inflammation of the bladder and kidneys, hydrocele, abscesses, blotches, frightful swellings, and the long train of horrible symptoms attending the class of disease, are made to become as harmless as the simplest things of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Those who intend to marry should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charged for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 3taw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has had no female patient to complain in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.
April7, 1862—1y3taw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y3taw.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse"

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me FIFTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

R. H. EDDY.
Boston, Dec. 2, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.

They are the Purest!
The Best!
The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of those Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Portsmouth, N. H.

MONDAY, DECEMBER 1, 1862.

THE REBELLION.

The political prisoners at Fort Lafayette, including Pierre Soule, have been released.

Incendiaries have been trying to burn the city of Memphis. On Sunday there were ten different attempts made to set the city on fire, and on Monday fourteen. Great alarm exists in consequence.

On Tuesday morning 250 rebel cavalry took the town of Henderson, on the Mobile and Ohio Railroad, burning the station house and other property. They also took one company of Federal soldiers prisoners.

Seven boats loaded with troops, being part of the fleet from Cincinnati, arrived at and departed from Cairo, on Nov. 24. The gunboats are taking powder on board, and leaving as fast as they are got ready.

The enemy are industriously engaged in extending and strengthening their outworks in the rear to the right and left of Fredericksburg.

Four thousand rebels under Brig. Gen. Martin, attempted to re-capture Newbern, Nov. 18. They were defeated, falling back in disorder, retreating on double quick. The rebels thought to take our forces unawares.

The 2d Virginia cavalry under Col. Baxton, marched on Monday last, 210 miles in 70 hours, passing over four spurs of the Gauley mountains, came upon the enemy in the vicinity of Frankfort, and after a short fight defeated him, capturing two commissioned officers, 108 non-commissioned officers and privates, 100 horses, between 200 and 300 stand of arms; and burned his camp equipage, stores, and four wagons. Col. Paxton did not lose a man.

An expedition has been made by the colored regiment at Port Royal to Doboy Sound. The negroes behaved very commendably. They brought back 200,000 feet of sawed lumber. Three of the negroes were wounded. It was rumored that Beauregard had pronounced Charleston indefensible. The inhabitants were removing their property from the city.

On Saturday, an expedition from Fortress Monroe destroyed some extensive and valuable rebel salt works, 10 miles beyond Mobjack Bay.

A portion of Gen. Banks' expedition were embarked on Friday, on board the steamer Illinois.

NEW HAMPSHIRE ITEMS.

—— It is stated that the Democrats of this State are engaging the best speaking talent in the country, and will open the debate at an early day.

—— A gang of rogues are operating in Lebanon. On Saturday night, Nov. 22d they entered the house of Mr. H. W. Carter, and took silver ware to the amount of 30 or 40 dollars, and an overcoat. A Scotch woman, a nurse in the family, awoke just as they were leaving her room, and striking a light followed after, coming upon one of them while engaged in robbing a cupboard. His rogueship suddenly decamped, the Scotch lady following to the door and lighting him to the street. She locked the door, and went to arouse the family, and on returning, found the door again wide open, she having locked one of the rogues in.

——We trust Gov. Berry has now had enough of Col. Fellows. The man who twice resigns his comma d in the face of the enemy, "because of ill health," is too sick to be appointed again.

—— The residence of the late Governor Hill, in Concord, was sold on Wednesday last, by the heirs of the late Mr. Isaac Danforth, for the sum of $4,900. The purchase includes the large and desirable dwelling outbuildings, and about two acres of adjacent land.

—— The Concord Statesman says that Lancaster, the residence of Col. Kent, has furnished for the 17th regiment, which he is to command, forty men more than her quota under the last two calls.

DEATH OF CHANCELLOR HOYT.—Joseph Gibson Hoyt, LL. D., Chancellor of Washington University, St. Louis, died in that city on the 26th inst., of consumption. He was Professor of Greek and Mathematics in the Phillips Exeter Academy, for many years, where he acquired a high reputation as a classical and mathematical scholar, a brilliant writer and speaker, and a man of marked genius and ability. His many pupils, graduates of Harvard and other colleges, will attest his rare excellence, and mingle their tears with those of his afflicted family. A volume of his writings was prepared for the press by himself in his last sickness, and will soon be published by Messrs. Crosby & Nichols. His body will be sent to Exeter, for interment.

☞ It is said that five of the new ironclads will be ready for sea to-day, Monday. Each is armed with a fifteen-inch gun, the effect of which upon a fortress is yet to be demonstrated by experiment. This gun carries a four hundred and fifty pound ball.

N. H. EIGHTH REGIMENT.

—— A correspondent of the Boston Post, in a letter from Tigersville, La., Nov. 8, refers in terms of high praise to the 8th N. H. Regiment, in the recent fight at Labadieville. He says "when the enemy began to pay his attention to the 8th New Hampshire on the same side of the bayou as himself, Col. Fearing ordered Companies E and F, to deploy as skirmishers and feel the enemy. The position the rebel commander had chosen to make a stand was wholly to his advantage. It was where a road runs at right angles with the main bayou road, flanked on his side with a heavy wood, while in the direction our force must approach, was an open space, cut, however, by deep ditches, and dotted with scattering trees and bushes. Several fences also ran across it, calculated to impede the advance of infantry. It was along this road that Co. F, Capt. Flanders, were deployed as skirmishers. Co. E was deployed in the rear and further to the right. The rebel infantry moved up cautiously through the wood, firing as he could get a view of us. Capt. Flanders perceiving that they were gathering upon him with the evident intention of bagging his men—for he was now more than a quarter of a mile from the regiment—ordered a retreat. His command was heard by the rebels, who instantly sprung out of the wood with a yell and fired a rattling volley upon his company. It was just jumping a fence as the volley came, but strange to say not a man was harmed. The company continued to fall back slowly, firing as it withdrew and sending a deadly missile at each discharge. After retreating in this manner until it could shelter itself behind an embankment formed at the edge of a small pond, it made a stand for some fifteen minutes and did excellent service in firing upon the rebels now occupying its former position in the road.

"Co. E was not so fortunate. Its captain was killed at the first discharge of the enemy, when it withdrew and joined the regiment. By this time the rebel battery had moved up to the junction of the roads and began to send a most destructive fire upon our forces. Co. F was recalled, and the 8th New Hampshire formed in line of battle. Gen. Weitzel had now crossed the bayou and was giving directions for the fight. He ordered the 8th to advance and charge on the battery. It no sooner heard the order than it started upon its execution with a will and determination that would brook no opposition. Though the fire from the battery was terrible, the men steadily moved forward, leaping ditches, climbing fences, and passing under brush, which under other circumstances they would never think of doing, until they had approached near enough to send a most deadly volley upon the enemy. Then "charge bayonets!" was ordered. Instantly the "double quick" was taken up and a yell sent forth that rose above even the roar of cannon. No more was heard from the battery. The rebel infantry fired a few volleys, and the battle was over and we the victors. * * * The 8th had 11 killed and 30 wounded. Among the former were two line officers, Capt. John Q. A. Warren, Co. E, and Capt. John Kelliher, Co. K. Braver men never went into battle, and they fell as true soldiers could wish—facing the enemy—shot each through the breast. They now sleep together in the same strong box under the sod near the battle field. Stout hearts wept as they were given up, and the glory of the victory was forgotten in the bitter sorrow at their loss. As you will perceive, the 8th N. H. had the brunt of the fight, and gloriously did she sustain it. Though the shot and shell of the whole battery swept through her ranks almost decimating them, the men pressed forward with bravery and daring that would know no repulse. Col. Fearing, commanding, acted with the spirit of an old soldier, and proved himself a brave and worthy leader. Lieut. Col. Lull and Major Smith both behaved with much gallantry. The Major, though sick and unable to ride his horse, took part in the action, and exhibited the true qualities of a soldier. At night, the 8th had the honor of bivouacking on its first battle-field, and on the very spot where the fight was hottest."

☞ The Portland police have arrested four women for stealing from clothes lines, and have recovered a large quantity of clothing, &c. Two of them are washerwomen. They would wash for families on Mondays and then go at night and steal the articles from the lines. In one case, one of them went on Sunday night, knowing where the articles were placed, and stole the "washing" for the next day, and a carpet with it.

☞ Steamer Welland, Capt., Arnold, from Montreal for New York, arrived at Portland on Friday afternoon, having put in to coal up. This is the steamer which so frightened our people down east, they supposing it to be the Alabama. Capt. Arnold states that he put in to Frenchman's Bay to avoid the storm.

☞ The U. S. gunboat Kearsarge arrived at Cadiz, Nov. 3, from Algeciras.

LETTER FROM NEW YORK.

From our Regular Correspondent.

CLINTON PLACE, N. Y., Nov. 26.

GREENWOOD CEMETERY.—*Dear Chronicle:*—Of the many attractive spots in the vicinage of this busy metropolis, to which the toiling millions repair to exhilarate and invigorate, both their mental and physical abilities, by a transient enjoyment of the freshness and beauty with which nature's works abound, not one more fully repays the tourist or more ardently excites his admiration for the beautiful, than Greenwood, "the city of the dead," in its attractive combination of sad reality, perfect loveliness, exquisite taste and unequalled splendor.

There are two ways of seeing these attractions, both of which are largely patronized,—in carriages, to hire outside the grounds to ride the circuit, and have a passing glance at principal points, the *chef d'œuvres*, to admire what you can see, and imagine what you can't, to listen to the driver as he informs you with a foreign accent, (don't imagine I mean Italians—sons of Italia don't drive ten-shilling hacks in Greenwood,) that "this is this, and that, that, belongs to so and so, and cost so much;" or to foot it—wander at will amid the intricacies of its cross-roads and by-ways; to lose one's course in the labyrinths of paths; to revel in the paradisical beauties of the hills and vales, crested with trees, enfolding in their shadows the silvery lakes and crystal fountains.

Both ways should be enjoyed if practicable, as both have their advantages: the one opening to receive that which is marked, rich, showy and gorgeous, and the other, besides these, all those little gems which, like the charming daisies and violets of the field and garden, unless you press aside the sheltering leaves, are hidden, unseen.

It would be prolonging my letter beyond your limits, and the patience of my readers, to enumerate the multitude of artistic works which beautify the grounds; but among the most costly are, the fireman's monument, a splendid marble shaft surmounted with a large statue of a fireman rescuing a child from the conflagration; the "Canda tomb," erected in memory of Miss Charlotte Canda, who was killed by being thrown from her carriage while returning from a party in commemoration of the attainment of her eighteenth birthday—cost $30,000, constructed of beautiful chaste marble, in the style of a Gothic temple, in a recess of which is a life-size marble statue of the deceased,—the grounds around being tastefully adorned with statuettes and flowers; the "pilot's monument," in memory of the pilot of the ship John Minturn, lost on the Jersey coast—the shaft surmounted with a large statue of the unfortunate mariner, and ornamented at the base with a fine imitation of a broken cable; the "captain's monument," the owner and original of which is still in the land of the living. This is a life-like and life-size marble representation of a certain Captain Corregio. On his passage from foreign parts about seven years since, he had as passenger on board his vessel, a poor Italian and family; his sympathies excited for his *compagnon du voyage*, he furnished a choice block of marble, and out of it the artist sculptured this resemblance of his benefactor. He is represented standing on a pedestal, sighting through a quadrant, and the delineation, the position, and expression, are perfect in the extreme. In addition to these, and well worthy of examination, are the Niblo, Chauncey, and many other tombs, costing from $25,000 to $30,000 each, and the childrens' lot, with the graves ornamented with the playthings with which they amused themselves in life.

But these are but a tithe of the attractions which, like those set forth in the placards, are too numerous to mention. These pencillings will have the desired effect if they but faintly impress those who have not already availed themselves of the pleasure of the necessity of visiting Greenwood, before they can do full credit to magnificent New York, and the unrivalled splendors of its beautiful environs.

Your glorious 16th regiment, with its characteristically creditable Portsmouth representation, passed through here yesterday. Several pages of encomiums wouldn't do them justice. I will only say that I spent, most agreeably, about two-thirds of Monday with the finest company of one of the best regiments that has ever graced the Metropolis, and that company was K, of the 16th N. H.

In reference to the conundrum in my last, the reason why Joseph's brethren put him in a pit, was because they thought 'twas a good *opening* for the young man. And this suggests another—why the milkmen of New York are like Pharaoh's daughter? Because they take a *little profit* out of the *water*. Yours, why-is-ly, NEWINGTON.

☞ Two immense Columbiads, weighing 14,822 pounds each, manufactured at Fort Pitt, arrived at Philadelphia recently, on their way to New York. It is understood that they are intended for one of the forts commanding the entrance to New York harbor. Other pieces of like character are said to be in process of casting in Pennsylvania for the same destination.

CORRECTION.—In the Daily Chronicle of Saturday, appeared a curious item of news to this effect:—

"The Vermont House of Representatives, by a vote of 127 to 46, has decided to place in the statute book the fugitive slave law, which the committee for the revision of the statutes, appointed last year, omitted on the presumption of unconstitutionality."

In case anybody wonders at this, it is only needful to say, that Vermont never had and never will have a fugitive slave law on her statute book; but she did have a *Personal Liberty* law, the very opposite of the slave law; and this personal liberty bill was laid aside by the committee last year, but is now restored by more than a two-thirds vote—almost three-fourths.

☞ Launched, Nov. 24th, at Mystic, Ct., a fine ship (not yet named) of about 1300 tons, built for John A. McGaw, Esq., of N. York. She is 190 feet long, 38 feet wide, and 23 feet depth of hold. She is to be commanded by Capt. John S. Pray, of this city.

☞ The fact that the revenue of Nova Scotia has fallen off $1,000,000, in 1861, owing to the interruption of Southern trade, may account for the hostility of the N. S. to the U. S.

☞ Nine thousand Italian priests have just presented a petition to the Pope, in which they entreat of him, in the name of religion, to abandon the temporal power.

☞ The Richmond papers mention the discovery of extensive forgeries on the State Treasury of Virginia. Suspicion fell on E. Hunter Taliaferro, first doorkeeper of the Senate. He has been arrested.

☞ Rev. Rufus W. Clark, D. D. of Brooklyn, N. Y., (formerly of this city) has received and accepted a unanimous call to become the pastor of the First Reformed Dutch Church, of Albany, N. Y.

☞ It is ascertained that Capt. Gourley, of Alabama, was the murderer of Brig. Gen. Robert L. McCook, while he was being conveyed sick in an ambulance, a short time since.

☞ A Washington dispatch says Admiral Milne, of the British North American squadron, is in pursuit of the Alabama.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,

PHILLIPS, wholesale, Portland.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, perfect regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most eminent *Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

For sale in Portsmouth by THACHER and PRESTON.

LAUGHTER IN NEW HAMPSHIRE.

The late Democratic State Convention in New Hampshire, considering the fearfully funeral business upon which it met, was decided y in luck. Remembering that it is, so to speak, a deposed dynasty, we may congratulate the New Hampshire Democracy upon the possession of a certain funny physician named Batchelder, who introduced his method of cure—a kind of Gigglepathy—to the Convention, and made jokes for the members about the "inevitable nigger," which were received, we are told, with roars of merriment. Taking into account how small will be their temptations to laughter after the election, perhaps it was merely prudent for the delegates to exercise their diaphragms before that event; for if he laughs who wins, the victims of predestinate defeat must secure their quantum of the amusement before their solemn fate is determined, if they would have it at all. "To-morrow we may be dying," very justly thought these democrats—"let us be merry while we can." Of the pure philosophical school of Democritus, the drearier their destiny the heartier their guffaws became, under the persuading influences of the droll doctor, who is, we take it, like one of those old-fashioned quacks, who, in other days, were wont to dispense mercury and merriment from a stage at country fairs. We give the Doctor this publicity because we cannot sufficiently admire his pluck, in being jolly under circumstances which would have daunted Mark Tapley himself. We must add that we give him credit, too, for an exceeding ingenuity for discovering new materials for laughter in the "nigger"; for we really thought that Buckly and the rest of the lamp-black boys had exhausted the fountain of sable farce. If any of our readers are laboring under the green-and-yellow coaplaint called melancholy, we cordially recommend them to seed fifty cents and a few locks of their hair to this New Hampshire Paracelsus. He is "death on gloom" as other accomplished quacks have been "death on fits." He is a walking, grinning, giggling, cachinnating, tittering, smiling proof of the excellence of his own theory, and the infallibility of his own practice.—Here is the country in a condition of the most cruel anxiety; we are bereaved, we are drafted, we are impoverished; in hundreds of homes there is weeping for the dead, and terrible suspense, and fear of the next news, and sickening anxiety until it come; but in spite of all this weary woe the irrepressible Dr. Batchelder mounts the stage, with his budget of quips and quirks, and soon has the grave Democracy of New Hampshire in a roar worthy of any peep show or penny theatre. The man who can do this should not content himself with peddling pills in the rural districts. He has a right to aspire to metropolitan fame. With a little chalk upon his cheeks, and red ochre on the tip of his nose, he would be invaluable in a travelling circus. We cordially recommend him to our friend Barnum as a partner in a course of merriment. With the two dwarfs to make jokes and the Doctor to laugh at them, we believe it would be necessary soon to enlarge the cash-box of the Museum.

If we are ourselves exhibiting a little ill timed pleasantry, we must plead the contagion of example. It is impossible to write of this Medical Momus in a serious way.—Perhaps, if we were to take a few lessons of him in the art of laughing—will he be kind enough to send us a card of his terms for twelve lessons?—we too might see silvery lining to our sombre cloud. Who knows but the Doctor might found a new pro-slavery sect? Some say that the institution is patriarchal; others affirm it to be ethnological; others, still, find authority for it in the curse of Canaan. Now might not Batchelder take the ground, that whereas "there is a time to laugh," so God gave us slavery to laugh at—slavery with its shames and crimes, its cruelties, follies and inconsistencies? When Sambo writhes under the lash, what can be droller? When his wife is cowhided, is there not entertainment in every scream? It is such a joke to part mother and child! It is such a perfection of comedy—this exhibition of human will, utterly depraved, and of human weakness, utterly down-trodden! Roar away, Dr. Batchelder! roar until your breath fails and your sides ache! Why shouldn't you laugh? Are there not laughing hyenas?

We believe that the jovial Batchelders of the day should be encouraged to new efforts in laughing at the blacks, because it really begins to be doubtful whether, after all, the blacks will not too soon have the laugh against us. We can imagine one of these ebony butts, of ordinary intelligence and a sardonic turn of mind, chuckling in a way which would afford a new study for the Ethiopian serenaders, at the particularly hot water in which his light-colored superiors are floundering. While he has nothing to lose, and can hardly sink to a lower depth of misery, he has the retributive compensation of observing our wars and our wastes, our bereavements and our bankruptcies, our failures and our fears. The man must be purblind, at least, who does not see, that in all these distractions, the celebrated curse has been mysteriously transferred from the shoulders of Canaan to our own. The New Hampshire Doctor does well to laugh while it is possible. He cannot tell whose chance it will be next.—*N. Y. Tribune.*

☞ The East Boston Sugar House Company, financially embarrassed some three years ago, has since that time paid off a debt of about $400,000, and in addition has recently declared a dividend of 5 per cent!

☞ Congress commences its session today. The President's message is looked for with more than usual interest.

☞ The Bridgton Reporter knows a man who when he went a-courting, walked two and a half miles to save *one cent* toll!

Local.

NOTICE.

From this date, the Prices of our Daily and Weekly issues will be—

DAILY CHRONICLE $5 per year, or $4 in adv. 40 cts. per month, 10 cts. per week, 2 cts. per copy.

N. H. GAZETTE, $1.50 per year, or $1.25 in adv. Single copies 3 cents, in all cases.

Portsmouth, Dec. 1, 1862.

☞ Mr. Avery announces that from Dec. 1st, the price of the Boston Journal and Traveller will be $9 per year, or 75 cents per month; the Herald $6 per year, or 50 cents per month. This he states is 56 cts per year cheaper than the papers can be obtained by mail or in any other way. Of course the increase is not of his preference, nor to his interest—nor to anybody's else, as to that matter, so far as we can see. It is simply a necessity of the times.—The Traveller and Journal will be 3 cents per copy, and the Herald 2 cents—which is as cheap as they ever ought to have been.—The Transcript is also raised in price like the Journal and Traveller, while the Post, Courier, and Advertiser remain at these (their old) same rates, but are reduced in size.

MARRIAGES.

In Strafford, Nov. 2, Mr. CHARLES M. JEWELL, of Barrington, to Miss MARIA L. WINKLEY, of Strafford.

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. This Salve is used for the following diseases:—Burns, Bruises, Frost Bites, Chapped Hands, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Felons, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Boils, Stiles, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.

E. A. STEVENS,

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The novel—the peculiar feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Cooking Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. E. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, Jr. Melvin Hunting, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Chesver, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Cannon, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Laughton, Joseph Stiles, John Santer, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben F. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quality of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

From the Journal

Mr. Alexander Barri, aged 27, son of Bartholomew Barri, Esq. of this city, died Oct. 31, at Bellevue Hospital, N. Y. His funeral took place on Sunday, Nov. 2, from the Universalist Church, Cambridgeport. The Washington Home Guard, accompanied by the Cambridge Brass Band, performed escort duty. The Cambridge Chronicle says—Mr. Barri was among those who responded to the first call of the President for three months volunteers. He was a member of Wightman's Rifle Company, Capt. Clark. He was wounded at the battle of Big Bethel, and was sent to the hospital, and subsequently came home, in consequence of his wound, from which he never fully recovered. He enlisted again in the twenty-second regiment, and was present in several battles before Richmond. Just before one of these battles he was attacked with typhoid fever, but slightly improving, such was his earnestness to be with his company, that he left his sick bed and marched a long distance with his regiment. In consequence he had a relapse, and for five months previous to his death, he has been an inmate of the hospital. His wife and sister were with him in his last moments, and everything which was possible was done to alleviate his sufferings.

Departure of Capt. Jenness' Company.—On Tuesday afternoon this Company left for their camp at Concord, having been mustered into the 17th Regiment. The stores were generally closed and the bells of the city rung on the occasion. A large crowd assembled before the Custom House to bid the Company adieu. Here the Company was drawn up, and Capt. Jenness presented with a handsome sword, sash and belt by members of the Home Guard, Sergeant J. H. Head acting in behalf of the donors in the following presentation speech:

Capt. Jenness: The kind attentions that you have shown to the Home Guard since its organization, have been received with gratitude by every member connected with the company, and we meet here on this occasion to show to you our appreciation of your generous services, by presenting to you a slight memento as a token of our esteem and friendship.

In behalf of the officers and members of the Home Guard, I offer you this gift. It is an emblem of the profession to which you have recently tendered your services, and we trust, that wherever the enemies of our country are found, you will use it with energy and vigor. And, wherever the fortunes of war may call you, on the march, in the camp, or on the battle-field, rest assured, that the kind wishes of each member of this company will always follow you.

Take this sword, and preserve it in memory of this day; keep it in memory of the associations that have clustered around our organization, who will always be proud to acknowledge you as an honorary member. And I intrust it to your keeping I would urgently request you to preserve it in honor of our country and the just cause for which you are about to fight.

Capt. Jenness responded in a brief and soldierly address, thanking the Home Guards and assuring them that it should be his endeavor so to use it as not to bring any disgrace upon the elegant gift.

Escort duty was then performed by the Home Guard, members of the Fire Department, and the City Government, attended by the Portsmouth Cornet Band. The Company left the depot amid the hearty cheers of those assembled there.

We give our readers a full copy of Dr. Batchelder's speech, a part of which was published in the Chronicle, so that those of the Dr. Batchelder party who did not hear it delivered, may have the pleasure of reading it as recited by him:

Dr. Batchelder seconded the platform, and spoke for a few moments in a very excited manner. He announced himself a rebel. He was locked up for forty days in a jail he had never seen the inside of before, because he was in favor of a free government for white people and not for niggers. Slavery was right. It could not be proved that slavery was a sin. Any physician could disprove this position. The fore-arms of negroes were four inches longer than a white man's. They never sprung from Adam. The doctor gave several other of the negro's physiological peculiarities, and said, "God never made an animal, except a skunk, that smell half so bad." Governor Berry received a liberal amount of denunciation. The doctor then proceeded to give an account of some of his own peculiarities. He announced himself as "death" on ministers.—They had preached the negro twenty-five years for him, but he hadn't heard them for the space of ten years, because he hadn't been inside of a church for that period. They always preached the negro; and in his house they hadn't converted any souls for a good many years. Niggers were their breakfast, dinner, supper and lodging. The doctor concluded by advising his hearers to go home and vote the Democratic ticket.

At an adjourned meeting of Ward 2, held on Friday, the following gentlemen were elected members of the Common Council: Alfred Staven, Ebenezer F. Brackett, William H. Devereux, William B. Lowd—in place of Messrs. Hurd, Barton, Varrell and Gardner, who declined serving.

Notice.

THE CO-PARTNERSHIP heretofore existing under the firm name of FERGUSON & GARRETT is this day dissolved by mutual consent.

All persons indebted to said firm, either by note or account, will please call and settle the same without delay; and all just demands will be paid when presented for settlement. Either party is allowed to settle the affairs of the late firm.

STEPHEN FERGUSON,

ATTENTION, THE WHOLE!

EYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's Panacea, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pricking pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prescribed, and taking twelve bottles of his Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since CAROLINE B. SWETT.

This statement of my wife is correct.

SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.

HANNAH BOWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1838. Dr Swett:—"Sir, for the benefit of those, who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and wo'n't add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."

WM. P. LEAVITT.

From Elder I. Chesley, *Lee, May 21, 1841.*

Dr. Swett: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humour, and that previous to your visit, I was unable to do any work, and had been confined for a number of months, without her natural rest by day or night. She had applied to a skilful physician, but not contented to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named. ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it does not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall Stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and and iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The Stove is put up in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the exposure of kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brag-don, J. B. Upham, J. Woodman Moses, John H. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pindar, James Shaw, Charles A. Hodgdon, Charles Stimpson, Kittery; Thomas J. Parsons, Rochester; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without oven, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable—and as much so as the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former models, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection is so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the concussion of the air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different size, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT.

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

AS A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

MATHEWS'

VENETIAN LIQUID

HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1840, since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or rub off easily, but is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL softness of the hair,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Gleet, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Tumors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual to business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. DR. DOW has also for sale the French Capsules, warranted the best preventive. Order by mail. Price 1 dollar and a red stamp.

April 7—1y. 3daw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the feminine system. Painful Urine, or Mixing of the Waters, Fluor Albus, Suppressions, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most of the complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. DOW has no doubt had greater experience in the cure of Consumption in youth and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. DOW, since 1845, having confined his whole attention to his office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office hours from 8 A. M. to 9 P. M.

April, 1862—1y8aw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH CAPSULE. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y8aw.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may select the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, or more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Boston, Dec. 2, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Portsmouth, N. H.

TUESDAY, DECEMBER 2, 1862.

THE REBELLION.

A steamer attempted to run the blockade twice, off Charleston, on the nights of Nov. 13th and 15th, but was each time discovered, and being fired upon, escaped in the fog.

A powerful squadron is concentrating in the Mississippi. There are already more vessels at New Orleans than at any time since its capture, and there is great activity in military circles.

The grand army of the South is all in motion. Gen. Sherman left Memphis on Wednesday with his forces. Gen. Grant's army struck their tents Friday noon, and marched off on the Holly Springs road. Seven days rations were prepared. The rebels are falling back towards Grenada, tearing up the track.

New Orleans advices give glowing accounts of a Union demonstration on the 15th. Resolutions were adopted sustaining the Administration and the Union, expressing a desire for the speedy opening of the Mississippi, and endorsing the rule of Gen. Butler. The Delta states that the processions several times gave three cheers for Abraham Lincoln.

Gen. Burnside arrived in Washington on Friday night and had a long consultation on Saturday with President Lincoln and Gen. Halleck, subsequently visiting the War and Navy Departments. A Cabinet meeting was afterwards held.

A dispatch from Fairfax Court House states that Gen. Stahl had made a reconnoissance as far as Upperville, satisfying himself that Jackson had passed southward. Saturday night he encountered a large rebel force of cavalry at Snicker's Ferry, putting them to rout and capturing their colors, 80 horses and a large amount of ordnance and commissary stores, also 80 cattle. General Stahl pursued them to Berrysville, where he broke up their camps and chased the flying rebels within four miles of Winchester.

There was some severe fighting at Cone Hill, Ark., on the 28th, and the rebels were repulsed, our forces camping on the battlefield.

CONGRESS.—The two Houses met on Monday. In the House prayer was offered by Chaplain Stockton. The message of President Lincoln was received and read. He favors African Colonization, and says the opinion among the blacks in this respect is improving. Our foreign relations remain undisturbed. He knows of no mode which promises so certain results as the organization of banking associations, under a general act of Congress. He recommends an amendment to the Constitution,—that every Slave State shall abolish slavery before Jan. 1, 1900, the owners to be compensated by the United States. Slaves gaining their freedom by the chances of war, during the rebellion, to remain forever free,—loyal owners to be compensated. Congress may appropriate money for colonizing free negroes, with their consent, beyond the limits of the United States.

☞ Ralph Waldo Emerson recently delivered a lecture in Boston, on "Perpetual Forces,"—closing with an allusion to the war. He said it was serving many good purposes. It shatters everything flimsy, sets aside false issues, and its cannonade comes crashing through walls that have stood for years. It has not created our false relations, they have created it. It simply demonstrates what was rotten. We watch its course as we did that of the cholera, which went where predisposition already existed. All our political disasters grow as logically out of our attempts in the past to do without justice, as the sinking of some part of your house comes out of defects in the foundation. One thing is plainly certain—personal virtue is essential to freedom. A sensitive politician suffers his ideas of the part New York, Pennsylvania and Ohio are to play in the future of the Union, to be tinged and shaped by the election of rogues in some counties. There is a speedy limit to profligate politics. These poor devils having got so low in morals as the law of nature will suffer, will presently pause before furies they cannot face. The fiercest rat in the ship will not gnaw through to the water. Let the war surge and grind and overturn, and, like the fir, when it finds no more stubble to burn, when it finds no more timidity, nothing but strength, then it will end. The war will show what wrong is intolerable, what makes and breeds all this bad blood.

☞ Commodore William Smith has been ordered to report at New York to take passage on the steamer Circassian for the purpose of taking command of the Navy Yard at Pensacola.

☞ It seems to be no secret now that Gen. Patterson committed suicide while temporarily insane.

☞ The rebel steamer Sumter is advertised for sale at Gibralter.

NEW HAMPSHIRE ITEMS.

—— The 10th Regiment, Col. Donahoe, left Manchester Sept. 22, proceeded to Washington and Arlington Heights, remained there three days, and then marched to Frederick City and Sandy Hook.—Oct. 6 they went up Pleasant Valley to Knoxville. On the 28th left Knoxville, crossing the river at Berlin, and camped at Lovettsville, which they left on the 30th, and marched to Wheatland. They left there Nov. 2d, and camped the same night at Philamont, remained there until the next day, and then went to a point near Upperville and Ashby's Gap, which they left on the 5th, and camped in sight of Rectortown. Left there next morning, arrived at Orleans in the afternoon, drove Stuart's cavalry from thence, encamped on the grounds occupied by them, fed their horses on the forage left by the cavalry, took the hoe-cake out of their fires, and next day marched to Waterloo, where they had a snow storm, and expected an attack from the enemy. In consequence of that expectation the brigade was sent to support the artillery. Remained there until the morning of the 15th, marched about three miles, and witnessed the artillery skirmish, being then thrown out to support the battery. After the retreat of the enemy, they encamped beyond Warrenton or Sulphur Springs, and next morning marched to Bealeton, on the Orange and Alexandria Railroad. Encamped there one night, then marched to another point, where they encamped for the night also, but were sent out as pickets. On the next day (Monday of last week) they arrived at Falmouth. There have been only four or five deaths in the regiment since it left New Hampshire, and no change in its officers.—The health of the regiment is good, though there are cases of slight indisposition in consequence of the recent rains.

—— A bet of $34 was made Thanksgiving day, by some gentleman of Manchester, with a stout laboring man, that he could not draw a buggy chaise from the Temperance House to the Island Pond House in four hours. Placing a strap around his shoulders, the laborer drew the vehicle to the designated spot in two hours and a half.

—— Lt. W. H. D. Cochrane, of the 10th Regiment, has been made Quartermaster of Hawkin's Brigade in the 3d Divison and the 9th Army Corps.

—— The barn of Mr. Franklin Currier, of South Danville, was burnt on the night of Nov. 18, with 4 oxen, 3 cows, and young cattle, with all the hay and grain. No insurance.

—— Dr. C. M. Tuttle, of Littleton, who was charged by a coroner's jury with having caused the death of Miss Mary Frances Coburn, by malpractice, has had his case investigated by the Grand Jury of Grafton County, who found no bill against him, and exonerated him from all blame in the matter.

—— The body of Chancellor Hoyt having arrived from St. Louis, the funeral services will take place at the Church of the Second Congregational Parish in Exeter, to-day (Tuesday) at 1 o'clock.

—— The N. Y. Commercial of the 28th of November says:—

There was considerable trouble at the encampment of the 16th New Hampshire at the Battery barracks yesterday, owing to the fact that the meat served them for their rations was tainted—some of it being almost potrid. A large number of the men were marched to different eating saloons, where they found some susceptible of being eaten without offering a direct insult to the palate. A meeting of a number of the sons of New Hampshire was held at the Bandreth House this morning for the purpose of making arrangements to furnish the men with a good turkey dinner to-morrow. This would have been done yesterday, but it was impossible to make all the necessary preparations by that time. The regiment will therefore partake of its Thanksgiving dinner to-morrow.

☞ The Massachusetts State authorities having decided to receive the amended return of South Boston, Hon. Alexander H. Rice receives the certificate of election to Congress. This is right; for the score or two of votes which turned the scale, were not disguised ballots, but peculiar votes, openly cast and properly counted,—but by the error of the clerk, they were recorded and returned for Mr. Sleeper. The ballots were preserved, however, in good order, as they should always be, and kept by the clerk. A careful examination made bare the error, and led to its correction.

☞ The investigation of the recent disaster on the Boston & Maine Railroad, was closed on Saturday. The two juries, in their verdicts, censure the engineer for not stopping his train when he could not see the target; and the drawman for being asleep and neglecting to shut the draw at the proper time. They further find that the draw tenders were not under definite instruction enough as to the faithful discharge of their duties.

☞ It is reported that another craft similar to the Alabama had sailed from Liverpool to capture and destroy any vessels, sailing under an American flag, and another, it is said, will soon follow.

☞ Our Port Royal correspondent, J. H. J., sends us a file of the New South, up to Nov. 22, containing a good account of the expedition to Pocotaligo. The editor alludes to the story published in many northern papers, that four negro deserters betrayed our troops, and were seen in the rebel ranks,—calls it a *"malignant lie,"*—and deems it absurd. He says:—

"We would like to see the brave fellow who, in the heat and ardor of the fight, got so far in advance of his comrades and so near the rebel lines as to be able to distinguish the dusky features of these four negroes. Let him reveal himself. Such modesty coupled with keen vision should not remain in shadow!"

The story is thus shown to be an electioneering *canard*, made for effect on the elections in the North.

☞ After so long a time as has elapsed since the news of a riot or insurrection at St. Vincents, we have just got a glimpse at the cause of it. The laborers there are chiefly negroes, the former slaves and their descendants, who have been for nearly five and twenty years hired laborers at low wages, enough for a subsistence. The landed proprietors, who hire these laborers, recently undertook to cut down their wages still lower. The laborers protested and resisted,—hence the disturbance and bloodshed. The papers have as yet not told us many particulars,—but as they say there will not be much work done there for some time to come, we may conclude that the proprietors "took nothing by their motion," except disappointment and confusion.

☞ Quite an excitement was created in St. Louis on Monday by the statement that counterfeit $5 Treasury notes—photographs of the originals,—were in circulation. The alleged counterfeit proved to be a genuine bill which had passed through the hands of a butcher and become greased so as to be partially transparent.

☞ A German woman, a passenger on the freight train up, was killed at Birmingham, Conn., on Wednesday afternoon. She was standing on the platform of a passenger car, with a child in her arms, and when the cars came together to couple, she with the child was knocked between them by the shock. The wheels of one of the cars crushed her neck, killing her instantly. The child escaped with only a bruise.

☞ A student of the Wesleyan University, Middletown, Conn., sold himself as a substitute for a drafted man, for the snug little sum of $300; subsequently as substitute prices declined, he bought one for himself for $200, making $100 clear. He then got married, went on a wedding trip, and returned to find his substitute skedaddled, and he had to take his place.

☞ The Portland Advertiser, formerly a republican paper, is now the able and earnest advocate of slavery, to which it devotes many columns. It is owned by Hon. F. O. J. Smith, and is supposed to represent his views on the subject,—but it does not agree with those of most republicans and loyal democrats in Maine or elsewhere.

☞ The Nassau Guardian states that the rebel steamer Antonia, late the British steamer Herald, and the Leopard, arrived from Charleston on the 20th. The steamers Arles and Hero were at Charleston on the 17th. Admiral Wilkes, with two steamers arrived at Nassau on the 20th, and signalled for a pilot. A pilot went out and informed Admiral Wilkes that he could pilot him in only by special permit of the Governor, who had issued a proclamation to that effect on the 11th. The Admiral replied that he would not ask for a permit, but would come in without it, and then bore away, and lay to at the distance of three miles from the shore.

☞ Commander Thatcher, of the U. S. ship Constellation, in a letter to the Navy Department, dated 3d inst., says he had received information from our Consul at Beyrout, Syria, that the Sultan's firman, for the execution of the murderer of Mr. Coffing, an American missionary, had reached Adana, while the Constellation was still at anchor near that place. The criminal was immediately beheaded in the presence of a vast concourse, without any popular outbreak.

☞ Commissioner Boutwell has decided that clothing is a manufacture, subject to taxation at the rate of 3 per centum ad valorem, the value to be returned by manufacturers as estimated by assessors in the manner pointed out by the statute.

☞ The Earl of Elgin relinquished a fat berth when he left India. His predecessor went there a pauper peer and returned to England with $1,220,000. The little Duke of Argyle will succeed Elgin. He has but a half a million of income, and it is an act of charity to give him something.

☞ Kerosene that went up in price like a rocket, has fallen some 40 per cent., within a few days, like a stick. It overshot the mark and rebounded. It will be more likely to advance than recede from where it stands now.

HARPER'S MAGAZINE, for December, contains seven articles and stories. Mr. Trollope's "Orley Farm" is concluded, and Miss Mulock's "Mistress and Maid" will be finished in the next number. This number commences the 26th volume. For sale by J. F. Shores, Jr.

☞ Much gossip has been excited in the most select circles of London by the elopement of a young lady of rank with her music teacher. They took their *notes* —£5000—with them.

REV. A. BOSSERMAN,
of Richmond, Va., will
LECTURE,
AT THE TEMPLE,
On WEDNESDAY Evening, Dec. 3,
—On—
EXPERIENCES IN PRISON LIFE, WITH THOUGHTS AND REFLECTIONS ON THE REBELLION.

Notice to Housekeepers.
Rubber Band Carpet Sweeper.
TRY IT! TRY IT!!
It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.
It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust by being on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.
It does not wear the carpets half so much as brooms or any other sweeper.
It is the only practicable sweeper made, and the only article fit to sweep a carpet.
With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by
ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

The List is now open
For Subscribers for MOORE'S FREEMASON MONTHLY MAGAZINE at S. A. AVERY'S, No. 29 Congress Street. Price $2 per year.

This Salt is put up in bags containing 20—10—5 lbs. each, and is for sale at the lowest Boston Cash rates.
All orders sent by mail or left at the Mills, will receive prompt attention.
WENDELL & MOSES.
Portsmouth, July 7, 1862. 1y

Have you used the Strela Matches?
J. F. SHORES, JR., No. 1 Congress Block, has just received from the manufactory a large lot of
STRELA MATCHES.
These matches are without sulphur and without smell in burning, which adapts them for the Sick Room, the Parlor, or for general use, being nearly as cheap as any other kind of Matches. They are put up in boxes of 150 matches, and are sold at the low price of 25 cents per box, or 12 boxes containing 1800 matches for 25 cents—being 72 for a cent!
Dealers supplied at the manufacturer's price.

"Carbon Fluid"
Burns in any Fluid Lamp, gives more light, lasts as long, and is just as safe as the old style Fluid. For sale by L. LAIGHTON, 44 Market St.

GRACE'S CELEBRATED SALVE!
A Sure Relief for the Sufferer!
This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day, and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Flesh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Pesters, Shingles, Cancers, Whitlows, Itch, Stiff Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the skin.
There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.
Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.
M. S. Burr & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.
One Box sent postpaid by mail to any part of the United States, on the receipt of 28 cents—or three Boxes for one dollar.
For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores everywhere. m3o4

THE CONFESSIONS AND EXPERIENCE

of an Invalid. Published for the Benefit and as a warning and a caution to young men who suffer from Nervous Debility, Premature Decay, &c.; supplying at the same time the means of Self-Cure. By one who has secured himself after being put to great expense through medical imposition and quackery. By enclosing a post-paid addressed envelope, SINGLE COPIES may be had of the author, NATHANIEL MAYFAIR, Esq., Bedford, Kings Co., N. Y. marl9sputdawly

Important to Females.

DR. CHEESEMAN'S PILLS. The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS
was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health becomes impaired.

DR. CHEESEMAN'S PILLS
are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, perfect regularity.* They are known to thousands, who have used them at different periods, throughout the country, bearing the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

Communication.

☞ At the breaking out of this Rebellion, Mr. Bosserman (who is to lecture at the Temple on Wednesday evening,) was the only loyal clergyman in Richmond. He was imprisoned for three months in a negro jail, for his Union sentiments, and for refusing to pray for the Confederacy. He is recently from Richmond, where he frequently visited the rebel Congress. He has lectured to crowded houses in Philadelphia, New York, Boston and other prominent cities. His lecture itself, being deeply interesting and instructive, should insure a general hearing. But, coming as it does, from one who has stood firmly and alone in defence of his country, at the loss of all his *property*, and even *personal liberty*, his congregation should be,—and we believe it will be,—limited only to the capacity of the Temple. Come and hear the Christian *scholar, orator* and *patriot.*

☞ The Annual Meeting of the Rockingham County Agricultural Society, was held at the City Rooms in Portsmouth, on Monday, Dec. 1st. The old Board of Officers was re-elected—and there was no other business presented.

The Republican party, in one respect, has been the most successful that ever existed in this country. No other party within our knowledge has ever come up in practice to its theories before it came into power; and all others have failed to carry some measure which they guaranteed the people; but in less than two years after the election the republicans have exhausted the Chicago platform, answering every promise they made the people on the election of Mr. Lincoln, and doing more even than that.—They have abolished slavery in the District of Columbia, prohibited its introduction to the territories, passed the Pacific Railroad bill, forbidden polygamy, and passed the Tariff bill. This covers the whole programme issued; and when the proclamation of emancipation is signed on the 1st of January, that will be gratis.—*Newburyport Herald.*

☞ The New York critics make no end of fun of Brignoli in the new opera. He is too vain to wear a wig and coarse jacket and appear like a reaper, and is so ungainly that the pretty Frenchwoman, Cordier, is seriously embarrassed; but then his delicious voice atones for all.

☞ Mrs. Sophia Stewart, the last of the ancient royal family of Scotland, has just died in her 91st year. She was descended from Walter, first baron of Kincardine, who was son of the Earl of Buchan, and Lord of Badenoch, son of Robert II., of Scotland.

☞ The steam frigate Vanderbilt arrived at New York on Saturday, from a search for the pirate Alabama. She has steamed 4000 miles, having cruised from the Grand Banks to the southward of Bermuda. She spoke a large number of vessels, but only one had seen the pirate.

☞ The iron-clad steamer Passaic arrived at Fortress Monroe at 1 o'clock on Saturday. Off Cape Henry she started two bolts in her boiler, and was towed in. She behaved very well at sea.

☞ The authorities have decided to receive the amended return of South Boston. Hon. Alexander H. Rice receives the certificate, as Member of Congress from the 3d Massachusetts district.

☞ The Nationalities, of Turin, announces the arrival in that city of M. M. Klapka, Kossuth, and Teleki, who, it adds, are preparing to start for Greece with a large number of Hungarians.

Preserve Your Cider, and Keep

it sweet. Buy a bottle SULPHITE OF LIME of WILLIAM R. PRESTON, Apothecary. It will keep a barrel of Cider perfectly sweet for any length of time.

Kerosene Lamps.

A large assortment of Kerosene Stand LAMPS which will be sold at very low prices for cash, at No. 12 Market street, by ALFRED STAVERS,

ALBERT A. PAYNE, 57 Market Street, is constantly receiving and has for sale,—

FRESH RAISINS, CURRANTS, CITRON, SPICES, APPLES, CRANBERRIES, NUTS, ALMONDS, EGGS, BUTTER, FLOUR, LARD, SUGARS, white and brown, MOLASSES, and Family Groceries of prime quality, as usual.

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the perfumer having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only twenty-five cents a bottle, by all Druggists.

E. A. STEVENS,

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!
THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long! or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men: for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pottigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. I. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos. Murphy, Capt. Wm. Lambert, Joseph Stiles, John Seaver, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Appledore's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Furnald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Geo. Clement, March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben F. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept through the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

HENRY L. GARRETT.

Portsmouth, June 10th, 1862.

Having bought the interest which Mr. Henry L. Garrett had in the late firm of FERGUSON & GARRETT, the undersigned will continue the

Grocery & Provision business,

at the same place, trusting by strict attention to his customers and the public to receive a share of their patronage. STEPHEN FERGUSON.

Portsmouth, June 10th, 1862.

American Union Store.

The Subscriber respectfully gives notice that he has taken the

STORE NO. 89 MARKET STREET,

lately occupied by J. B. UPHAM, Esq., for a

Retail Grocery and Provision Store!

And by strict attention to his customers, he hopes to merit a share of the public patronage.

H. L. GARRETT.

Portsmouth, Aug 8, 1862.

THE peculiar taint of infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which are known to be of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

☞ ATTENTION, THE WHOLE! ☜

EPPING, N. H., Feb. 20, 1846. "I hereby certify that my daughter had been troubled with a humor for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A Humor had been in our family for the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since. I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure, by emetics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since CAROLINE H. SWETT.

This statement of my wife is correct.
SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I can find no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and we can add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, what my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. mayl6

Desirable Residence
ON MIDDLE ROAD FOR SALE

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 15 feet each.

The house was built by the day, ten years since, by the late Wm. P. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and is over 200 feet deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction

REAL ESTATE IN GREENLAND
FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. HUNTRESS, and now occupied by CHARLES H. MENDUM, Esq. The house is 40 by 30 feet in extent, and has built about six years since; very convenient; heated by a furnace; has a barn and carriage-house attached; sufficient quantity of excellent water; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school-house, and the railroad depot to Concord, Boston and Portland. The above is one of the finest country residences in Greenland. Possession given about the 1st of October. For further particulars apply to

FRANKLIN HOUSE
Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the traveling public that has so long been extended to the house. A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase. The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting the section of the State.

A good STABLE is connected with the house. Those persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise We would refer to Messrs. Geo. L. Trenowell, Oren Brag don, J. R. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pindar, James Shaw, Charles A. Hodgdon, Charles Simpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moistened agreeable;—and as pure as the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former models, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, but are forced up by the admission of cold air through the fire-pot, which renders them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Aperient, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the kidneys, and thus expels Gravel, Tonic, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE—This celebrated Dye was first prepared in 1845; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or change, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest and most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Ulcers, pain and swelling in the region of prostrate, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Inguinal Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 3taw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all disorders incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the sufferer is soon restored to perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April, 1862—1y33aw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the "FRENCH SECRET. Order by mail. Price $1 and a red stamp.

4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
"The Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, DECEMBER 3, 1862.

CONGRESS.

MONDAY.—The Senate transacted only the formal business of opening the session. In the House, a resolution was adopted instructing the Naval Committee to report the cheapest mode of placing vessels of war on Lake Ontario, and of establishing water communication with the other lakes.

PRESIDENT'S MESSAGE.—After briefly expressing reliance upon Divine Providence, the President states that if the condition of our relations with other nations is less gratifying than it has usually been, it is certainly more satisfactory than we might reasonably have apprehended. In June last there were some grounds to expect that the maritime powers which had recognized the rebels as belligerents, would recede from that position, but our subsequent reverses have delayed that act of simple justice. Our struggle has been of course contemplated by foreign nations with reference less to its own merits than to its supposed and often exaggerated effects, and the consequences resulting to those nations themselves.

The treaty with Great Britain for the suppression of the African slave trade has been put in operation with a good prospect of complete success.

The blockade of three thousand miles of sea coast was attended with difficulties, and it was to be expected that occasional mistakes would occur, and some injury be inflicted on foreign nations. In such cases, as far as possible, complaints have been redressed. There are, however, many doubtful cases, to settle which mutual conventions have been proposed by the President—especially to Great Britain, France, Spain and Prussia.

In regard to colonization, the President says he has declined to move any colony to any state beyond our limits, without first obtaining the consent of its government. Liberia and Hayti are as yet the only countries to which colonies could go with the certainty of being received as citizens, and the negroes do not seem willing to emigrate to those countries as to some others; however, the opinion among them, in this respect, is improving.

The President has favored the project of connecting the United States with Europe by an Atlantic Telegraph, and a similar project to extend the telegraph from San Francisco to connect by a Pacific telegraph with the wire which is being extended across the Russian Empire.

The President suggests a scientific exploration of the mineral regions in the territories, with a view to the publication of the results at home and in foreign countries.

The National finances are next considered, and the plan of a general banking law, for the circulation of notes based upon the pledge of federal stocks, is recommended.—An opportunity would be afforded to existing institutions to reorganize under the act, substituting only the secured uniform national circulation for the local and various circulation, secured and unsecured, now issued by them. The expenditures for the financial year ending June 30, 1862, are stated at $474,744,788.16.

The operations of the war and navy departments are briefly passed over, as too important to allow of abridgment from the detailed reports of the secretaries of those departments.

The Post-office Department presents the gratifying result of a great decrease in the usual deficiency between revenue and expenditure, owing to the introduction of economy in expenses, increased correspondence in the loyal States, and the saving of expense from the discontinuance of profitless routes in the seceded States. The Public Lands have ceased to be a source of revenue. It is recommended that the system of Indian laws be remodelled. The agricultural department has been successfully organized. This department has established an extensive system of correspondence and exchanges, both at home and abroad, which promises to effect highly beneficial results. It will soon be prepared to distribute large seeds, cereals, plants and cuttings; and has already published much valuable information, in anticipation of a more elaborate report.

This comprises about half the message.—In the remainder the President states plainly a specific plan for compensated emancipation, by means of amendments to the Constitution. These amendments are to this effect: Every State abolishing slavery before Jan. 1, 1900, shall receive compensation from the United States; Slaves becoming free through the chances of war, shall remain forever free,—their owners, if not disloyal, to be compensated for them; Congress may appropriate money and otherwise provide for colonizing free colored persons, with their own consent, at any place or places without the United States.

These amendments are discussed at length, as "without slavery the rebellion never could have existed, and without slavery it could not continue."

THE REBELLION.

Deserters from the rebels agree in asserting that Gen. Lee and associates are puzzled over the movements of our army.—During the past week the rebels have abandoned their old line of earthworks, apparently for a new one about a thousand yards in the rear. They have now about 25 redoubts, also works and rifle pits commanding every road leading out of Fredericksburg.

300 New York soldiers were surprised and captured on Friday night, near Falmouth. Gen. Hooker was much incensed, and is said to have dismissed from the service the Colonel commanding the brigade in which they were.

A U. S. gunboat, which appeared off Fredericksburg on Sunday night created a visible consternation in the town. Twelve large siege guns have just been sent to Gen. Burnside. The N. Y. World has a somewhat improbable dispatch that General Hooker has been appointed to succeed Gen. Burnside.

New Orleans advices report that Com. Farragut, with a large fleet, is ready to ascend the Mississippi, to co operate with Com. Porter in reducing all the places now held by the rebels.

Communication.

☞ The new Pope is nominated. "Geo. Francis Train the Critic," as the New York Sun calls him, has nominated Archbishop Hughes for the next Pope, and has said that Cardinal Wiseman cannot be elected, because he belongs to paralytic England.—In a column of glittering bombast, Mr. Train mixes up a lot of reasons, true and false, for the election of the Archbishop, and his residence as Pope on the banks of the Hudson, rather than at Rome. He says of the Rt. Rev. candidate:—

"He would have been Cardinal, but was too modest. He declined it; but now we may make him the Pope. Rome is exploded.—The holy places are no longer at Jerusalem. The Catholic Church is working westward."

And then as to the Catholic Church he says:—

"Catholics never go round among our people with a hat. They are not Christian beggars. They never talk politics in the pulpit. They do not believe black men are any better than white men. The Catholic Church in America ought to demand the Papal See for John of New York. *The times are changing.*"

As to their *not* talking politics in the pulpit, it is false altogether, for Archbishop Hughes himself preached a *first rate* political sermon on his return from a mission to Europe, which sermon was reported and sent all over the country,—and no class of preachers or politicians speak more freely on such matters than the Catholics. It may be quite true that the Catholics do not believe the black men to be better than white ones, but the Catholic Church believes them to be exactly as good, and shows her faith by her works,—for she has negro priests mingling in equality with others at her altars, and negro devotees kneeling with their white brethren and sisters on the pavements of her churches, drawing no line between them.

Aside from all this, however, there are good reasons enough why John should be Pope;—and he will be, if he gets votes enough—a very popular Pope in America and Ireland.

☞ The Boston Post publishes a long list of facts from the 8th U. S. Census, showing the condition of the country compared with 1850, from which we take the following:—

"Population in 1850, 23,067,262; in 1860, 31,148,047; increase, 35 48-100 per cent., and contains 730,000 more males than female. This is the only country containing an excess of males.

"The population has doubled in 25 years, and quadrupled in wealth.

"Since 1850, 50,000,000 acres of land have been brought under cultivation.—There are more horses, oxen, mules, &c., employed in agriculture than men, and this is the only country that possesses this advantage.

"Since 1814, 3,250,000 emigrants have arrived from Great Britain and Ireland; 1,486,044 from Germany; 208,063 from France.

"One ninth of the whole colored population are mulattoes.

"One-fifth of our entire population attend school.

"The mortality in 1850 was 1 41-100 per cent.; in 1860, 1 27-100. Eighteen States have reduced their mortality from 1 60 to 1 27-100 on average. Ten Southern States have increased in their mortality from 1.23 to 1.42, on average.

"There is one blind in every 2740 of the population; one deaf and dumb to every 2080; one idiotic to every 1666; one insane to every 1310. The increase of death from delirium tremens was 56 per cent.; from violent deaths 65 per cent., being 5.64 per cent. of all deaths.

"Domestic manufactures, including fisheries and mines, yielded in 1850 $1,019,106,616; 1860 $1,900,000,000; increase, 86 per cent., or 123 per cent. greater than increase of population, yielding $60 for every man, woman and child.

☞ The Navy Department has intelligence that the pirate Alabama was expected at the Azores early in November, to obtain supplies. A number of our vessels are in the vicinity.

☞ An insurance company against tornadoes has been started in Freeport, Ill.

NEW HAMPSHIRE ITEMS.

—— A meeting of the blacksmiths of Manchester and vicinity, was held Wednesday afternoon in response to a call to the blacksmiths of Hillsborough county. The following prices were agreed to: For shoeing (new) light horses, such as livery and business horses, $1.25; sharpening and resetting, 50c; toeing and resetting, 70c; for snowball shoes $1.50; shoeing heavy horses, such as team horses, &c., $1.50; for sharpening and resetting, 62c; toeing and resetting 75c, snowball shoes, $2. For shoeing oxen the following prices were agreed upon: Shoeing anew, 16 shillings; for resetting, 8 shillings.

—— The American (republican) strongly recommends Hon. William C. Clarke (war democrat) of Manchester for the office of Attorney General, made vacant by the death of Hon. John Sullivan.

—— Maj. Geo. P. Folsom, Paymaster, of Dover, has been promoted senior paymaster in the North Carolina District, and is now in New York city, preparing to return to that District in this capacity.

——The Journal of Agriculture, which is published at Manchester and is so good a paper that it ought to be in the hands of every farmer in the State,—comes to us this week in quarto form. The change is one which commends itself, and we trust our agricultural friends will avail themselves of the opportunity to support one of the State "institutions." Price $1.50 per year.

—— A private letter from a member of the N. H. Cavalry, dated Falmouth Va., states that Cos. K and M, from Manchester and Nashua, are body guard of Gen. Stoneman; Co. L, Capt. Prentiss, body guard for Gen. Birney, and Co. G for General Whipple; that they have all they can do, night and day, in carrying dispatches, &c.

—— Horace Greeley lectured in Manchester on Wednesday evening, and passed Thanksgiving Day with friends in Londonderry.

—— Commodore Nutt and brother have arrived home in Manchester from New York, to spend a week there before taking a trip to Europe under the patronage of Barnum.

SANITARY COMMISSION.

CONCORD, Nov. 19, 1862.

In addition to former contributions already acknowledged, for the benefit of our sick and wounded soldiers, the undersigned has just received the following: from L. H. Mudgett, collected in Gilmanton, $20.75; from Hampstead, by Rev. T. C. Pratt, $30; citizens of Auburn, by Rev. James Holmes, $30.

I take the liberty to publish the following extract from a private letter from one of the Associate Secretaries of the Commission:—

Washington, Nov. 14.

* * * What you say of the women is true. One thing is certain, that the mere cash value of their contributions in kind exceeds, by many fold, the amount of all that has been donated to the Treasury of the Commission in money by all the rich men in California or any where else; and I take it that three quarters of the women who do the work of the Commission are comparatively poor. If it were not for their assistance the Commission might better shut up its store houses.

Articles most Needed.—Woolen or cotton drawers; woolen socks or stockings; woolen shirts; slippers; bed ticks; blankets; quilts, for single beds; flannel bandages; farinaceous food; sugar, tea, coffee, cocoa, chocolate or broma, wine and spirits.

It is earnestly hoped that supplies may not diminish, but wherever it is practicable they may greatly increase. Our vast armies are doubtless on the eve of great battles, and enormous stores of supplies and a full Treasury of money will be required to meet the exigencies. Eighty general hospitals, and hundreds of camp and other hospitals are daily drawing upon the stores of the Commission. In the recent battles in Maryland, the Commission had twenty-five wagon loads of medicines, stimulants, condensed food and conveniences for wounded men two days in advance of the supplies of the regular Medical Bureau, and by a supply of chloroform—which the Medical Bureau had not—saved more than fifty lives, besides hundreds, if not thousands, by their promptness of action and timely assistance.

W. H. HADLEY,
Special Agent, U. S. San. Commission.

☞ The residence of the Rev. Henry Ward Beecher at Brooklyn, N. Y., was some nights since besmeared with a black, oily substance, and the front (of brown stone) has been much disfigured in consequence. The windows as well as the doors were daubed, but no further injury appears to have been done to the premises. The adjoining house was also damaged in the same way. The substance is of such a nature that it cannot easily be removed, and when scraped off will leave a stain.

☞ Rags are reported to be rather shaky. The whole structure of speculation built upon them may topple suddenly down.

AN ASPERSION.—The editor of a paper in Indiana wants to know if western whiskey was ever seen "coming thro' the rye."

☞ Four clerks have been engaged over three months in the Surgeon General's office, at Washington, in the compilation in chronological order, from official reports, of a complete list of all the casualties since the outbreak of the war. The difficulties of the undertaking are so great, that notwithstanding the protracted labor, they got through with the casualties of 1861 only about a week since. As the severest losses of life occurred in 1862, the list will not probably be completed for several months.

☞ A federal reconnoissance shows that two rebel gunboats have been constructed at Wilmington, N. C., but the rebels are short of iron to plate them.

☞ Out West, a man walked 40 miles to claim exemption from draft, on the ground of inability to endure long marches and the hardships of camp life.

☞ The editor of the California Alta has been presented with a sack of potatoes, containing three only—each weighing twenty pounds!

☞ Leprosy prevails to an alarming extent in the British West India colonies. It was introduced by the Chinese coolies.

REV. A. BOSSERMAN,
of Richmond, Va., will
LECTURE,
AT THE TEMPLE,
On WEDNESDAY Evening, Dec. 3,
—On—

Just published, and for sale by
JOSEPH H. FOSTER.

Notice to Housekeepers.
Rubber Band Carpet Sweeper.
TRY IT! TRY IT!!
It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.
It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.
It does not wear the carpets half so much as brooms or any other sweeper.
It is the only practicable sweeper made, and the only article fit to sweep a carpet.
With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by
ALFRED STAVERS,
Dealer in Crockery, Fanby Goods, &c.

The List is now open
For Subscribers for MOORE'S FREEMASON MONTHLY MAGAZINE at **S. A. AVERY'S,** No. 29 Congress Street. Price $2 per year.

THE CONFESSIONS AND EXPERience of an Invalid.

Published for the Benefit and as a warning and a caution to young men who suffer from Nervous Debility, Premature Decay, &c.; supplying at the same time the means of Self-Cure. By one who has cured himself after being put to great expense through medical imposition and quackery. By enclosing a post paid addressed envelope, SINGLE COPIES may be had of the author, NATHANIEL MAYFAIR, Esq., Bedford, Kings Co., N. Y. mar19 eopnot dawly

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

ENTERPRISE.—*Messrs. Editors:*—Allow me to say that for the last half century all the wealth of Portsmouth has not done so much for the building up of this city, as has been done by the present managers of the Concord & Portsmouth Railroad—the effect of whose exertions will be apparent hereafter. They have opened a free and easy communication from the seas to all parts of the State and country adjoining, so as to enable any man who wishes, to import his own goods,—and, living in any part of the State, he can do so at less expense than can be imported and carried back into the country, at or from any other city in the Union!

AN OLD BUSINESS OBSERVER.

☞ Nature varies the oak tree in California into a large range of forms, scrub-tree, apple-tree oaks, grand masculine structures that hold out their branches properly at right angles and superb, towering, spreading, arching forms that blend with the natural majesty of their stock the grace of the elm. But none of them have the muscle of the New England oaks. It is said there is no timber in the State hard enough to make a good axe handle of.

☞ The American General Ward, in the service of the Chinese, against their rebels, and lately killed, was a native of Salem and only 31 years old. He was a son of Frederick G Ward, and his own name was Frederick Townsend Ward. He graduated from the Salem high school in 1847, and has had an adventurous and romantic career since—one experience being that of a Lieutenant in the French army in the Crimean war.

A LITERARY LIBRARIAN.—The proprietor of a small circulating library in Dedham was asked why he did not keep the works of Smollett and other standard English authors. "Oh," said he, "those fellows write so much they will soon write out and become of no account, and I shall have the books on my hands." If the author of Peregrine Pickle is as irascible after lying in the grave for ninety years as he was while living, it would take a strong coffin to hold him after hearing his works so ignorantly disparaged.

☞ A difficult question has been presented for the decision of the assessors of internal revenue. Congress has decided that a pig becomes a hog at six months old Slaughtered hogs are taxed—pigs are not. In one of the districts of New York city, one hundred and sixty thousand hogs were slaughtered during the last two months. The assessors have no criterion by which to determine their ages, either by examining their teeth or measuring their tails, yet in the performance of their duties they are required to ascertain this fact. Congress will have to determine the criterion.

☞ The latest remedy for jaundice which has come under our observation, is recommended by an exchange, and it is so simple that any one possessing sufficient faith can try it. It is "an old horse shoe boiled in a pint of strong beer." Whether the beer or the horse shoe is to be taken, we are not informed.

☞ A New York *elegant* was visiting a New York *elegante*, the latter having a little son at her side, who thought a great deal of his handsome mother. Suspecting that the exquisite was not fully posted in all his mother's toilet resources, he runs suddenly up to him, and exclaims, "Oh, Mr. ——, don't you believe that mamma has got so much hair *that she keeps some of it in a box?*"

☞ A western paper says that in a village in Iroquois county, Ill., an editor became smitten with the charms of a young and handsome married lady, and addressed to her a long and passionate letter, filled with rhapsodies on her beauty and his lovelorn helplessness. The lady, with the advice and consent of her husband, sent the missive to the rival country paper, in which it appears, names, dates and all.

☞ The London News contains an interesting account of the trial of some 12-pounder guns of Whitworth's, and some breech-loaders of Armstrong's manufacture. The former fired more accurately and more rapidly than the latter. A Whitworth gun fired 20 rounds in 13 minutes. An Armstrong gun required 15 1-2 minutes.

☞ It is a singular fact that the recent great rain storm did not extend to Montreal, not more than an hour's rain having occurred during the week. There was a dense fog for one day, otherwise the weather was clear and cold, the streets free from snow, smooth and hard frozen.

☞ The great increase of crime in Washington Territory has led to the formation of a Vigilance Committee, that drill in military style and execute the laws, as in former days such committees did in San Francisco.

☞ The population of the Russian Empire in 1722 was 14,000,000: in 1803, 36,000,000; and at present it amounts to 65,000,000.

☞ At Liverpool, a short time ago, half an hour after the ebb of the tide had commenced, it again began to rise, and so continued until it had attained eighteen inches above high water, to the great astonishment of all on board the different ships in the river.

☞ The stealing of Indian children and selling them for slaves is becoming quite a business in California. About a hundred have been taken through Lake county the present season.

☞ In the new Austrian war budget there is an item in which rats and mice are especially interested—as a sum of 2,500f. is demanded for the feeding of cats to be kept in the victualing magazines of the army.

MARRIAGES.

In Fisherville, Oct 8, Mr. AARON E. MASON, of Portsmouth, to Miss AUGUSTA E. HAMMOND, of Eliot, Me.

DEATHS.

Communication.

☞ At the breaking out of this Rebellion, Mr. Bosserman (who is to lecture at the Temple on Wednesday evening,) was the only loyal clergyman in Richmond. He was imprisoned for three months in a negro jail, for his Union sentiments, and for refusing to pray for the Confederacy. He is recently from Richmond, where he frequently visited the rebel Congress. He has lectured to crowded houses in Philadelphia, New York, Boston and other prominent cities. His lecture itself, being deeply interesting and instructive, should insure a general hearing. But, coming as it does, from one who has stood firmly and alone in defence of his country, at the loss of all his *property*, and even *personal liberty*, his congregation should be,—and we believe it will be,—limited only to the capacity of the Temple. Come and hear the Christian *scholar, orator* and *patriot.*

NOTICE.

From this date, the Prices of our Daily and Weekly issues will be—

DAILY CHRONICLE $5 per year, or $4 in adv. 40 cts. per month, 10 cts. per week, 2 cts. per copy.

N. H. GAZETTE, $1.50 per year, or $1.25 in adv. Single copies 3 cents, in all cases.

Portsmouth, Dec. 1, 1862.

☞ See yon fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. $1.25 per year, in advance.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

Wedding, plain, Initial, or Business ENVELOPES, on hand, furnished, or Printed to order—in any style.

All sorts of Cards, Papers, and other stock, furnished for Printing.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The novel—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 2 feet long! or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shorey, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Brady, Richard L. Randall, Geo. Rice, Benj. F. Cazney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Martin, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Treffethens Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Strathum; Mrs. Reuben P. Jennces, David Jennces, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire can be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling plate, making it a very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

The Subscriber respectfully gives notice that he has taken the

STORE NO. 38 MARKET STREET,

lately occupied by J. B. UPHAM, Esq., for a

Retail Grocery and Provision Store!

And by strict attention to his customers, he hopes to merit a share of the public patronage.

H. L. GARRETT.

Portsmouth, Aug. 8, 1862.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by Dr. J. C. AYER & Co.,
Practical and Analytical Chemists,
Lowell, Mass.

Sold by all druggists every where.

FRANK W. MILLER, Proprietor.

Portsmouth, Feb. 1, 1862.

ATTENTION, THE WHOLE!

EYE, N. H., Feb. 20, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—so as to affected her hands very much. A large sum had been expended in the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have used it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since. I have sold the agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I have of the good effect of Mr. Swett's Panacea in many such cases, I was enabled to rely upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, I was entirely cured in about two months, and I have had no trouble from it since. CAROLINE R. SWETT.

This statement of my wife is correct. SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, which broke out on my face, and for seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I CAN find no sign of the complaint since. I believe this to be one of the most cure remedy in the world for Humors. HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with dizziness at my stomach, and after eating food, I vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took a bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of those complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and so I could that by the use of it, my health has been greatly improved; I recommend it to all suffering as being so superior to any other medicine I ever used for humors and consumptive complaints."

WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

Dr. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26ly

The HOUSE No. 19 High street, occupied by Mr. Fodd. Apply to
mch7 EDWARD RUNDLETT.

Desirable Residence
ON MIDDLE ROAD FOR SALE

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 15 feet each.

The house was built by the day, ten years since, by the late Wm. F. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and is over 300 deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction
Aug. 9. SAM'L P. LONG

REAL ESTATE IN GREENLAND
FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is two-story, and was built about six years since; very convenient, pleasant and large; has a barn and carriage-house attached; sufficient quantity of excellent water; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school-house, and the railroad depot to Concord, Boston and Portland. The above is one of the pleasantest residences in Greenland. Possession given about the 1st of October. For further particulars apply to

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and refined apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietor will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water, also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be confined all day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brag-don, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pinder, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS
AND
SAMBUCUS TREE OF PORTUGAL,

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American hospitals, and by some of the first families in Europe and America.

As a DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine:

Geo. W. Scott, U.S.A. Dr. Ward, Newark.
Geo. Morgan, N. Y. State Dr. Wilson, 11th St., N.Y.
Dr. Parker, N.Y. City Dr. Dougherty, Newark
Dr. R. Chilton, " Dr. Parish, Phila.
Drs. Darcy and Nicholl, Newark, N. J.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J." is over the cork of each bottle.

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotiles, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 8taw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.
April, 1862—1y8taw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow has reports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,

SEMINAL WEAKNESS.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure patents, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability in his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 3, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
"The Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, DECEMBER 4, 1862.

THE REBELLION.

A dispatch says that nothing is known in Washington confirmatory of the report that Gen. Burnside has been relieved from the command of the Army of the Potomac. Another dispatch says the President, the War Department and Gen. Burnside are united in the view that the army must not go into Winter quarters.

There is much excitement in Middle Tennessee about the enforcement of the rebel conscription act. A regular organization has been formed in Lincoln county to resist the conscription, and the people there fired upon the rebel cavalry while they were attempting to enforce it.

Rebel papers give the following:—A Federal gun boat was captured in New river, N. C., Nov. 20. The crew escaped after setting the steamer on fire. The Petersburg Express reports large reinforcements of the Federals concentrating at Suffolk, numbering 33,000; also that an attack is to be made upon Weldon, to cut off railroad communication. Jackson, Miss., was fired in several places on the night of Nov. 12. The rebel forces again occupy Holly Springs, and the Federals have moved to Grand Junction and Bolivar. Mobile will be defended to the last extremity, and the Federals may burn its edifices, but they shall never occupy its soil in peace.

The Richmond Enquirer says the next battle between Lee and Burnside may be a very decisive one; that if an overwhelming victory is gained by Lee the defence of Washington will be gone and that city may be captured. Upon the next battle depends whether the war shall end or drag along in undecided battles or mere material victories.

The N. Y. Times' Falmouth dispatch says the rebels having posted their pickets rather too near our lines on the right, a detachment of infantry and cavalry was sent out, and the enemy gradually retired, not offering to dispute our passage.

A dispatch from Holly Springs says that the rebels evacuated Tallahassee, Dec. 1st, and our forces occupied their forts without any fighting of consequence. The rebels are believed to be in full retreat.

Gen. Dix reports that an expedition from Suffolk captured on Tuesday the celebrated Pittsburg battery, which was taken from our army, and drove the rebels across the Blackwater river, at Franklin. We took over 30 prisoners and were picking up others on the road. Many rebels were killed and wounded. Our loss is trifling.

Communication.

REBEL NEGOTIATIONS.—There appears to have been some truth, after all, in the recent rumors of some negotiations going on between leading rebels and certain prominent Democrats in New York city. In a speech delivered last Saturday evening, Fernando Wood is reported to have spoken substantially as follows:

"Mr. Wood said he had received information, and had communicated it to the Government, that under certain circumstances the South were ready to return—aye, from leading Statesmen of the South. Men of position and influence in the Southern Confederacy had expressed a desire to return under a Democratic rule; the past to be forgotten, *the public debt on both sides to be provided for*, and they were willing to let by-gones be by-gones if the North would, and the Union once more be restored.—[Terrific cheers, lasting several minutes.]"

This seems to mean, says Uncle Toby, that we are expected to pay the Confederate scrip, (as we did the Texan)—and to let the rebel great man rule the Country, in their peculiar fashion and with their peculiar institutions.

The N. Y. Sunday Mercury has a Washington dispatch dated Saturday night, which says:—

"It is currently reported here that Peace overtures have been made by the Rebel Government to ours, as they fear the shock of the immense army we have in the field, and about to move upon them from every quarter. They also fear the Emancipation proclamation. The terms of peace are said to be:

"1 The old Union and the old Constitution.

"2 The Crittenden Compromise.

"3 The assumption of the Southern Debt.

"4 The ordering of the French out of Mexico, and the annexation of that country for nine Slave States.

The reader may take this for what it is worth. It is pertinent here to remark, that the Crittenden Compromise is not the Constitution as it is, but as the slave power would have it, which is, (says Uncle T.) quite another thing.

☞ Rev. T. W. Higginson, of Worcester, has accepted the position offered him by Gov. Saxton, of Colonel of the 1st South Carolina regiment, composed of colored men. He writes that the regiment is about half full, well officered and in good condition.

☞ Marble's powder mill, in Oxford County, Me., was blown up last week. No one was injured.

CONGRESS.

TUESDAY.—In the Senate, Mr. Powell of Kentucky, offered a resolution declaring the arbitary arrests unconstitutional and illegal. Mr. Davis, of the same State, offered a resolution recommending all the States to choose delegates to a Convention, to meet on the first Monday in April, to consider the condition of the country and the proper means for the restoration of the Union. These resolutions were laid over.

In the House, a bill was passed, providing that all judgments recovered by the United States in suits now pending, or hereafter brought for collection, or recovery of duties on imports and money due the United States from collectors or other officers, shall be paid in coin. A resolution was adopted instructing the Military Committee to inquire into the propriety of increasing the pay of soldiers to $15 per month, and make such deduction in the salaries of the army not actively engaged. Also a resolution instructing the Committee on Ways and Means to consider the propriety of admitting cotton brought from foreign countries free.

WEDNESDAY.—In the Senate, a resolution was adopted calling on the Sec. of the Navy to inform the Senate whether the provisions of the act, passed at the last session, making an appropriation for the purchase of land, &c., in Portsmouth harbor, have been executed, and if not, why not.

☞ Gen. Halleck, in his report to the Secretary of War, states that he visited the Army of the Potomac July 24th, to ascertain if an advance upon Richmond could be made from Harrison's Landing, and if not, to form some plan of uniting the armies of Gen. Pope and Gen. McClellan. The latter was of the opinion that it would require 35,000 additional men to go on, which could not be sent without leaving Washington and Baltimore almost defenceless. Accordingly Aug. 3, an order for the withdrawal of the army from the Peninsula was issued, but a protest being received from Gen. McClellan on the 5th, it was not put in force for 11 days. Aug. 1, Gen. Burnside was ordered to embark at Newport News for Aquia Creek, and he arrived there on the night of the 3d.

The report contains a review of the movements before Washington. A part of the Army of the Potomac was ordered to the front from Alexandria, and Gen. Cox was ordered from Western Virginia with the main portion of his force. Of the reinforcements from Alexandria, embracing the whole of the Peninsular army, some of the corps moved with becoming activity, but the delays of others were neither creditable nor excusable. It is added—"Had the Army of the Potomac arrived a few days earlier, the rebel army would have been easily defeated and perhaps destroyed."

The losses at South Mountain and Antietam are put at 1724 killed, 8066 wounded, and 918 missing.

The long delay of the army near Sharpsburg, from Sept. 17 to Oct. 26, in the face of a defeated foe, and during the most favorable season for rapid marches and a vigorous campaign, was a matter of great disappointment and regret. Gen. Halleck states that he telegraphed Gen. McClellan Oct. 6th, to cross the river. Gen. McClellan did not cross until Oct. 16, and then at Berlin, the passage occupying until Nov. 3. During this period Gen. McClellan stopped communication with Gen. Halleck, addressing the President. On the 5th his removal was ordered.

☞ Our army is suffering greatly from the want of vegetables. Some regiments have been without vegetables of any kind for weeks. The bilious diseases and symptoms of scurvy grow worse. The failure to meet this simple but vital want is the result of culpable negligence somewhere in the commissary department.

☞ An official document shows the number of seamen registered in the several ports of entry during the year ending September last, to be 4580, of whom 123 were naturalized. Of the total number Maine is credited with 1435, New Hampshire 23, Massachusetts 1630, Rhode Island 65, Connecticut 21, New York 155, New Jersey 457, Pennsylvania 762, Florida 25, Oregon 1, South Carolina 6.

☞ Gen. Banks was the recipient on Tuesday evening, from his friends in New York city, of a magnificent war horse, with full equipments. The occasion was made one of intense interest by a gathering of some hundreds of his friends and fellow officers. Gen. Banks embarked on Wednesday, on the steamer North Star.

☞ The Manager of the City Bank of Manchester, England, Jonah Andrews, has been financiering on his own account to the tune of £120,000 sterling, which he has abstracted from the bank.

☞ Mr. Joseph Mendal, of Liverpool, a great merchant and ship owner, and known to hundreds of American ship masters, fell dead in a fit.

NEW HAMPSHIRE ITEMS.

—— The Fifth N. H. Regiment was with the advance at Fair Oaks, picketed the first night and fired the first gun the next (Sunday) morning, losing that day in twenty minutes 187 in killed and wounded, including the Colonel and Major, who were wounded. In the treaches they were in the first line, and were there under arms for nearly a week. It was in the rear guard that left Fair Oaks, and the last regiment that left there. In the seven days' fight at Malvern Hills, Savage Station, Peach Orchard, &c., they lost 100 more men. In the fight of Sept. 17, they lost 109 enlisted men and 10 officers. The 5th enjoys an enviable reputation as skirmishers and fighters. Col. Cross is highly complimented for his bravery and military ability. He was wounded at Fair Oaks and Antietam and is still suffering some pain from his wounds. But he is with his regiment, and proposed to march with the advance in crossing the Rappahanock.—Their regimental colors, presented by the State, are battered and torn, and bear the marks of having been carried through honorable contests. Between its stripes are inscribed the names of the engagements in which they have been unfurled—Yorktown, Fair Oaks, Peach Orchard, Savage Station, White Oak Swamp, Charles City, Malvern Hill and Antietam. There is room for just one more historic name.

—— Col. Fellows, of the 9th, who resigned, is understood to be sick—of the war.

—— At the supper table of Col. Cross, of the 5th, on Thanksgiving day, was cold roast pork, cold chicken pie, tea, sugar and condensed milk. Col. Cross, who is an old stager in camp life, directed the cooking arrangements for dinner in his quarters. His cook made a yeast of vinegar and saleratus to rise the pie crust, and the crust was rolled out with an empty champagne bottle; the pie was baked in an oval pan, and was cooked admirably. The pork was baked in a shallow kettle, under which were live coals, and over it an inverted iron pan covered with coals. That was cooked better than stove ovens usually do it.

—— Dr. Spalding, of Amherst, 94 years of age, still oversees his farm, and regularly officiates on communion days as an officer of the church.

—— George Nettleton, of Claremont, has been commissioned a Lieutenant in the Fifth Regiment, for gallantry in capturing the standard of the Fourth North Carolina Regiment, in the battle of Antietam.

☞ The efforts in Missouri to make Kansas a slave State, has resulted in the choice of a Missouri Legislature in 1862 having a majority *in favor of emancipation!* There are but about 26,000 slaves left, and with the promised aid Missouri will soon be a free State! It is one of the richest as well as the largest in the Union, and her land will soon advance 100 per cent. Without knowing it, the great preliminary battle, Freedom vs. Slavery, was fought by the heroes of Kansas years ago!

☞ Thomas Byrnes, Superintendent of Lands and Places, a well known Democratic politician of the 1st Ward, New York city, was shot on Saturday morning during a political altercation in the street. He died in the afternoon. The shot was fired by Dennis P. Sullivan, who was posting bills for an aldermanic candidate. His funeral was very largely attended. John Van Buren was one of the pall bearers.

☞ The London Times has a two column critique on the American Constitution, in which it argues that it always was a cobweb, and that the powers that be pay no regard to it, and that it was wiped out by the total disregard of Judge Taney's opinion in the Dred Scott case, as it has been by President Lincoln's total disregard of the habeas corpus clause.

MARBLE STATUES—VERSUS LIVING MONUMENTS.—Let moulded bronze and sculptured marble perpetuate the memories of the great destroyers of the human race: the man of science, whose intellect, whose knowledge, and whose energies have been devoted to the mitigation of suffering and the salvation of life, will be immortalized by living monuments. For example, as the peerless remedies of Prof. HOLLOWAY are bequeathed from generation to generation, soothing bodily torture, controlling disease, and lengthening the span of existence, the gratitude of millions will transmit his name and fame through the lapse of ages to the "latest syllable of recorded time."—Compare the exploits of the most renowned "thunderbolts of war," from Cæsar to Napoleon, with the quiet victories of this soldier of humanity over pain, sickness, and death.—His pills and ointment have raised up and restored to health a greater multitude than any conqueror ever slew. Thousands of war's wounded victims have been saved from mutilation by the application of the Ointment; and, travel where you may, in this country or any other, you will meet with numbers of the convalescent and the cured, rescued from the very jaws of death by his inestimable Pills.—Regardless of doubting these statements, we refer him to the same source whence we derived them—to multitudes who suffered from dyspepsia, liver complaint, intermittent fever, scrofula, erysipelas, and other agonizing internal and external disorders, but who have been restored to perfect health and the pursuits of active life by these inestimable specifics, and whose constitutions have been braced up and permanently strengthened by their invigorating influence.—[N. Y. Express.

A WAIF.—Chilly and cold was the night of Dec. 2. The rude wind shrieked and howled around the palatial residences at the West End as a bachelor passed over the frozen ground, in the enjoyment of his usual evening walk. Only the sharp, clear sound of his footsteps broke the stillness which slumbered on the evening air. Suddenly another sound was heard, and as he slackened not his pace, it became nearer, clearer than before. At first, he accounted for it easily, but soon the hypothesis failed to satisfy his mind. There was a strange mystery about it that demanded investigation, yet he hesitated. It was nearly ten o'clock; not another person was to be seen, and the suspense was becoming more and more painful.

The welcome sound of other footsteps, approaching, was heard. It was a married man—a "happy father," and he recognized the sound. Together they traced it, thro' a gate, up a passage way to the rear entrance of a dwelling. There they found the cause of the tumult,—a babe looked up and dismally cried. Some "inhuman monster" had left it there, on the stone doorstep, hoping, perhaps, that the occupant of the house would become its step father. The bachelor went to the watch-house; the married man stayed to watch. Wordsworth said, "Heaven lies about us in our infancy," but he said *our* infancy, and wasn't thinking of a poor, little, shivering female infant, less than a week old, wrapped in a plaid shawl, and left upon a cold step, with the thermometer far below the freezing point.

Soon the summoned officers appeared. One took her up tenderly,—lifted with care, fashioned so slenderly, young and so unfairly left to perish with the cold. With careful step and gentle manner he took her to the police station, and then secured a temporary home for it in the house of a kind-hearted lady. There he left it, and passed his nightly rounds, softly murmuring,—

Sleep, little baby, sleep!
Not in thy cradle bed,
But on thy mother's breast,—
But with the kind lady who has consented to receive you for to-night, and to see that you are warm and well fed

THE MUMMIES OF THEBES.—Ayer & Co. have received from Alexandria a cargo of rags to pay for their medicines, which are largely sold in Egypt. They are evidently gathered from all classes and quarters of the Pecha's dominions—the cast-off garments of Indian and Indian-dandified-white linen turbans, loose breeches and flowing robes. Not the least part of their bulk is cloth in which bodies were embalmed and wound for preservation three thousand years ago. They are now to be made into paper for Ayer's Almanacs, and thus, after having wrapped the dead for thirty centuries, are used to warn the living from the narrow house which they have so long inhabited, and to which, in spite of all our guards and cautions, we must so surely go.—[Daily Evening Journal.

AN AGREEABLE PRESENT.—We were surprised the other day by a very acceptable present of a bottle of excellent and luscious wine from Mr. A. Speer of New Jersey. On first tasting it we believed we were imbibing some choice old Port, not dreaming that a wine so rare and delicious could be raised in this country. For our part, we shall drink no more foreign wines while America produces an article so excellent as the Sambuci wine, and flatter ourselves that our readers will agree with us when they have become acquainted with it. We have been too long pelled by the villainous trash sold as pure wine. Our bon vivants will be pleased with the rich taste, agreeable flavor, and fragrant bouquet of the Sambuci wine. It is especially recommended to weak and sickly ladies, by physicians, for its purity, non-intoxicating qualities, and tonic and restorative properties. A wine-glass full of this wine, with a fresh raw egg or new milk, taken first thing in the morning, is said to prove highly beneficial in cases of Pulmonary Consumption. The history of the wine is quite simple. Mr. Speer having some property in New Jersey, turned his attention to the cultivation of the Sambucus tree imported from Portugal. It bears a fruit of the elder species, but more resembling grape, whose superior quality, juiciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

☞ Political classification in Missouri is somewhat amusing. In St. Louis they ignore the old terms of Republican and Democrat, and even the accommodating designation of Unionists. Instead of these, they have "Claybank" for Republican-Unionists, "Charcoal" for Emancipationists, and "Chocolate" for Democrats.

COL. DIMICK.—The Boston Journal says that this old and well-tried officer will shortly be relieved from the command of Fort Warren, and will be assigned either to the command of Fortress Monroe or to some position of trust in the immediate vicinity of Washington.

☞ The number of Revolutionary soldiers whose names were upon the pension list June 20th, 1862, was 30—19, or nearly two fifths, having died during the year. One resides in New Hampshire.

☞ A Washington dispatch says it seems to be settled that Caleb B. Smith will shortly resign his position as Secretary of the Interior, to accept the vacant District Judgeship of Indiana.

☞ The New York city election occurred Tuesday. A small vote was polled. Brenan (Democrat) is elected Comptroller by about 10,000 majority, and Develin (Democrat) is elected Corporation Counsel by nearly 15,000 majority.

THE EFFICIENCY OF THE BLOCKADE.—Secretary Welles, in his annual report, says that since the blockade was instituted no less than 543 prize vessels have been seized, and 390 vessels since the last annual report.

☞ Under the calls of July and August there are already in the field over 420,000 new troops, of which 399,000 are volunteers, 332,000 of whom have volunteered for 3 years or during the war.

☞ A correspondent of the London Morning Herald says that the recent steamer from Liverpool took out twenty-four guillotines, consigned to a special confidential agent of President Lincoln in New York!

GODEY is in advance and has already issued his Lady's Book for January,—the first as well as the best.

TALES OF THE DAY, for December, is published, with the usual choice selection of stories, etc.

☞ Hon. Frank P. Blair, Jr., has resigned his seat in the present Congress to take command of a brigade at Helena, Ark.

☞ Gen. McClellan has been summoned to Washington.

Those who are sending Presents to Soldiers in the Army, must not forget to enclose a box or two of the Soldier's best friend, GRACE'S CELEBRATED SALVE.

Startling! but true.

The Volunteers are braving the dangers of Fever, Scurvy, Wounds and Cholera. Many a gallant fellow will leave his bones to bleach, who, by the aid of HOLLOWAY'S PILLS & OINTMENT would have returned to his family strong and healthy. Soldiers, try them! Only 25 cents per Box of Pot. nov27 1w 226

The Horrors of War

can be greatly mitigated by that sovereign remedy, HOLLOWAY'S OINTMENT, as it will cure any wound, however desperate. If it be well rubbed around the wounded parts, and they be kept thoroughly covered with it. A Pot of ointment should be in every man's knapsack. Only 25 cents per Pot. dec4 1 w 227

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

DEATHS.

In this city, on Saturday, Nov. 29, Mr. NATHANIEL CATE, aged 54 years.

In Roxbury, Mass., Nov. 26th, Mr. LYMAN SEAVEY, aged about 62 years, formerly of Rye.—Mr. S. had been in poor health for some time, but died very suddenly, while sitting in a chair.

In Portsmouth, Dec. 3d, of disease of the brain, ISAAC P. SEAVEY, Esq., aged 40 years 5 months, a native of Rye, and son of the late Mr. Lyman Seavey. He was well known in Portsmouth, Newburyport, and elsewhere, as an exemplary citizen, an upright and honorable dry goods merchant, and an influential and prominent member of the Order of Free Masons, having for the past few years been Grand Lecturer for Massachusetts. His most afflicting sickness was borne with christian resignation, and the end was peace.

The Funeral services will take place at the residence of Mrs. Weeks, No. 41 State Street, on Saturday afternoon at half-past 2 o'clock.

In Exeter, Nov. 30, Mrs. RUTH S. DURGIN, wife of Ezra S. Durgin, aged 43 years 7 months.

In Kingston, Nov. 22, Mr. SAMUEL CHASE, aged 66 years.

Killed in the battle of Labadieville, La., Oct. 28, Mr. GILFORD F. GILMAN, aged 29. He was from Raymond and a Volunteer in the 8th N. H. Regiment.

In Chester, Nov. 23, Mrs. PRESIS BELL, widow of the late John Bell, aged 84.

In Seabrook, Mr. CHAS. P. BROWN, aged 31.

Portsmouth, July 7, 1862. 1y

GRACE'S CELEBRATED SALVE!
A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of the age; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Sties, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating healing properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer received testimonials daily from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 36 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 33 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores every where. mal6

Notice to Housekeepers.
Rubber Band Carpet Sweeper.
TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as broom or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel—the peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long, or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time. A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be just what is wanted for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Nadell, Mrs. ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, (Q. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Cannon, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lamberd, Joseph Stiles, John Sculler, Wm. Bell, Cyrus Plumer, Freeman Rand, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Fryer, Cushman Fryer, of Dodge's Island; Geo. N. Dixon, Samuel F. Paul, Elias Kennick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Ferrald, Mrs. Wm. Locke, Kittery; E. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the stoves are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,
and Repairing pieces for most of the stoves in use.
Job Work attended to with dispatch.

Retail Grocery and Provision Store!

And by strict attention to his customers, he hopes to merit a share of the public patronage.

H. L. GARRETT.

Portsmouth, Aug. 5, 1862.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of the scrofulous taint, throw out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long tested and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by DR. J. C. AYER & CO., *Practical and Analytical Chemists*, Lowell, Mass.

Sold by all druggists every where.

THE CHRONICLE
Book, Card, & Fancy PRINTING OFFICE.

Portsmouth, Feb. 1, 1862.

ATTENTION, THE WHOLE!

RYE, N. H., Feb. 26, 1856. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large part of her time has been spent in the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my neighbors, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct. SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, I think it proper to make known that your PANACEA has effected a radical cure on me; and so I understand that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."

WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 21, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with a humor, which prevented quiet rest night and day. I would say, that your PANACEA has effected a radical cure on me; and so I understand that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."

ISRAEL CHESLEY

Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added, and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietor will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Bragdon, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pindar, James Shaw, Charles A. Hodgdon, Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK,

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would call attention to the remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The more intricate the passages, the tighter than air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 40 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the zone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world, and would refer them to the following named gentlemen, who have them now in use:

Samuel Shaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL.

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy complexion.

WE REFER TO

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that times it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Exalt the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continued mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship's and Pocket Chronometers,** and **Fine Watches,** has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,

PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE EQUATED TIME of Portsmouth at this establishment, and are invited to call.

Also Agent of

N. C. GREENOUGH,

For the sale and hire of

MARINE CHRONOMETERS.

AUGUSTINE JEWETT,
No. 7 Congress Street.
Portsmouth, Nov. 1, 1862. 3mos*

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, such as Scrofula, Gonorrhœa, Gleet, pain and distress in the regions of procreation, inflammation of the Bladder and kidneys, Hydrocele, Abscesses, Tumors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual to business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 3aw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

Aprilf, 1862—1y 3aw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y 3aw.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper thereior."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)

75 State Street, opposite Kilby Street,

BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL IN THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*; and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on more rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 3, 1861 aw

Notice

HILL & CARR,
3 Market Street.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and

The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, DECEMBER 5, 1862.

BRITISH EVANGELICAL ALLIANCE.—This important body of British Christians held its Annual Meeting at London, Oct. 15,—and received a document from a committee in Paris, on action and prayer for peace in America. A debate ensued and at the close of it a committee was raised, who unanimously agreed on resolutions, which were passed, thanking the Paris Christians for their sympathy, and saying:

Believing that sin is the cause of God's sore judgments, and that the evils connected with the maintenance of slavery in the South, and complicity with those evils in the North, are one great cause of this solemn visitation, they renew their expressions of the earnest prayer that peace may be restored; that these evils, and all others, which have led to these calamities, may be removed, and the immense resources and energies of the American churches be set free to promote the cause of the gospel of peace and love.

These are the views of the British Evangelists. The London Times is not their organ, nor do they make a great noise in the papers. Yet they are quite a power in the land,—and they are friendly to the Union and liberty.

☞ The Court Martial trying Fitz John Porter met at Washington on Wednesday, when charges against him were read. In connection with the violation of the 9th article of war, he is charged with disobeying several important orders of his superior in front of the enemy, with failing to push forward his forces into action on the enemy's flank or rear. He is also charged with a violation of the 52d article of war, in refusing to attack the enemy while in sight of the field, shamefully disobeying orders and retreating from the advancing forces of the enemy without any attempt to engage them or aid the troops who were already fighting greatly superior numbers and were relying on the flank attack he was thus ordered to make, to secure a decisive victory, &c. To these charges General Porter pleaded not guilty.

☞ Mr. C. F. Hall, the Arctic explorer, in a recent lecture, referred as follows to one of the Arctic peoples:—

The Innuits of Greenland were found to be an educated people, little children reading books published by the natives. Several of the books were shown, whose typography and appearance were in every way highly creditable. He said the Innuits are honest, religious and a self-governing people, having *no laws, no rulers or chiefs*; and in all his intercourse with them he never saw a fight or even a quarrel. They had some vices, as we would term them, but their virtues were in the majority. One thing he could say of them, if one had anything to cat, all had something.

FOREIGN.—The Liverpool Post explains that the 290, recently launched, is not for the Confederates but for the China trade. The sale of sundry fast coasting steamers for running the blockade, is recorded. A steamer, name unknown, recently left the Mersey with 600 tons of arms, etc., for the Confederates. The London Times, and also the Post reply to Mr. Seward's reflections on the Steamer Alabama case, and emphatically deny that there is any ground for the Federals to complain in the matter.

☞ A gambler has published, in the St. Louis Republican, a warning to all persons who are tempted with cards. He states that one manufacturer of cards in New York city makes eight different sets of playing cards, each having a system of marking on the backs which enables the initiated to read from the backs the kind of card, as easily as from the face. That is the way greenhorns are robbed.

☞ A man named Prondy, of Greenbush, N. Y., has been arrested for throwing the Boston and Albany passenger train from the track, by misplacing a rail near Chatham Four Corners, about two weeks since. The entire train was thrown down an embankment of fifty feet, and the engineer and fireman were badly injured.—Prondy has been a brakeman on the road for the past nine years.

A DRAFT IN BOSTON.—The California company of cavalry has been accredited by the State to the quota of Boston, which reduces the deficiency in that city to 474. This is the number that must be raised in Boston before Monday next, or a draft ensues, which, this time, will not be annulled, but operate to force the persons drawn into the service of the United States.

☞ Gen. Woolbury and Maj. Spaulding, of the engineer department, it is said, have been arrested, on account of negligence in forwarding the pontoon bridge for the use of the Army of the Potomac in the late movement. There is complaint made in reference to the manner in which supplies are forwarded—or not forwarded.

☞ In Iowa, the Republican majority is between 15,000 and 16,000—5000 without the soldiers' votes.

TRAIN ON SLAVERY.—Mr. Geo. Francis Train publishes a column of paragraphs on himself and Gen. Banks, closing thus:—

"You say I worship Seward. True, but not with the same sensation that I speak of Banks. Something—some day will make Banks more and more a mark for history, as Richelieu said to Louis: Sire, the cause of Charles is lost. There is a new man sprung up. His name is Cromwell."

In another part of the same article, Mr. T. says:—

"I went to Liverpool in '50, Banks to the Legislature. The coalition made him speaker. The Whigs died that Banks might live. *Slavery* killed the Whig party. Webster sung the requiem in 1852. *Slavery* killed the Democratic party. Buchanan was chief pall bearer under Davis in 1860. *Slavery* destroyed the Abolition party two years later. Disease—Nigger on the Brain."

To this list of the killed might be added, says Uncle Toby, that slavery has mortally wounded itself, and will die in spite of all the doctors.

☞ We have received from L. Johnson & Co., the celebrated Philadelphia type founders, the October number of their Typographic Advertiser,—beautifully printed and abounding in matter and "specimens" interesting to the craft. The proprietors manifest a wonderful ingenuity in getting up new styles of letters, and the editors as great ingenuity in their methods of displaying these letters. Of the display lines in the October number we copy the following:

"Trimmer's Weathercocks; entirely infallible indicators of political currents,—capital for Office Seekers." "Candidate's Bitter-Sweet Recuperative Cordial for Baffled Aspirants." "Cocktail's Toddy Drops,—delicious electioneering persuasives." "Calumny Powders—effectual for destroying rivals." "Skunk Cabbage Compound, equal to Patchouly: new and fashionable deodorizer, warranted to neutralise brandied breath and tobacco fume." "Portable Courage, highly concentrated in champagne bottles; warranted in time of peace." "Political decencies, fossil specimens from Ancient Quarries; very rare and unique!" "Condensed Moonshine, excellent for polite fiddlefaddles and conceited conversationalists."

☞ Commander Worden, whose services on the Monitor have been so highly appreciated by his country, will sail next week in a better ship than even the Merrimac's antagonist. His eyes are well enough for duty, and his spirits excellent. By the laws of rank alone he is a Commander, no special promotion having been conferred on him. His new craft, the Ericsson battery Montauk, is nearly finished.

☞ Mrs. H. G. Otis, of Boston, lately received $20 from a lady in Salem, for the soldiers. Twenty years ago she was robbed of a valuable breast-pin encircled with brilliants. A few evenings ago a package was left at the lady door, with the pin and a $20 note—one dollar a year for detention. The thief's conscience is smited, and the poor soldiers aided.

☞ The London Weekly Record, in a recent issue, makes the following just remarks:

How strange to think that all our daily journals are absolutely given away,—far below cost price, by the *advertisers*. Excepting for the circulation, which insures plenty of these, all our daily journals would pay better with fewer copies printed. We could not buy for the money, the very paper on which they are printed.

☞ We have advices from Key West to the 20th ult. The yellow fever has entirely disappeared from that locality.—Prize vessels continue to accumulate in the harbor, in the absence of the Prize Court. Thirteen were then awaiting adjudication.

☞ The prisoners arrested at Ozaukee, Wis., for resisting the draft, are to be turned over to Gen. Pope. About fifty of them have already signified their desire to enlist for three years or during the war, and will probably obtain permission to do so.

☞ A plate is being engraved by the Treasury Department, the first of the new issue of notes making to replace the old currency by better ones, and such as will not be easily counterfeited. It is a fac-simile of the painting in the rotunda of the Capitol, of the Landing of the Pilgrims. Each note will have one of these pictures upon it, engraved in the most elaborate style.

☞ Dr. Josiah Prescott and his partner celebrated their golden wedding at Farmington, Me., on Monday. Among the presents on the occasion was a box labeled, "Homeopathic Pills," which was found to be full of gold dollars. Not bad pills these to take.

☞ It is asserted that the war vessels built in England, and sold to the rebels, were offered to our Government at the beginning of the war, but declined on the ground that the Government must patronize its own mechanics and naval constructors.

☞ Real estate is beginning to be quite active in Chicago again, and many capitalists are in the city from the East, looking up suitable investments.

☞ A young man in Alleghany City, Pa., swallowed a quid of tobacco, accidentally, and was soon after seized with spasms and died.

THE REBELLION.

Deserters from the rebel army in Virginia continue to arrive daily. They represent their army as being very destitute, particularly in clothing. No salt meat has been issued since they left Maryland. Last week an order was issued by Gen. Lee that such soldiers as were without shoes should make moccasins from raw hides, or otherwise to do duty barefooted.

Gen. Burnside's powers, it is said, have been greatly increased and he has been liberated from many restraints. It is thought that Gen. Lee is removing a portion of his forces southward, and concentrating them in such a manner as to be able to march either to the relief of Richmond in case of attack in the flank, or to act as a reserve in case of an attack on Fredericksburg.

Gen. Grant, at Abbeville, Miss., reports that the rebels deserted their fortifications on Tuesday, destroying all their stores they could not carry off. On Wednesday they were pursued to Oxford, Miss., where skirmishing took place for about two hours, resulting in the capture of 60 rebels. The pursuit would be continued on Thursday, but, Gen. Grant says, the woods are too impassible to get up supplies for a longer continuance of it. Gen. Sherman was crossing the river at Wyatt on Wednesday.

The N. Y. Herald has a letter stating that the gunboat Ellis, from Newbern, N. C., arrived at the mouth of New River Inlet Nov. 23d. In the River they captured a schooner, with a cargo valued at $30,000. At the town of Onslow, 25 stand of arms and two other schooners were captured, the rebel cavalry running away from the town. Returning, they were fired on, but a shell silenced the enemy. A rebel cavalry camp was also shelled out. On the morning of the 24th, a rebel battery on a high bluff was silenced, and afterward she got aground. A party landed and destroyed ten whale boats, thus destroying the means of the rebels for boarding during the night. Being unable to get her off, the valuables were put on board one of the schooners, and all the crew, except five who remained with Lieut. Cushing. At daybreak the enemy opened with four batteries, the Ellis replying as well as possible. Finally Lieut. Cushing, with his own hand, fired her in five places and left for the schooner, through a hail storm of shell. The Ellis soon exploded, shattering the hull into a thousand fragments. The schooner reached Beaufort in safety.

The steamer Kilki, built in Scotland to run the blockade, was run into and sunk off the Bahamas recently.

☞ Messrs. Thomas H. Gardner, Thomas R. Rich, Alfred D. Evans and Thomas Sewall, Jr., of Baltimore, have instituted a suit against Maj. Gen. Wool for false imprisonment, laying the damages at $10,000 in each case. Hon. H. Winter Davis has been secured as their counsel.

☞ The sunken frigate United States has been raised by Mr. Welles, the contractor, and taken to the Gosport Navy Yard. Mr. Welles is now raising the Cumberland near Newport News.

☞ Under the confiscating act, hundreds, if not thousands of slaves, are being relieved. As an instance, a Mrs. Lacy, in her beautiful mansion near Fredericksburg, had 60 attached to her plantation. Says a letter, "To day, but 3 rheumatic old mammys remain."

PREPARED FOR WAR.—The ship Golconda, Capt. Purington, which cleared at Boston on Wednesday for Batavia, took out as armament six cannon—two four-pounders, two six-pounders, and two nine-pounders, besides a supply of small arms.

☞ The Richmond Enquirer of the 26th ult. says the Judges, as it learns from Georgia papers, were unanimous in the opinion rendered by the Superior Court that the conscript law is constitutional.

☞ A dispatch says the Committee on the Conduct of the War intend at once to investigate the complaints against General Meigs.

☞ The vote of the Wisconsin soldiers, at various stations, turns out to be—Republican, 6,219, Democratic 2000.

Erskine puzzled the wits of his acquaintance by inscribing on a tea-chest the words "*Tu doces.*" It was sometime before they found out the wit of this literal translation—"Thou teachest."

☞ Garabaldi, in a letter, pledges himself strongly in favor of the North as an opponent of slavery. He goes for the abolition of slavery before any constitutional questions.

☞ They had capital sleighing in Augusta, Me., on Wednesday.

☞ The Washington correspondent of the Baltimore Sun says among members of Congress it was a common remark that the vast expenditures and preparations for the war had not been attended with adequate results.

☞ The Federal frigate Saratoga arrived at Lisbon on the 21st ult.

☞ It is rumored that the President will send to Congress a supplementary message.

CONGRESS.

WEDNESDAY.—In the Senate, resolutions were adopted that the Committee on Indian Affairs inquire into the expediency of reporting a bill indemnifying the citizens of Minnesota who suffered by the Sioux Indians, and that the Committee on Military Affairs consider the expediency of providing for the establishment of a hospital and ambulance corps. Mr. Hale gave notice that he should introduce a bill repealing the act establishing and equalizing the grades of officers of the navy.

In the House, a resolution was adopted instructing the Military Committee to inquire into the expediency of allowing volunteers honorably discharged on account of wounds, such part of the bounty of $100 as shall be proportioned to the time of actual service.

H. S. M. C. O.

Notice to Housekeepers.
Rubber Band Carpet Sweeper.
TRY IT! TRY IT!!
It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.
It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.
It does not wear the carpets half so much as brooms or any other sweeper.
It is the only practicable sweeper made, and the only article fit to sweep a carpet.
With our late improvements it gives universal satisfaction to those who use it according to directions. For sale at No. 12 Market Street by
ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

THE CONFESSIONS AND EXPE-rience of an Invalid. Published for the Benefit and as a warning and a caution to young men who suffer from Nervous Debility, Premature Decay, &c.; applying at the same time the means of Self-Cure. By one who has cured himself after being put to great expense through medical imposition and quackery. By enclosing a post paid addressed envelope, SINGLE COPIES may be had of the author, NATHANIEL MAYFAIR, Esq., Bedford, Kings Co., N marl3apnot dawly

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *undoubtedly with certainty, perfect medical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly,* by remitting to the Proprietor Sold by Druggists generally.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York.

Local.

GOVERNMENT TAXES.—The U. S. Collector has given notice that he will attend, for the purpose of collecting the duties, taxes and licenses, at the Surveyor's Office in the Custom House in this city, Dec. 19, 20 and 31st, and for the purpose of receiving the amounts assessed upon residents of Portsmouth, Rye, Newington, Greenland, New Castle and Gosport.

☞ The Boston Journal truly says, "these are hard times for newspapers."—Dailies and Weeklies are stopping, or reducing their dimensions, or increasing their prices—or both these last,—in every direction. The Fall River News has decreased its size and increased its price!

The newspaper editors and publishers in New Hampshire are to hold a Convention at Concord, shortly, to take counsel together on matters appertaining to their interests—fix rates for advertising, &c.

The Concord Statesman is to be reduced in size—price probably unchanged. The N. H. Gazette, our Weekly, has raised the advance rate to $1.25 per year.

There are three Dailies in New Hampshire. The American and the Mirror at Manchester—both considerably smaller than our Daily Chronicle, and which have been penny papers, are to be raised to $4 per year, and 2 cents each. This Chronicle, the largest of any of the "country" Dailies, will not be changed in either size or price at present—but may be cut down a little in dimensions next Spring, should the "pressure" continue or increase,—as we have stock enough on hand to carry us through the winter. The only increase in price which we intend to make, is to ask "cash" advance for our pay, (for papers, advertising, or work of all sorts,) a little more strictly than heretofore.

But the greatest change of all that we have seen, is in the Ballot, which comes out this week just one-half the late size, we believe, and a trifle smaller than the Daily Chronicle *ever* was, and only about two-thirds the present size of this sheet. Truly, "these are trying times for printers," as the little Ballot says. The editor hopes to resume his old dimensions soon, and we hope the times will allow him to—but we think there will be less papers in numbers, and yet smaller in size, and still higher in price, before there is any "improvement" among the craft. And the weak ones must go down, that's all.

IN BOARD OF ALDERMEN, on Thursday evening, the use of Jefferson Hall, Wednesday next, Dec. 10th, was granted to Ald. Moulton.

A resolution was introduced by Ald. Marcy, providing that the City Clerk, in preparing for publication the City Accounts of the present year, shall annex thereto a list of the names of the volunteers from this city, with their company and regiment; also, the bounty paid to each and the weekly allowance to each family: the resolution also provides that the said list shall include the names, &c., of those from this city, who have enlisted in the Navy, since the commencement of the rebellion. The resolution was reffered to the committee on bills on second reading.

☞ An open-hearted gentleman, residing in a neighboring town, has with the earnest and cheerful co-operation of his wife, offered to receive into his family the little child which was found on a door-step in this city on Tuesday evening. We know not who the gentleman is, but in thus offering a permanent home to this little waif upon life's billow, he proves himself one who not seldom shows to others the better side of human nature.

☞ Rev. Mr. Bosserman's lecture at the Temple Wednesday evening, was an instructive and useful discourse, from a reliable and competent witness, who had been a spectator of the Virginia secession convention,—and also of the rebel Congress, repeatedly. We bespeak for him good houses wherever he goes,—for every candid hearer will understand the rebellion better for his lecture.

☞ The funeral of Mr. Henry S. Rand, on Thursday afternoon, was attended by the Knights Templar, Odd Fellows, Mechanic Association, and a Lodge of Free Masons, as he was a member of all these bodies. The exhibition, and their several services were solemn and impressive.

☞ Capt. G. Frank Towle, of this city, Co. F, 4th N. H. Regiment, has been quite sick with fever, at Port Royal, S. C., but, we are pleased to learn, is now recovering.

☞ A dispatch, received by Mr. Annable on Thursday evening, stated that the down freight train on the Eastern railroad, which is due here a few minutes before 11 o'clock, P. M., had been thrown off the track at Beverly, Mass. Nine cars were piled up, but no one was injured.

☞ The British and Foreign Anti-Slavery Society have issued an address to call forth the public sympathy of England with the emancipation party in the North.

MY LOVE.

My love, dear man, turns in his toes,
My love is tangle-kneed,
Cross-eyed, left-handed, hair and beard
In hue are disagreed.
He has no soft and winning voice,
No single charm has he,
And yet, this awkward, ugly man
Is all the world to me.

My neighbor gay rejoices in
A beauty of a man, [peer
Straight limbed, fair faced, and find his
She knows no mortal can.
I look upon his handsome form,
And own 'tis fine to see,
But I turn back to the homely man
That's all the world to me.

There's Mrs. Flirt and Mrs. Chat,
Each with their cavalier,
They smile, and wonder how I can
Call such a fright "my dear."
But it is just as strange, I think,
How they can happy be
Without my homely man, for he
Is all the world to me.

Don't ask me why, I cannot tell;
'Tis all a mystery;
I've sought myself, a thousand times
Its secret history.
Meanwhile my heart grows sad to think
How drear this life would be,
Without this awkward, homely man,
Who's all the world to me.

WHISKEY AND NEWSPAPERS.—A glass of whiskey is manufactured from perhaps a dozen grains of corn, the value of which is too small to be estimated. A pint of this mixture sells for one shilling, and if of a good brand is considered well worth the money. It is drank in a minute or two—it fires the brain, sharpens the appetite, deranges and weakens the physical system.—On the same sideboard upon which this delicious beverage is served, lies a newspaper. It is covered with half a milion of types—it brings intelligence from the four quarters of the globe. The newspaper costs less than the glass of grog—the juice of a few grains of corn; but it is no less strange than true that there is a portion of the community who think corn juice cheap and the newspaper dear!—*Scientific American.*

DEATHS.

In this city, Dec. 4th, very suddenly, MARY ALICE BROOKS, aged 18 years 6 months, daughter of Joshua Brooks, Esq.

In Strafford, Mr. LORENZO D. BROCK, aged 25 years.—SORRITY CARSWELL, wife of Mr. Israel Carswell, aged 82 years.

In Kingston, Nov. 7, JOHN DOW, Esq., aged 92 years 3 months.

In Newburyport, Nov. 26th, Mr. ENOCH HALE, aged 42 years.

In the hospital at Philadelphia, WILLIAM H. H. ADAMS, of Co. A, 19th Mass. Regt., aged 22 yrs. 8 mos., of Haverhill.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *second*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long! or large enough to take six large platers on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had every extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. E. Pettigrew, Capt. John Davis, Jeremiah Ralfit, Mrs. Ann T. Perkins, James W. Jervis, Francis C. Jarvis, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hatley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Caney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, Elkin Harrett, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel T. Raddel, Sarah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Frefethen's Island; Geo N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The enlargement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Notice.

THE CO-PARTNERSHIP heretofore existing under the firm name of FERGUSON & GARRETT is this day dissolved by mutual consent.

All persons indebted to said firm, either by note or account, will please call and settle the same without delay; and all just demands will be paid which presented for settlement. Either party is allowed to settle the affairs of the late firm.

STEPHEN FERGUSON.
HENRY L. GARRETT.

Portsmouth, June 10th, 1862.

Having bought the interest which Mr Henry L. Garrett had in the late firm of FERGUSON & GARRETT, the undersigned will continue the

Grocery & Provision business,

at the same place, trusting by strict attention to his customers and the public to receive a share of their patronage. STEPHEN FERGUSON.

Portsmouth, June 10th, 1862.

American Union Store.

The Subscriber respectfully gives notice that he has taken the

STORE NO. 89 MARKET STREET,

lately occupied by J. B. UPHAM, Esq., for a

Retail Grocery and Provision Store!

And by strict attention to his customers, he hopes to merit a share of the public patronage.

H. L. GARRETT.

Portsmouth, Aug. 8, 1862.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by DR. J. C. AYER & CO., *Practical and Analytical Chemists*, Lowell, Mass.

Sold by all druggists every where.

Portsmouth, Feb. 1, 1862.

ATTENTION, THE WHOLE!

EYE, N.H., Feb. 25, 1846. "I hereby certify that my daughter has had the salt rheum about three years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several Bottles of his Humor Wash, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors." I have sold to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since. I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pain, sticking pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to spend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct.

SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

"I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, for many years of my life. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I feel no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for humors." HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

"I have for several years been afflicted with dizziness and weakness, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health." M. ROWE.

Exeter, Feb. 24, 1838. Dr *Swett*:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and now I addethat by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints." WM. P. LAVITT.

From ELDER I. CHESLEY, *Tax, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and BUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. ☞ All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

Desirable Residence

ON MIDDLE ROAD FOR SALE.

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for the apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 15 feet each.

The house was built by the day, ten years since, by the late Wm. F. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and is over 300 feet deep, well filled with almost every variety of choice and fruitbearing trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction. Aug. 9. SAMUEL T. LONG.

REAL ESTATE IN GREENLAND
FOR SALE OR TO LET.

The desirable residence owned by ALONZO H. BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is two-story, and has built about six years since; very convenient; built for a gentleman's home; has a barn and carriage-house attached; sufficient quantity of excellent water; there is nineteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school-house, and the railroad depot to Concord, Boston and Portland. The above is one of the pleasantest residences in Greenland. Possession given about the 1st of October. For further particulars apply to H. F. WENDELL, No. 70 STATE STREET, Portsmouth. August 20, 1862.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented. The castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin water closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in the city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Tredwell, Oren Brag-don, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pinder, James Shaw, Charles A. Hodgdon, Charles Simpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK,

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodeling or erecting buildings to examine this invaluable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable to feel, as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are forced up by the expansion of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 25 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so difficult to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT.
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE, OF PORTUGAL.

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE manufactured in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons; and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate like other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine:

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1846; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. SATURDAY, DEC. 6, 1862. NO. 106.

The Chronicle.

☞ A large number of steamboats have recently been chartered by the Government in St. Louis, but their precise destination is unknown. It is supposed, however, that they are intended to act in conjunction with the McClerland expedition.

☞ A letter from St. Paul, Minn., in the N. Y. Times, states that there have been over six hundred people killed by the Indians. The writer says: A woman—the wife of a surgeon—was driving out, when the man beside her was shot down by an Indian, who immediately approached the wagon, tumbled out the dead man, took his seat by her side and drove off. When the woman was restored to her friends by the arrest of her captor, she showed him every token of affection, traveled at his side as long as permitted, and, stooping down and kissing him at the final parting, she invoked curses on the head of any man who might harm the object of her unnatural devotion.

Of the 498 Indians tried by court martial, 303 have been condemned to be hung, and 18 to imprisonment. When the condemned are talked to on the subject, they say,—"Kill me, kill me. I would kill you if I had you." An Indian despises to beg for his life, but abhors hanging, for he feels that to be hung, is to be *treated like a dog.* He would much prefer death by the slow, lingering torture, such as none but an Indian can devise and execute, to a death on the gallows.

ONE OF THE OWLS.—The Newburyport Herald says the largest owl ever killed in that neighborhood, was shot a few days since, by John Kent of Newbury. It was a big grey Arctic owl, measuring five feet and one inch from tip to tip of wings.—This owl had been known to kill several turkeys in that neighborhood. He would come down with a sweep and kill them by biting their heads off.

☞ Several criminals in prison at Thomaston, Me., with the death penalty hanging over them, were badly frightened a few days since on the occasion of the erection of a staging in the yard. The criminals feared that it was a gallows. The poor fellows felt relieved when they were undeceived.

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers, and Fine Watches,** has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,
PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE EQUATED TIME of Portsmouth at this establishment, and are invited to call.

Also Agent of
N. C. GREENOUGH,
For the sale and hire of
MARINE CHRONOMETERS.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him also, in a position, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful practitioners* in this department of business."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 2, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; and will thus receive the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, DECEMBER 6, 1862.

THE REBELLION.

Several steamers of Gen. Banks' expedition sailed from New York on Thursday.—Gen. Banks was escorted down the bay by a distinguished party of citizens of New York. Maj. Gen. Andrews and staff, who remain, will sail next week with the remaining regiments of the expedition.

The village of Greenville, N. C., on the Tar River, has been taken possession of by our forces.

A reconnoitering party from Suffolk, Va., had a skirmish at Blackwater on Tuesday, and captured a rebel battery, with 40 prisoners, without the loss of a man. The rebels are fortifying Petersburg and along the route between there and Richmond, by digging rifle-pits and throwing up strong earthworks. Large forces are at work upon them day and night.

The rebels have temporarily obstructed the channel through the stone blockade at Charleston by the use of railroad iron, which they can readily remove for their own use.

It is currently reported that Stonewall Jackson has joined Lee. The work on the rebel batteries is still prosecuted vigorously, and additional guns make their appearance daily. The rebels are still wearing their thin summer uniforms, and have a very inadequate supply of overcoats. Of tents and blankets, however, they are said to have plenty. The N. Y. World has a rumor that a train of our wagons, loaded with ordnance stores, en route, via Occoquan and Stafford, has been captured near the former place.

General Holmes crossed from Arkansas to Mississippi at Vicksburg last week, with a rebel force estimated at 40,000.

A Federal expedition, said to number 20,000 men, left Helena, Ark., last week, and will move overland towards Grenade.

☞ The correspondent of the New York World contradicts various camp rumors, some of which have been sent to the North by telegraph, viz:—"Gen. Burnside is not removed; Gen. Halleck is not in camp; 300 infantry were not captured; no portion of the army has had orders to go into winter quarters; the pontoon bridges have not been thrown across the river, and no gunboats are nearer than Port Conway, 20 miles down the Rappahannock. It may, perhaps, be necessary to contradict still another rumor, and say that there is no fleet of transports at Aquia Creek suitable for or intended for the transportation of the army to the peninsula."

CONGRESS.

THURSDAY.—Resolutions were adopted in the Senate providing that the Naval Committee inquire into the expediency of providing by law that appointments in the volunteer naval service be submitted to the Senate for confirmation; and that the Military Committee inquire into the propriety of reporting a bill requiring all soldiers hereafter discharged to be discharged within the limits of their own State. A resolution was offered requesting the President to communicate, if compatible with public interests, all correspondence, &c., relating to the military operations of the Army of the Potomac, and to the surrender of Harper's Ferry, with the testimony taken before the Investigation Committee upon such surrender.

In the House, a resolution was adopted, 78 against 49, instructing the Committee on Military Affairs to report as to the propriety of dispensing with the West Point Military Academy, and instead thereof, aiding in the endowment of military schools in several States.

FRIDAY.—In the House, a resolution was adopted, in view of the large number of sick and wounded soldiers (60,000) that the military committee inquire whether some method cannot be adopted to effect furloughs and discharges more speedily. A resolution was adopted, 145 to 1, that as we were never better prepared, it is the duty of all loyal American citizens, especially of all officers and soldiers, and those in every branch of the Government, cordially to strike the assassins at once, who have conspired to destroy our existence, property and freedom.

☞ Gen. Scott has replied briefly to Ex-President Buchanan, denying that he has any private resentment to gratify, and acknowledging that he has received many official courtesies from the late President; but he insists and shows that certain Southern States received an undue proportion of arms.

☞ At a meeting of the N. Y. Chamber of Commerce on Thursday afternoon, $268,200 were subscribed, and a ship offered to carry grain and provisions to the suffering English operatives.

☞ The New York press abound in statements that the rebel leaders are communicating with leading Democratic politicians, urging a return of peace, and "equal rights."

LETTER FROM NEW YORK.

From our Regular Correspondent.

CLINTON PLACE, N. Y., Dec. 2.

IN CAMP WITH THE 16th N. H.—*Dear Chronicle:*—As one experiences a feeling of pleasure and relief, on drawing up his chair, after a day of weary toil, to make one of a joyous circle, gathered round the glowing grate in the room, ornamented with the richest furniture, the choicest pictures and paintings, the priceless daguerreotypes, and all the attractive mementoes of the past, so it is with a visit to your cosy little city on the banks of the Piscataqua. And with these pleasurable impressions, I returned hither Saturday after a two days' rustication, and an equally extended and successful effort to Thanksgive, &c.,—immediately upon which devolved on me the pleasant duty of visiting the camp of the 16th Regt. N. H. V.

I found that they had removed from the Parks during my absence, and encamped on the "Battery," the extreme lower end of the Island, not, (as most of your readers are aware) the fortification which its name indicates, (derived from the position of the old Dutch defences) but a broad, level, octagonal plot of land, with an old fashioned appearance, shaded with many trees, which, in the colonial times, ornamented the park, whose clean, hard, pebbled promenades were graced by the forms of the *élite* of the ancient Knickerbockers.

Now the trees are gnarled and knotted, shorn of their symetrical proportions, the leafless branches shooting out and upward, broken and twisted by a century's gales, the only ornaments the newly pitched tents, the uniformed sentinels, the apple-stands, with their rich, rosy fruit, which year after year, the good old ladies have peddled out 'mid constantly changing surroundings, and the boats, which, during the summer months, have on the waves borne many a precious freight of pleasure seekers, now reversed in the sun to day, before wintering; and back of all the bright and flashing waters of the bay, and the deeper blue of the ocean with its white-winged messengers from many climes. Since my return I have enjoyed several visits to the camp. On Saturday, all day Sunday, Monday morning and evening, and to-day—and on each occasion, the men have been comfortable and happy.—enjoying life as well as the necessary deprivations, and separation from friends will allow.

The tents are regularly arranged on each side of the wide walks and opening upon them—half of each company on one side and half opposite—width of walk being about twenty feet. On the outside of the canvass the occupants have designated their dwelling places by the names of various familiar localities, such as "Rockingham House, State St," "Piscataqua," "Water St.," "Old South," &c.

Let us look at the camp—or one of the tents which is typical of the whole—as it appears on Sunday. Some twenty steps inside the iron railing which surrounds the plot, you are confronted by one of the guard who is inquisitive as to the course you intend pursuing. If you wish to pass, he calls the corporal, who, on enquiry, finding everything right, permits your entrance, which strict regulation is necessary, to free the camp of aimless stragglers, and because you are only following in the footsteps of numerous bottles of whiskey and like contraband, which has found its way within the lines, in apple-baskets and various other disguises.

Strolling through the rows of tents, we come to one marked "Co. K," and in charcoal on the side purporting to be "Reckingham, State St." The name is familiar, so we press aside the canvass and peep in.—The greeting is, "Hallo, Portsmouth," "Come in," "How are you, Newington!" and "take a seat." I took one,—which means placing a knapsack between you and mother earth, and locked around on the merry scenes and faces upon which I had entered. The tents accommodate (?) six, but here were eight, in postures a perfect exemplification of what is termed "laying round loose." The orderly, two sergeants, three corporals, and two privates, all of Co. K, or as the boys call it, "Co. Kin",—one smoking, another reading, and still another, with his case unrolled, writing, while his neighbors are talking, and trying the *quantity* as well as the quality, of some sandwiches and ginger-cakes sent over by friends.

I drew from my pocket four copies of the "Chronicle," and threw them into the centre of the tent. Could you have heard the hi! hi! and seen the scramble for the papers, you would realize that the "D. M. C." is deservedly one of the best appreciated institutions of Portsmouth, and would either reduce the price two cents per copy, or "take a holiday" and "publish no paper tomorrow."

"Well, friends, how do you sleep?" I asked. "Oh! bully! we spread one or two blankets on the straw, make a long bolster of our knapsacks, get into our overcoats, draw the caps over our heads, lie down side by side, throw the remaining blankets of the party over us, and sleep like a top."

Outside the tent, in the centre of the walk, two log fires are blazing, and a dozen of the company are gathered round, wiling away mirthfully the passing hours, one, a be added fuel to the flames remarking that it reminded him of "skating fires" on the "South Mill Pond!"

The rations are complained of slightly; of course being furnished by contract, the supply is less than it should be, the bread dry, and the cheese will track out of sight unless carefully watched.

On this account they desire to be regularly in camp, so that they may prepare their own food.

Saturday, the N. H. residents here, gave them a turkey feast, with speeches and a good time generally, the whole occasion worthy a more extended mention than I can give here. I shall visit the camp daily, so long as they remain, and after the embarkation (which will probably take place before this reaches you) shall long have pleasant recollections of five days passed "in camp with the 16th." NEWINGTON.

BATTERY, N. Y., 12 o'cl'k Thursday, P. S.—The 16th is embarking on the steamer "Eastern Queen"—four companies already on board, including Co. K.

I would advise the direction of letters to "Washington, D, C.," with the superscription to the regimental address—"With Banks' Expedition." NEWINGTON.

NOTES OF FORMER DAYS.

Collected and Collated—By UNCLE TOBY.

Witchcraft Persecutions in 1692—opposed by Joshua Moodey—Mr. and Mrs. English imprisoned.

The breaking out of the witchcraft delusion in 1692 tested his strength, and at the same time showed the weakness of the people. He had dared to do right several times before, in trying circumstances; but he had always had the popular voice on his side, joined and backed by the favor of his fellow clergymen; and he was aided by nearly all the men of influence, in opposing the arbitrary acts of royal governors and their adherents.

He was now to occupy different ground. The wonderful and lamentable delusion on the subject of witchcraft broke out violently at Salem in February in 1692, and before the end of September in the same year 19 persons had been hung for witchcraft, on evidence which would not now hang a dog. No one of us, who has read the reports of their trial, and the other various accounts of the affair, believe or can believe, that those poor sufferers had any more dealings with familiar spirits or devils, than we have.

But the imputation of witchcraft, and a prevalent belief of its existence among them, had taken possession of the minds, not only of the common people, but magistrates, judges, counsellors, and even the Governor himself entertained the common but foolish belief. Nay, more than this, the substance of it was ground into the theology, the philosophy, and the jurisprudence of that day, not only for chiefly in New England, but in the mother country, and in European nations generally. It is computed that 30,000 persons were executed, under the forms of law, for this imaginary crime, within 150 years, closing about the year 1700. Papists, churchmen and puritans, all hung or burned or drowned witches.

To name only an instance or two. The celebrated judge Sir Matthew Hale, presided at the trial of Amy Dunny and Rose Cullender for witchcraft in England in 1664. These two women were condemned and executed. The celebrated Sir Thomas Brown, an eminent physician, was a witness in this trial against the witches; and the Rev. Richard Baxter and Edmund Calamy added their influence also on the popular mind, in favor of what we cannot now dignify with a better name than the witchcraft humbug.

In this country the learned Rev. Cotton Mather of Boston, was the distinguished patron and promoter of this miserable delusion;—and his influence, which in this matter was immense, was all thrown into the scale of superstition and folly. The Rev. Mr. Parris, of Salem village, was at once the leading patron and the greatest dupe of the tragic farce enacted in that vicinity.

So strong indeed was the current, both of opinion and influence in this one direction, that very few, and those only of the boldest spirits, were found to question its propriety and oppose its progress. Among these few we find the Reverend Mr. Willard, of the Old South Church, and Joshua Moodey.

I have tried to find some evidence that Mr. Moodey did not believe in witchcraft, after the manner of that day, but I cannot find any. Indeed, if he had avowed such disbelief, he must have been branded as a Sadducee. But we do find in Adams's Annals this statement: "He was greatly opposed to the *fanaticism* which prevailed at the time of the Salem witchcraft, and which deluded so many people." We find also the author of the Moodey book saying, "He evinced the enlargement and independence of his mind, by stemming the swollen tide of excitement which the subject of witchcraft had called forth. Unlike some of the ministers of the age, he declined giving any countenance to the *severe measures* which the popular will loudly demanded.

"It was chiefly by his moral courage that Mr. Philip English and his wife, of Salem, were saved from being hung for witchcraft." Dr. Bentley informs us that Mr. English was an opulent merchant, who came when quite young, from the Island of Jersey,—lived in the family of Mr. Hollingworth, a rich inhabitant of Salem, and married his only child, Susanna, who had received a superior education, and was a superior woman.

On the 21st of April, 1692, Mrs. English was accused of witchcraft, examined, and committed to prison in Salem, where she remained six weeks. Her husband visited her, and was also seized, accused of the same crime, and thrown into the same prison. By the intercession of friends, and by a plea that the prison was crowded, they were removed to the jail in Boston, till the time of trial.

☞ "Perley" writes from Washington that the reports of the engineers and ordinance officers will show that due heed has been paid to the earnest entreaties that no time be lost in putting our New England coast in working order. Those who have feared that foreign fleets could threaten our seaports with destruction, unless any propositions offered were complied with, will find that we are better prepared to give an enemy a hostile reception than has been supposed.

☞ Gen. Pope, at the Court Martial of Gen. Fitz John Porter, on Thursday, testified that it was his firm conviction that if Gen. Porter had obeyed his orders promptly, he could have defeated, if not captured Jackson's army.

☞ Mr. Theodore Kane, of Kittery, had a hog dressed a few days since, which weighed 710 lbs. dressed: 738 live weight.

Notice to Housekeepers,

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.
It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.
It does not wear the carpets half so much as brooms or any other sweeper.
It is the only practicable sweeper made, and the only article fit to sweep a carpet.
With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by
ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

THE CONFESSIONS AND EXPERience of an Invalid. Published for the Benefit and as a warning and a caution to young men who suffer from Nervous Debility, Premature Decay, &c; supplying at the same time the means of Self-Cure. By one who has cured himself after being put to great expense through medical imposition and quackery. By enclosing a post paid addressed envelope, SINGLE COPIES may be had of the author, NATHANIEL MAYFAIR, Esq., Bedford, Kings Co., N mar10snot dawly

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are a blessing, *inducing, with certainty, perfodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York

Local.

☞ We learn that the managers of the C. & P. Railroad, are contemplating the establishment of a steamboat line between Portsmouth and Boston and New York, next season, to run in connection with their road. Also that a new and direct telegraph line is to be put up between Concord and Portsmouth, by the American Telegraph Company. Superintendent Gilmore and President Kenwick say so—and what they set about, is usually accomplished.

☞ The U. S. steam frigate Colorado, Capt. J. R. Goldsborough, at the Portsmouth Navy Yard, will probably sail within a few days. She has now about 425 seamen on board, and only awaits the arrival of a draft of about 200 more from New York, when she will leave for sea. Her sailing orders have been received.

GOODWIN GUARDS.—Since the organization of the Goodwin Guards, in this city, in March, 1861, the following officers have been commissioned from that company, for service in the field:—

Capt. W. O. Siles, Co. K, 2d N. H. Regt.,
1st Lieut. J. S. Sides, " " " "
2d Lieut. G. E. Sides, " " " "
1st Lieut. A. J. Sides, Co. H, 6th " " "
Capt. M. T. Betton, Co. K, 13th " " "
Capt. L. F. Jenness, Co. B, 17th " " "

NEW HAMPSHIRE ITEMS.

—— The Manchester American states that the 17th Regiment had not recently made much progress. It has now in camp about 300 men. Recruiting has almost wholly ceased, and but little personal effort is now put forth to induce enlistments. About 700 more men are wanting to fill our entire quota. The Governor and Council have determined to issue an order at once to those towns that have not yet furnished their full proportion, and allow until the 24th of the present month for volunteers. After that time all deficiencies will be filled by draft.

—— The Newburyport Herald says "the election in New Hampshire, the first election for the year 1863, attracts much attention both in and out of the State. The war will do much more to affect the vote than anything politics can do. If Richmond is taken before the election, the Republicans will be safe enough; if it is not, they will have up-hill work and a hard look."

—— James A. Weston, Esq., is the Democratic candidate for Mayor, in Manchester. The election occurs next Tuesday, Dec. 9.

—— Of the 16th Regiment, N. H. V., the Colonel is a Methodist clergyman, Rev. James Pike, the presiding elder of the Concord district. The Adjutant is Rev. L. T. Townsend, who is pastor of the Methodist church at Salem; the Chaplain is Rev. Prof. Manly of the Methodist Female College at Sanbornton Bridge. One of the Surgeons, Dr. Campbell, is a member of the Methodist church, and a Methodist local preacher, is in the ranks.

BRIGHTON CATTLE MARKET.
THURSDAY, Dec. 4.

PARABLES.

"Hold every mortal joy
With a loose hand."

We clutch our joys as children do their flowers;
We look at them, but scarce believe them ours,
Till our hot palms have smirched their colors rare,
And crushed their dewy beauty unaware.

But the wise Gardener, whose they were, comes by
At hours when we expect not, and with eye
Mournful, yet sweet, compassionate, though stern,
Takes them.

Then in a moment we discern
By loss, what was possession, and half wild
With misery, cry out like angry child:
"O cruel! thus to snatch my posy fine!"
He answers tenderly, "Not mine, but mine."
And points to the stained fingers which do prove
Our fatal cherishing, our dangerous love;
At which we, children, a pale silence keep;
Yet evermore must weep, and weep, and weep.
So on through gloomy ways, and thorny brakes,
Quiet and slow, our shrinking feet he takes.
Led by the soiled pinafore, which, laved in tears,
More and more clean, beneath his sight appears.
At length the heavy eyes with patience shine—
"I am content; thou took'st but what was thine."

And then he as his beauteous garden shows,
Where bountiful the Rose of Sharon grows;
Where, in the breezes opening spruce-buds swell,
And the pomegranates yield a pleasant smell;
While to and fro peaceful, whitelad angels move
In the pure air that they—not we—call Love:
An air so fine and rare, our grosser breath
Cannot inhale till pierced by death.
And then, we, much with longing lying, sedate
And satisfied, wait mute without the door,
Until the gracious Gardener maketh sign,
"Enter in peace. All this is mine—and thine."

—*Miss Muloch.*

NATIONAL CHARACTERISTICS OF FEET. The French foot is meagre, narrow and bony. The Spanish foot is small and elegantly curved, thanks to its Moorish blood, corresponding with the Castilian pride—"high in the instep." The Arab foot is proverbial for its high arch; "a stream can run under his foot," is a description of his form. The foot of the Scotch is large and thick. The foot of the Irish is flat and square. The English foot is short and fleshy. The American foot is apt to be disproportionately small.

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. W. H. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fleas, Mosquito Bites, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Fevers, Strumous Cancers, Whitlows, Itch, Stiles, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 26 Trinity Place, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long! or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be the favorite for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity, who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Asa T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, C. Melvin Huntress, Jos. D. Akerman, James S. Shonts, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Cammett, Benj M Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Laubert, Joseph Stone, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Customs Pryor, of Treffethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Ferrinald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence that it will please.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in the stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

We also have stoves adapted with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the bladder and kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the fearful and nervous effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful echoes of the mind are such to be dreaded, loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for after cure on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotine, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—ly 8aw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, continues to treat with the utmost success all those diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual disarrangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April, 1852—lyaw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

N. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1852—lyaw.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 26, 1845. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and I kept it in my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct.
SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And never has any Dr. Swett's Panacea I believe have effected a radical cure, as I HAD no sign of the complaint since I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited spell of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, and it has fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWE.

Exeter, Feb. 24, 1838. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and we add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I return your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE

COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brugdon, J. R. Upham, J. Woodman Moses, John R. Holbrook, Geo. H. French, Frank Jones, C. C. Jackson, James H. Pindar, James Shaw, Charles A. Hodgdon, Charles Simpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed; some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a general family Medicine. Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have used the Wine.

Gen. W. Scott, U.S.A. Dr. Ward, Newark,
Gov. Morgan, N.Y. State Dr. Wilson, 11th St., N.Y.

feb18 MANUFACTURERS.

MATHEWS'

VENETIAN LIQUID

HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE:—This celebrated Dye was first prepared in 1840; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade, crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. MONDAY, DEC. 8, 1862. NO. 107.

The Chronicle.

☞ Strangely enough, some persons and papers seem to imagine that the President has abandoned his emancipation proclamation, in urging a new plan of gradual emancipation through an amendment of the Constitution. But he does no such thing. The two measures are quite distinct, but they are not opposite to each other. When he issued his proclamation in September, some surmized that he was "going to stop fighting and carry on the war by proclamations!" And now he recommends a scheme of gradual emancipation, they pretend that he has given over his proclamation, and proposes to take thirty-seven years to end the war.

The President, however, says expressly in his message, referring to his general emancipation plan:—"Neither the war nor the proceedings under the proclamation of September 22, 1862, will be stayed because of the recommendation of this." Troops, ships of war, confiscation, military emancipation of rebels' slaves and the legal emancipation of all others—all these means are invoked by the President for the crushing out of treason; and he designs to neglect none by the occasional selection of others.

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers, and Fine Watches**, has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,
PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE EQUATED TIME of Portsmouth at this establishment, and are invited to call.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions; and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 2, 1861 aw

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malvage, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Portsmouth, N. H.

MONDAY, DECEMBER 8, 1862.

NEW HAMPSHIRE ITEMS.

—— The Governor has ordered a draft, to commence Dec. 24, in towns which have not then filled their quotas. The draft will be made upon the revised enrollment, at the county seats. Towns failing then to furnish their quota of three years' men may supply the deficiency by furnishing an equal number of 9 months' men. The Governor says that it is very desirable that the delinquent towns should make a vigorous effort to fill their respective quotas, in order that the draft may be avoided. The following is a list of delinquent towns in Rockingham, Strafford and Belknap counties, and the whole number lacking in the other counties:—

ROCKINGHAM COUNTY.

Atkinson,	4	Newton,	2
Auburn,	5	North Hampton,	6
Candia,	4	Rye,	8
Deerfield,	1	Salem,	1
Exeter,	22	Sandown,	7
Hampton,	21	Seabrook,	29
Londonderry,	4	Windham,	5

STRAFFORD COUNTY.

Barrington,	5	Strafford,	24
Lee,			2.

BELKNAP COUNTY.

Alton,	19	Gilmanton,	12
Barnstead,	20	Gilford,	1
Centre Harbor,			10.

Carroll County, 318; Merrimack, 87; Hillsborough, 89; Cheshire, 147; Sullivan, 49; Grafton, 156; Coos, 96. Whole number required, 1165.

—— At a recent trial in Plymouth it was proved that two notes were fraudulent, in the following manner. They bore the imprint of Rufus Merrill of Concord, and also bore a cut which was purchased by Messrs. McFarland & Jenks, who do all of Mr. Merrill's note printing, Mar. 6, 1859. The earliest lot of blanks for notes, of this kind, was delivered April 2, 1859. But the first of these notes was dated May 18, 1858. So it was easily established that the note, which had been sworn to as made on the day of its date, not only was not printed at that time, but that the printers did not have the material to print the note until after Mar. 16, 1859. A verdict for the defendants was returned. The amount involved and costs is stated at between $1000 and $1500.

—— An intelligent writer on the artillery arm of the service classes the N. H. Battery among the best of the volunteer light artillery.

—— The Prince de Joinville's article on the Peninsular campaign says Sumner's bridge saved the army at the battle of Fair Oaks. This bridge was entirely built by the Fifth N. H. Regiment, under the superintendence of Col. Cross.

—— A man entered a shoe store in Nashua a few days since, and trying on a pair of new boots, attempted to run away with them. He was arrested, and fined $15, and costs—rather a bootless operation on his part.

—— The Washington correspondent of the Concord Statesman, says "The 2d Regiment is at, or at any rate on the march to Fredericksburg; that is to say what there is left of it. This Regiment has certainly been very singularly treated. When they came from the last Bull Run conflict, Gov. Berry was in Washington, and, as was understood, arranged that they should be put in some fort near Washington, and officers detailed to fill up the ranks to the maximum. The request of the Regiment was that they might all be sent to Portsmouth, or some other place in the State, while the recruiting was in process. The reply was that such a request could not be granted, because the Department had refused other States the same thing. Since then, however, a Maine regiment has been granted precisely this request, and at the sametime the 2d Regiment, instead of going into a fort in Washington, has been ordered again into the front ranks of the forward movement. It is quite possible that this is all as it should be, but we cannot see it here in that light."

—— Col. Marston, member of Congress from this State, rejoined his regiment on Saturday last.

NAVAL.—It will be remembered that early in October last we published extracts from a letter written on board screw-sloop Kearsarge, when in the Bay of Algeciras, announcing the invention of Engineer Whittaker, then of the Kearsarge. The invention was spoken of in the most extravagant terms of praise, and Engineer W was about to leave for home to lay it before the Department. It now appears that, sanctioned by some of our best officers, a trial is to be made on the Ozark. Any hint as to the nature of the invention seems to be most rigorously guarded against, and it is to be hoped that the affair will prove successful.

Commander Geo. H. Cooper has been ordered to the temporary command of side-wheel steamer Connecticut, and upon his arrival at Port Royal, S. C., to transfer the Connecticut to Capt. Stellwagen, and to assume command of screw steamer Mercedita.

WAR DEPARTMENT REPORT.—Sec. Stanton's Report is one of the most important,—of course too long for our columns. We, therefore, abridge it.

$20,692,282.09 have been expended for enlisting, drilling and subsisting volunteers, regulars and militia. Experience has shown that the militia laws, and the laws relative to volunteers, need amendment. The Quartermaster's department, upon which the charge of colored persons within our lines is chiefly imposed, has not found itself burdened from their care, but has derived valuable aid from their labor, oftentimes suffering from a scant supply of such labor. Such persons have been employed at Port Royal in the Quartermaster's department, and in cultivating some thousands of acres of the sea islands of the coast, the proceeds being used in the support of themselves and families. In the operations of the army on James river and upon the Potomac, in the fortifications at Washington, and as laborers they have been of great service, the demand exceeding the supply.

The Secretary says no aphorism is more universally received than that the sole object of a just war is to make the enemy feel the evils of his injustice by his sufferings and amend his ways, and be must, therefore, be attacked in the most accessible quarter. The power of the rebels rests entirely upon their peculiar system of labor. Whenever that system is in hostility to the Government, it is the duty of those conducting the war to strike it down. By striking down their system of compulsory labor, the rebellion will die of itself.

Under no circumstances has any disposition to servile insurrection been exhibited by the colored people in any Southern State, while a strong loyalty to the Federal Government has been displayed on every occasion and against every discouragement. Rightly organized in the recovered territory, the laborers of the rebel States, though they will not aid in holding fortified positions, will cultivate corn and forage, and save the country a portion of the enormous burden now attending their purchase and transportation from the North. The greater portion of the country which formerly produced Sea Island cotton is now restored to the Union. The laborers are there, and the soil and climate. It needs only assurance of protection to revive the cultivation of the staple, as well as to produce vast quantities of corn and forage. Judging by experience, no colored man will leave his home in the South, if protected in that home. All possibility of competition from negro labor in the North is avoided by giving colored men protection and employment in the South.

Another point of attack is by armed settlements on the vacant lands of Florida and Texas. Thousands in the Northern and Western States are impatiently awaiting the signal of military movements to plant their homes in the best territory of this continent and bring it back to the Union as loyal States. So far from the Southern States being invincible, no enemy was ever so vulnerable. If the means at hand are employed against them.

THE PIRATE STILL ON THE COAST.—Capt. Peabody, of bark Harriet Spaulding, New York Nov. 3 for Havre, has arrived home, and reports that his vessel was captured Nov. 19th, lat. 44 13 (probably 41 13) lon. 66 16, by the rebel steamer Alabama, which came up with rebel colors flying. Everything valuable which could be removed was taken, when the bark was set on fire. She afterwards blew up, having a cargo of 72,527 gallons kerosene oil. Capt. P. and his crew were put in irons and fed on bread and water for several days, until the British brig Hiram, from Pictou, was fallen in with. They were put on board the H. and landed at Fall River. There were three other crews on board the Alabama. The Harriet Spaulding was 299 tons, built and owned in Rockland, Me.

If the captain's story can be relied upon, it would seems, that though our gunboats have steamed several thousand miles in pursuit of Semmes, he was, only a few days since, within 250 miles of our coast. But the Boston Journal says there is every reason for believing that the whole story is a fabrication, from the fact that no vessel by the name of Hiram has recently arrived at Fall River, and neither is there any report of such a brig having sailed from Pictou. Furthermore, according to the Custom House record of clearances in New York, the name of the captain of the Harriet Spaulding is Wallace, not Peabody, as reported above. And finally, one of the owners says he has no knowledge of the capture of the barque.

☞ The Montreal Commercial Advertiser says: "The circulation of the Canadian Chartered Banks is nearly four millions less than at the corresponding period of last year. This falling off is mainly attributable to the large amount of American silver which has been put in circulation throughout the Province."

☞ Gen. Sigel's friends are determined to have the several charges made against him cleared up at once.

THE REBELLION.

Rear Admiral Porter has pronounced the gunboat Eastport unseaworthy. The failure of the Eastport is a trifling matter compared with the principle, the impracticability of which it apparently involves.—It would seem that an exclusively wooden vessel cannot be mailed heavily and retain her buoyancy and usefulness. "The keel of the Eastport was too weak, and the weight of metal put on her broke her back." If other wooden vessels are as susceptible of destruction by plating, a most important point is settled. The "converting" old frigates and liners into ironclads must cease. England has already gone into the business extensively and one of our great screw-frigates of 1855 is at present receiving an immense armor.

A NEW MOVEMENT.—A number of leading clergymen and laymen, of various churches in Boston and vicinity, have recently chosen a Christian Emancipation Committee. This Committee have recently sent out a Memorial, addressed to the Christian public, clergymen and laymen, throughout the Union. In the memorial they acknowledge God's chastising hand, for our transgressions, in the North as well as in the South,—and his paternal hand, in directing the sore calamities in the interests of freedom and improvement. They say:—

"We believe that God is turning the war which slaveholders have waged for the extention and perpetuity of slavery, to work it prospective and final destruction.

"We regard the confiscation of the property of the rebels, as we do the proclamation of prospective emancipation, as just, and necessary to bring this war to a close and to secure a righteous and permanent peace."

They request pastors and ministers of all churches to get the signatures of their people who are friendly to the object, to the following petition, to be sent to the President through members of Congress, as soon as possible,—and also to send an account of the same to Benj. H. West, M. D., Boston.

To Abraham Lincoln, President of the United States:—

We, the undersigned, hereby express to you our cordial approval of your late Proclamation of Prospective Emancipation, as a measure intrinsically right and necessary to secure for the country a righteous and permanent peace, and we earnestly hope that it may be carried into full effect. In so doing be assured that you have our entire support and most hearty prayers.

Signers will pour in by thousands.

☞ A woman has just been tried in Portland for the larceny of two pounds of butter from a store. The proprietor, when he found she had stolen the butter, sent her a note stating that she had better return it. For this she brought an action against him for slander, and his stock was attached to the value of $100. Her lawyer reduced his demand to $50; then to $25; and finally offered to take $5. But he refused, and took out a warrant against the woman, who was sentenced to 30 days in the county jail.

☞ The draft in Boston has been postponed from Monday, Dec. 8, to Thursday, Dec. 11, that the cavalry, &c., for three years, may be raised by volunteer enlistments, in preference to the nine months' soldiers for which the draft was ordered.

☞ Twenty-five Ensigns have been ordered from the Charlestown Navy Yard during the past week.

☞ The Republican delegation in Congress from Minnesota have unanimously protested to the President against the pardon or reprieve of the condemned Indians in that State.

☞ Intercepted rebel correspondence shows that an angry state of feeling exists between Jeff. Davis and the rebel Governor of Louisiana on account of the prohibition by the former of trade with New Orleans, which causes great suffering.

☞ The Portland Advertiser says there is a factory at Mount Desert, Me., which does a large business at slaughtering cattle and putting up the meat in tin cans, which are then boiled and sealed up. More than a thousand head were butchered last Fall.

"Papa, please buy me a muff when you go to Boston." Sister Minnie, standing by, says: "You are too little to have a muff." "Am *I* too little to be *cold?*" rejoins indignant little Ruth.

☞ 822 letters were deposited in the various offices of the United States during the past year, without any address whatever.

☞ Prentice, after quoting John Lock, that a blind man took his idea of scarlet from the sound of a trumpet, says that a hoop skirt, hanging out of a shop door, always reminds him of the peel of a belle!

☞ The family of Mr John A. Hutchinson of Trenton, to the number of eighty persons, sat down to a Thanksgiving dinner in that city last week, the great grandmother occupying the head of the table.

☞ The amount contributed on Thursday by the N. Y. Chamber of Commerce for the destitute English operatives, was $26,200. The telegraph added another cipher.

☞ The Justices of the U. S. Supreme Court commenced their term on Monday. They wore gowns—not the dress coats which have been attributed to them. There were present Justices Wayne, Grier, Clifford, Swayne and Miller—the Chief Justice, Taney, and three official Justices being absent.

THE REORGANIZATION OF THE NAVY.—Senator Hale on Thursday introduced a bill to repeal the law of the last Session reorganizing the Navy. It is said that he will make use of strenuous efforts to procure its passage, and that he will make an elaborate attack on the administration of the Navy Department.

Startling! but true.

The Volunteers are braving the dangers of Fever, Scurvy, Wounds and Cholera. Many a gallant fellow will leave his bones to bleach, who, at the head of HOLLOWAY'S PILLS AND OINTMENT would have returned to his family strong and healthy. Soldiers, try them! Only 25 cents per Box or Pot. nov27 1w 226

Guardian's Sale.

Under a licence from the Court of Probate for the County of Rockingham, I shall sell at public auction, on the premises, on SATURDAY, the 20th day of December, 1862, at 12 o'clock at noon, one fourth of the two following described parcels of land lying and being in the city of Portsmouth in the said County of Rockingham, being in common and undivided, and belonging to HARRIET H. BROWN, ELIZABETH J. BROWN and MOSES P. BROWN, Minors, namely:—

One lot bounded southerly by South street fifty-two feet, westerly by land late Eliza Langdon Elwyn's, deceased, one hundred feet, northerly by the same fifty-two feet, easterly by land of Mrs. Peter Crocker, Thomas Tucker and land formerly the mansion of the late Mendum Janvrin, with a dwelling house and out-buildings on the same.

The other lots bounded on the south by South Street, seventy-seven feet, more or less, on the west by the first described lot, sixty-five feet, northerly by land of Timothy Tucker, and easterly by Mt. Vernon Street, fifty feet more or less, both lots being the same owned by the late Mendum Janvrin deceased.

Conditions made known at time and place of sale. ALVAN T. BROWN, Guardian.
Portsmouth, December 6th, 1862. dec8 3tt

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils Scurvy, Sore Lips, Sore Ears, Swelled Neck, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Flesh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Weak Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Sties, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores everywhere. m10

☞ Prices at the lowest possible mark.

Remember our new place of business, No. 6 on Market square. E. LEVEEN & CO.
Portsmouth, November, 1862.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Portsmouth, Dec. 1, 1862.

Consumption, Gravel, Gent, Chronic Rheumatism, Dropsy, Dyspepsia, Fever and Ague, and Bladder Complaints.

WOLFE'S CELEBRATED

Schiedam Aromatic Schnapps.

The above medicinal beverage is manufactured by the proprietor, in Holland, expressly for medicinal use. It has been submitted to the first chemists and physicians in this country and in Europe, who have certified to its valuable medicinal qualities, and prescribe it in their practice.—The proprietor has in his possession more than ten thousand letters from patients who have used it in the above-named complaints. He has the privilege of referring to the following physicians, who stand at the head of their profession in this city. Put up in pint and quart bottles, and for sale by all druggists and grocers.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, perfect regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—the *Price One Dollar per Box*, containing 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York

Local.

SHOVELS TO THE FRONT.—On Friday evening we had quite a copious rain, which, early on Saturday morning, changed to snow. A large amount of snow fell, the storm extending into Saturday forenoon,—there being nearly a foot on a level. This brought the sleighs out, but the cold wind in the afternoon had the effect to prevent a very extensive indulgence in the pleasures of the first sleigh ride, at that time. During the day small boys and big boys, strong men and weak men handled the shovel deftly, and the sidewalks were put into pretty good condition for Sunday. It is to be regretted, however, that the "snow ordinance" is not regarded by all our citizens, and all the sidewalks in our public streets promptly cleared of snow.

☞ That total eclipse of the moon, advertised to come off on Saturday morning last, may have been a very fine thing, but we couldn't see it.

☞ Winter came suddenly upon us, in full rigor, on Saturday morning; and continued the same, only more so, through Sunday. Rarely before have we seen every wheel driven at once from the streets, and runners and bells substituted. On Sunday the thermometer fold of from 8 to 12 degrees above zero only; and the personal (spiritual?) temperature of many people was so low that they couldn't get out to church. Whew! this "eclipses" all the comings in of stern winter—in fact, it is what is termed, coming "butt end foremost." Pile on the wood there.

☞ The Funeral services of I. P. Seavey, Esq., were performed on Saturday—Rev. Messrs. DeNormandie and Gage of this city, and Rev. Mr. Spaulding of Newburyport, (of the Masonic Lodge of which the deceased was a member,) participating. The beautiful and appropriate Masonic ritual was also gone through with, over the body, at the house, by his brethren of the mystic tie in this city—who during his sickness have proved themselves "brothers" indeed, by their devoted and unremitting attention to his every anticipated want.—Owing to the inclemency of the weather, the Order did not appear in procession.

☞ By the official order for the draft, extracts from which we publish in another column, it clearly appears, by inference, that the State authorities are satisfied that the quota of this city has been filled. Although it has been understood here for some time past that such must be the case, it will gratify some slightly anxious young men to receive an intimation of the fact from an official source. And it is gratifying to all our citizens that it has been filled by volunteers, without the necessity of a resort to a draft. For, however just a draft may be admitted to be in the abstract, there is not a general desire to prove it practically.

☞ Rev. E. B. Eddy, pastor of the Middle Street Baptist Church in this city, read a communication to his congregation on Sunday forenoon, resigning his pastoral charge, the resignation to take effect in three months.

Adam Thunder was drafted in Franklin township, Pa., and Theodore Lightning has been drafted in the 3d ward of Kenosha.—With the assistance of Thunder and Lightning we certainly ought to be able to conquer the rebels.

☞ "Perley" reports that there were many rumors in Washington on Saturday, in regard to an armistice, but they are believed to come from the rebels, who dread the approach of New Year's Day, with its emancipation proclamation and the advance of our armies.

☞ The business of counterfeiting rebel State treasury notes, lately detected at Richmond, was traced to some negroes who were engaged to sweep out the treasury department. One stole the blanks, while another filled up and signed them.

☞ Cotton is arriving at Cairo from Memphis so fast that speculators have been glad to realize at reduced figures. The country which Gen. Grant is opening is prolific with cotton.

☞ Over 800 bbls. of gunpowder, that had been shipped at Burlington, Vt., for Montreal, and had not been properly cleared at the Custom House, was seized by the U. S. Marshal a few days since.

☞ The correspondent of the New York Times says that the inexcusable delay in furnishing means of transportation and pontoon bridges, has ruined, in its first step, the most magnificent military movement of the war.

SALISBURY, Feb. 19, 1862.

Mr. Grace, I was badly afflicted for six weeks with chapped hands and cracked fingers, brought on by working over coal fires and handling hot Irons, so much so that I was on the point of quitting work, when I commenced the use of your Salve, and obtaining instant relief. The use of half a box completely cured my hands and I can cheerfully recommend it for its healing virtues.

A. B. FELTCH.

WENDELL & MOSES.

Portsmouth, July 7, 1862. 1y

CURE YOUR COUGH FOR 13 CENTS.

Best and Cheapest Household Remedy in the World.

Madame Zadoc Porter's Cough Remedy.

Madame Zadoc Porter's Cough Remedy. This Balsam is warranted if used according to the directions, to cure in all cases Coughs, Colds, Whooping Cough, Asthma, and all affections of the Throat and Lungs.

Mad'e Zadoc Porter's Balsam is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient, warming, searching and effective; can be taken by the oldest person or youngest child.

Mad. Zadoc Porter's Balsam has been much in use by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

Most Important.—Madame ZADOC PORTER'S Curative Balsam is sold at a price which brings it in the reach of everyone to test its convenient for use. The timely use of a single bottle will prove it to be worth 100 times its cost.

Notice.—*Save your money.*—Do not be persuaded to purchase articles at 4c. to 8c. which do not contain the virtues of 18 ct. Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profit is are larger, unless the customer insists upon having Madame Porter's, and none other. Ask for Madame Porter's Curative Balsam, price 13 cts., and in large bottles at 25 cts., and take no other. If you cannot get it at one store, you can at another.

☞ Sold by all Druggists at 13 cts., and in larger bottles at 25 cts. THACHER is the Agent for Portsmouth. GEO C. GOODWIN & CO., General Agents for New England, 11 Marshall St., Boston. d1y3

HALL & RUCKELL, Proprietors, New York.

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are marked and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charming by soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

A. J. MATHEWS, General Agent,

THE MODEL COOK

FOR WOOD OR COAL.

The novel—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. References can be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Tenney, Richard L. Randall, Geo. Rice, Benj. F. Cauney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Elumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Rittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home—our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged. Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

☞ At a meeting of the New York Chamber of Commerce on Thursday, a letter was read from Sec. Welles stating that an additional force will be sent in search of the Alabama as soon as practicable. There is no authority for granting commissions to private vessels to search for the Alabama or other piratical vessels or privateers. The Chamber adopted a resolution asking the Government to send several war vessels to cruise on the eastern coast of South America.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Gleet, pain and distress in the regions of procreation, inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and Limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are some of the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capotin, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y Saw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppressions and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 9 A. M. to 9 P. M.
April7, 1862—1yStaw

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and difficult diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imported and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1yStaw.

☞ ATTENTION, THE WHOLE! ☜

EYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years, during the time of which she was at no time her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pleuritic pain, and it soon became as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prescribed, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since CAROLINE B. SWETT.

This statement of my wife is correct.
SIMEON SWETT.
Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I had no sign of the complaint since. I believe this medicine to be the most cure remedy in the world for Humors.
THOMAS ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food. Immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and so I rested that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. F. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicines one of the best that can be found for the diseases above named. ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may30

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the traveling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress street arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brag don, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pinder, James Shaw, Charles A. Hodgdon, Charles Simpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and healthy—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from the amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this may complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former modes, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot escape, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE OF PORTUGAL.

Every Family should use the SAMBUCI WINE celebrated throughout Europe for its medicinal beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

As A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

THE ONLY SAFE,
Of Boston Manufacture,
That has not failed in any fire to preserve the books and papers unhurt, is the

Marland Patent.

See: "Important Testimony of the fire at Lincoln, N. H., Nov. 21, 1860: Fire at East Boston, Mass.,—published in BOSTON POST, Dec 4 and 6, 1860; Aug 14, 21, and 28, 1861; also circulars at our office or sent by mail.

☞ *All other Safes possess the same Defects as those therein named, except the*
MARLAND PATENT.

Safes built to order without extra cost. Prices to correspond with the times. Second hand safes taken in exchange, and for sale of LOW PRICES. Safes moved.

M. B. BIGELOW & ANSON HARDY,
32 School Street, Boston.
feb18 MANUFACTURERS.

VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1846; since that time it has been used by THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO STAIN the hands, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

A. J. & M. H. OWEN, General Agent,

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)

75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, Patents, Executed on liberal terms, and with dispatch. Research into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, in a manner, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. EDDY as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable *proof of great* talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

Boston, Dec. 2, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.

They are the Purest!
The Best!
The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brotherhood all mankind.
Love truth, do good, be just and fair with all;
Live the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged—Its common and continued mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is even in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial diseases, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The disease it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distemper which lurks within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, the promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

☞ ATTENTION, THE WHOLE! ☜

EYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor; and she has tried a wide field for relief very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA; and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many marvellous cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea, in such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prescribed, and taking twelve bottles of the Panacea, I was fully cured in about two months, and I have had no trouble from it since. CAROLINE H. SWETT.

This statement of my wife is correct.
SIMEON SWETT.
Portsmouth, N. H., April 12, 1851.

I have been greatly afflicted with a Humor called by the doctors salt rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I feel no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH ROWE.
PORTSMOUTH, April 21st, 1852.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1853. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and we, and—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
W. F. LEAVITT.

Press from I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I attribute your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may22

Desirable Residence
ON MIDDLE ROAD FOR SALE

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 15 feet each.

The house was built by the day, ten years since by the late Wm. F. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and is over 300 feet deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction.

FRANKLIN HOUSE
Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The table will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders the oven as hot and well-behaved over for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for using the coal and cleaning the grate are far superior to those of any other Stove now in use, so that gas possibly escape into the room, and the shovelling up of the fire is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. E. Tredwell, Oren Brag don, F. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pinder, James Shaw, Charles A. Hodgdon, Charles Simpson Kittery; Thomas J. Tucker, Newcastle; and the rest of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are well known to need any recommendation.

"MAGEE'S PA[illegible]
VENTILATING & A[illegible]RMING
FURNACE

The subscribers being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would invite those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air, and ease of management, it has no equal. [illegible] current of warm air, moist and [illegible] the air of the air which comes in [illegible] fire-pot is used for respiration, [illegible] produce headache so much complained of in other Furnaces, is entirely obviated.

Objects aimed at by [illegible] constructors of Heating apparatus have [illegible] the great element of heat from [illegible] of fuel, and prevent the escape [illegible] to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some too costly for all but the richest over former methods, while many have proved a total failure. The reason for this obvious. The constituents passing through a fire-pot, part off into the pipe or chimney without being consumed. This objection is common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in the Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are carried up by the admission of cold air through the fire-pot, which ignites them as fast as they are formed. Thus saving at least 50 per cent. of the properties of the heat in the coal.

The heating apparatus with the smoke-pipe or flue on the top of the oven, is made to consume the gases of the coal as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

The Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world, and would refer them to the following named gentlemen, who have them now in use:

WE REFER TO

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron B. Hill, Charles E. Mendum, Henry F. Wendell, John Sise, and others.

Portland and New York Steamers.

The splendid and fast Steamship "CHESAPEAKE," Captain Sidney Crowell, will until further notice run as follows:

Leaves Brown's Wharf, in Portland, every WEDNESDAY, at 4 o'clock P. M., and leave Pier 9, North River, New York, every SATURDAY, at 3 o'clock, P. M.

The vessels are fitted up with fine accommodations for passengers, making this the most speedy, safe and comfortable route for travelers between New York and Maine. Passage $5 00, including fare and meals and berths.

Goods forwarded by this line to and from Montreal, Quebec, Bangor, Bath, Augusta and St. John. Shippers are requested to send their freight to the steamer as early as 3 P. M. on the day that she leaves Portland. For Freight and Passage apply to

EMERY & FOX, Brown's Wharf, Portland.
H. B. CROMWELL & CO., 80 West St., N. Y.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT.
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS FREE OF PORTUGAL.

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

A few well known gentlemen and physicians, who have tried the Wine.

Gen. W. Scott, U.S.A. Dr. Ward, Newark, Gov. Morgan, N. Y. State Dr. Wilson, 4th St., N. Y. Dr. Parker, N. Y. City Dr. Dougherty, Newark Dr. L. Clinton, " Dr. Parish, Phila. Drs. Darcy and Nicholl, Newark, N. J.

☞ None genuine unless the signature of "JACKED SPEER, Passaic, N. J." is over the cork of each bottle.

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been used by THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL softness of the HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Retail Grocery and Provision Store!
And by strict attention to his customers, he hopes to merit a share of the public patronage.
H. L. GARRETT.
Portsmouth, Aug. 8, 1862.

GRACE'S CELEBRATED SALVE!
A Sure Relief for the Sufferer!
This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James's army, and through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils, Scurvy, Sore Eyes, Sore Ears, Swelled Neck, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Weak Eruptions, Festers, Shingles, Cancers, Wildfows, Itch, Sore Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.
There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external salve. It has never failed to effect a speedy cure when properly applied. This Salve has no equal for the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a Box on hand, for it will save them trouble, suffering and money; and in many cases it may save life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.
Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.
M. S. Burr & Co., 19 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.
One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.
For sale in Portsmouth by Wm. R. Peaston and J. H. Thacher; and by respectable druggists and country stores everywhere. m10

Probate Advertisements.
The language of the law relating to the publication of Probate Notices is:
"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."
Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.
Our terms are as low as those of any other paper.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Research into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials bel ow given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessary ☞ a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 2, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, DECEMBER 10, 1862.

THE REBELLION.

It is stated to be the intention of the rebels to abandon immediately all that portion of North Carolina, lying eastward of the Weldon and Wilmington Railroad. The Richmond Enquirer, of the 3d, says that deserters report that Wilmington was to be attacked within a week.

No portion of the Army of the Potomac had crossed the Rappahannock on Monday. Any movement involving the probability of fighting is considered impossible during the inclement weather. Every wounded man would die. With great fires, log houses and embanked palisades under their tents the troops keep tolerably comfortable.

It is regarded as certain at the Ordnance Bureau that an ordnance train of from 130 to 140 horse wagons, from Washington for the Rappahannock, has fallen into the hands of the rebels.

In a skirmish at Coffeeville, Miss., on Friday night, which lasted two hours, we lost 9 killed, 50 wounded, and 60 missing. The rebels, who, it is said, had 5000 infantry, cavalry and artillery, lost 300 in killed and wounded.

CONGRESS.

MONDAY.—In the Senate, Mr. Davis of Kentucky, proposed amendments to the Constitution, changing the mode of electing President and Vice President, providing that those officers shall be chosen by the two House of Congress, in Convention. In the House, Mr. Van Wyck, of New York, introduced a resolution proposing a monthly addition of $3 to the pay of privates, and $5 to farriers, blacksmiths, musicians and non-commissioned officers. Also a bill for compensation for clothing lost in the service, providing for the payment of the same on the next pay roll, and making provision also for soldiers in hospitals and those discharged. Mr. Hickman of Penn., has introduced a bill providing for the enlistment of 100 regiments of negroes, to be uniformed in a distinctive manner, and enlisting them for 7 years or less; privates to receive $6.50 per month; non-commissioned officers the same pay as in the regular army; commissioned officers, either white or colored, to be graduates of colleges, and receive twice the pay of the same rank in the regular army. The bill also provides for a line of steamers to run between New York and Liberia, touching at Norfolk and Port Royal, to carry such freed men as desire to migrate. It also gives the proceeds of confiscated rebel property to carry out the provisions of the bill.

☞ Miss Jamieson, a beautiful young lady in New York, by accident had a leg broken last spring. Dr. Grayson attended the patient, and another accident worse than the first occurred—the patient and physician fell in love with each other. Naturally, his visits were frequent; and when the patient was well, Dr. Grayson asked Mr. Jamieson for his daughter. Mr. Jamieson refused, and Dr. Grayson brought in a bill for two hundred and eighteen visits at two dollars each. As the saying is, Dr. Grayson had him there, and Mr. Jamieson, disposed to get out of the business as cheaply as possible, gave his daughter and took a receipt.

☞ A dispatch from St. Paul, Minn., Dec. 8, says that a body of 150 citizens armed with knives, hatchets, and other weapons, forced their way through the guard to murder the Indian prisoners, but were surrounded, captured, and released on parole. The Governor issued a proclamation, urging the people not to throw away their good name by acts of lawlessness; but admitting that they have causes of complaint at the tardiness of the executive action.

☞ The Springfield Republican records the death in that city on Monday evening of Rev. Samuel Osgood, D. D., aged 78 yrs. 10 mos. Dr. Osgood was a native of Fryeburg, Me. He graduated from Dartmouth College in 1805, and was ordained as the pastor of the First Congregational Church in Springfield on the 25th of January, 1809—53 years ago.

☞ A "trapper" from one of the western counties of Minnesota, states that a "secret society" has been organized, having its ramifications all through the western half of the State, whose avowed objects are to hang or shoot every Indian suspected of having had any hand in the recent murders.

☞ Attorney General Bates is preparing and has nearly completed a most elaborate opinion, affirming the citizenship of persons of African descent, under the Constitution and laws of the United States.

☞ The crew of the steamship Mississippi, abandoned at sea on a voyage from New York for China, have landed at Cape of Good Hope.

☞ Edward Everett is sick at Washington.

NEW HAMPSHIRE ITEMS.

—— The Manchester Journal of Agriculture asks—"Shall New Hampshire claim her rights, and avail herself of the ample provision made by Congress for the establishment of Agricultural Schools or Colleges in the several States?" It states that 150,000 acres of land would fall to our share; and urges that the matter should be talked up by the voters in their caucuses and primary conventions, and strictly kept from party influence.

—— At the Republican Caucus in Manchester on Saturday evening, Hon. Theodore T. Abbott was nominated for Mayor, on the second ballot, there being 459 votes cast. John S. Yeaton, Esq., received 23 votes.

—— A dog, supposed to be mad, was shot in Manchester, on Sunday night.

—— Rev. Mr. Knowles, of the Elm Street Baptist Church, Manchester, administered the rite of Baptism to three ladies and one gentleman, on Sunday last. The ceremonies took place at the pond on Merrimac Square, the weather being severely cold.

☞ There was a large vote thrown in Newburyport on Monday, for city officers, I. H. Boardman (citizens' and reform) receiving 737 votes for Mayor, and G. W. Jackman, jr., (citizens') 725. The Herald says that it was an election eminently local. Politics did not enter into it all. The two candidates for Mayor were of the same party in the November election; and the strongest Republican wards have elected, their opponents, and the strongest Democratic voted for theirs. The cry was "reform!" and there is a clean sweep of the old officers. In the Board of Aldermen, only one was re-elected; and in the Common Council only five were returned. On the other hand, the Overseers of the Poor, who took issue with the City Council in the management of the Poor department, were all re-elected; one even when he was not nominated by either side.

THE RELIGIOUS NEWSPAPERS.—The publishers of weekly religious newspapers in New York and Boston held a consultation last week. A series of resolves were adopted with entire unanimity, recommending that the price of the papers be raised or the size reduced on the 1st of January next; that notices of marriages, deaths, obituaries, and societies, be paid for; and finally saying that "the law of the last session of Congress, levying a heavy tax on the materials of our business, and on the advertisements, and finally on the income of the publisher, is peculiarly oppressive upon newspapers, the circulation of which ought to be stimulated and not curtailed during the war."

THE LETTERS.—The Newburyport Herald says that recently a lady in Newburyport, whose husband was at the seat of war, received two letters from the Dead Letter Office, which had been written to her husband, one by a widow in that city and the other by a female in a neighboring town, and had failed to reach him from the change of location of his regiment. They revealed such tales as the tongue of scandal loves to repeat, but not tending to increase domestic felicity. They will be a caution to the semi-Mormons in carrying on their correspondence with females, while in the army.

SMOKING AND CHEWING.—A Missouri letter in the Dubuque Times says tobacco is used among the natives in the rural districts indiscriminately by both sexes, children as well as adults, both for chewing and smoking. A foraging party near Hartsville recently called at a house where they found a woman and thirteen children, the three eldest being girls, and all "chawing" a "power" of tobacco. One of the party remarking that she was the first woman he ever saw chew tobacco, the old woman exclaimed, "Wal, now, whar was you brought up? Never *seen* a woman chaw 'bacar! Guess you haint been round much. Don't you have any *ladies* whar you was *raised?*"

☞ Secretary Welles was hung in effigy by citizens of New London, Ct., on account of the recommendation contained in his late report, that Philadelphia is the most suitable place for the new Naval Depot.

☞ Claib Jackson, the runaway rebel Governor of Missouri, has been heard from. The Fulton (Mo.) Telegraph says: "We are informed that our runaway Governor, C. F. Jackson, when last heard from, was engaged in running a saw mill in Texas."

☞ Another copper lead has been discovered in Mariposa county, Cal., which is traceable for six miles, and in some places the copper is from eight to ten feet thick.

One of our contemporaries speaking of high prices asks "what will advance next?" Well, the army, we hope, if they can get vegetables enough—a *scurvy* joke.—*Commercial Bulletin.*

☞ An "Army contractor" has been doing an extensive business in Lawrence, in employing women to make shirts, &c., at about 60 cents a week, and very suddenly left town on Friday, forgetting to pay his bills.

IMPORTANT SOUTHERN RAILROAD CONNECTION COMPLETED.—The rebel Government has completed the railroad connection between Danville and Greenboro', in North Carolina, and has also made a connection between the great central railway line from Selma, Ala., and the Mobile and Ohio road in Mississippi. They thus secure an inland system of railways from Richmond, through North and South Carolina, Georgia, Alabama and Mississippi, to Vicksburg. We may seize and hold their great railroad line which passes through the Northern borders of Mississippi, Alabama, Georgia and East Tennessee into Virginia, and we may cut them off from their seaboard lines; but still in the interior the rebels will now have, from Richmond to Vicksburg, a continuous system of connecting railroads through the cotton States.

☞ It was stated at a meeting of the New York Historical Society, on Tuesday evening, that the will of Washington, which was stolen some time since on the advance of our army into Virginia, *has been sold to the British Museum!* When our troops captured Fairfax Court House the will, with other valuable documents was missing. The fact of its sale was, vouched for by Mr. Moore, the Secretary of the Historical Society.

Alfred Moss former clerk of Fairfax County, was the custodian of the will of Gen. Washington. Prior to the advance of our army last Spring, Moss removed the documents in his office in boxes to Warrenton. The boxes when opened were found to contain everything of importance except the county seal and the original will of Gen. Washington. From hints thrown out by the secession friends of Alfred Moss, he had taken special care of those two articles.

AN ANCIENT LITIGANT.—The venerable Joseph Cheever of Saugus, Mass., now nearly ninety-one years of age, appeared in court at Salem on Monday, as a party and witness, in the almost full possession of his faculties, with his natural force scarcely abated, in a suit involving certain rights of way among adjoining owners, under the Commoners' records in Lynn, made more than one hundred and fifty years ago. This same gentleman had a suit prosecuted in the courts as far back as 1791 or 1792.

☞ Counterfeit fifty cent postage notes have been put in circulation. The front side is not a good imitation of the genuine, and on the reverse the figures "50" are upside down. The "50" in the corners of the front side have been stamped on separately, and the green ink used strikes through to the back, and shows on the white paper.

☞ The Belfast, Me., Age reports the arrest in New York of a thief who broke into the store of Mr. Hervey in that town, and stole a large amount of jewelry. A large part of the stolen goods have been recovered.

☞ One of the best papers for little children, in America, is Grace Greenwood's worthy "Little Pilgrim," published at Philadelphia for only 50 cts. per year. And there is much in its pretty pages to interest, instruct and amuse the grown-up children, too. May be procured in this city at the bookstores, we presume, or of the publishers, L. K. Lippincott, Philadelphia.

SHAVING.—The Barbers of this city are to increase their rates, on the 15th Dec., to 10 cts. per shave, 15 cts. for cutting hair, &c. "Here we go, up, up, up;" and of course all must go together, the barbers among the rest, to "make a clean thing of it."

AN ARMY JOKE.—One of our exchanges brings us the following:—

Army Chaplain—"My young colored friend, can you read?"

Contraband—"Yes, sah."

Chaplain—"Glad to hear it. Shall I give you a paper?"

Contraband—"Sartin, massa, if you please."

Chaplain—"Very good. What paper would you choose, now?"

Contraband—Well, massa, if you chews, I'll take a paper ob terbacker. Yah! yah!"

☞ No election will be ordered in eastern North Carolina for the present Congress, in consequence of the strong opposition of the free labor party.

☞ Hon. Frederick W. Lincoln had 1062 plurality as Mayor of Boston, in the election on Monday.

☞ Persons who make ladies' dresses to order are not considered as manufacturers under the Excise law.

—— Dr. George P. Greeley, of Nashua, Assistant Surgeon 5th Regiment, has been appointed Surgeon, *vice* Dr. Eastman, resigned.

☞ A man in Newburyport, who deals largely in rags, has made five thousand dollars in the last five weeks in the rise of his stock.

PRAISE is the handmaid of virtue, but the maid is much oftener wooed than the mistress.

Little girls believe in a man in the moon; young ladies in a man in the honeymoon.

A POET'S HEAVEN.

BY REV. J. G. ADAMS.

Macdonald Clarke was a singular man, who resided, years ago, in New York city. He was called "the crazy poet." Some of his writings are very strange. Others are beautiful. Once he said, "When I die, bury me with the children. Four things I am sure there are in heaven; music, flowers, pure air, and a plenty of little children."

Beautiful conception! Who
'Mid the poet's visions clear,
Would have brought to human view
One more welcome,—heaven so near?

Flowers! the glory of the earth;
Farthest wastes that man hath trod
Hail their fresh and gladdening birth
From the forming hand of God!
So in beauty may they bloom
In the fields of light above;
On no grave, beside no tomb;
'Mid perpetual life and love!

Music! who that e'er hath soared
On its mazy pinions far,
Heard its melodies outpoured,
As from listening star to star;
Thinks how mighty is its spell
O'er the tried or peaceful soul,
Will not say its power must dwell
Where eternal ages roll?

Pure air! bearing on its wing [shore,
Health and strength from shore to
Blessing every living thing,
Free alike to rich and poor;—
What more likely can declare
Equal providential grace,
Breathing through that world so fair
Health and life for Adam's race.

Little children! they, too, dwell
In that world of peace and joy;
Hosts on hosts, their numbers tell
Love's delight, and love's employ.
Myriads for whose life-span here
Hearts were rent with grief and pain,
Henceforth, evermore, appear
Where no parting comes again!

Blessings on thy vision, then,
Poet of the shattered lyre;—
Who among the sons of men
Could have had conception higher?

Marriage Certificates.

For the use of Clergymen, Justices, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

Relief for the Poor.

Cheap & Valuable Family Medicines, Long tried by the Citizens of Portsmouth and Vicinity, and proved of great efficacy.

To meet the exigencies of the times, I have put up the following articles of Family Medicines at the low price of 13 cents each. A constant use of them for 26 years, in this city and adjacent towns, precludes the necessity of giving them a more extended notice, as their virtues are so well known.

COUGH SYRUP - - - - - - 13 cents.
COUGH PILLS - - - - - - 13 cents.

By order of Hon. THOMAS L. TULLOCK, Navy Agent. J. B. ADAMS, Auct.

Portsmouth, Dec. 6, 1862.

Guardian's Sale.

Under a licence from the Court of Probate for the County of Rockingham, I shall sell at public auction, on the premises, on SATURDAY, the 20th day of December, 1862, at 12 o'clock at noon, one fourth of the two following described parcels of land lying and being in the city of Portsmouth in the said County of Rockingham, being in common and undivided, and belonging to HARRIET H. BROWN, ELIZABETH J. BROWN and MOSES P. BROWN, Minors, namely,—

One lot bounded southerly by South street fifty-two feet, westerly by land late Eliza Langdon Elwyn's, deceased, one hundred feet, northerly by the same fifty-two feet, easterly by land of Mrs. Peter Crowell, Timothy Tucker and land formerly the mansion of the late Mendum Janvrin, with a dwelling house and out-buildings on the same.

The other lot is bounded on the south by South Street, seventy-seven feet, more or less, on the west by the first described lot, sixty-five feet, northerly by land of Timothy Tucker, and easterly by Mt. Vernon Street, fifty feet more or less, both lots being the same owned by the late Mendum Janvrin deceased.

Conditions made known at time and place of sale. ALONZO F. BROWN, Guardian.

Portsmouth, December 6th, 1862. dec8 D3t

By order of Hon. THOMAS L. TULLOCK, Navy Agent. JOS. B. ADAMS, Auct.

Portsmouth, Dec. 3, 1862.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 13 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the *most Prominent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

Communication.

☞ The Laconia Democrat says:—

"We understand that the "schoolmarms," dear creatures, of Portsmouth, volunteered their services to instruct the twenty-seven contrabands who came to that place recently as the first installment of New Hampshire's quota."

It is quite true that twenty-seven negroes and mulattoes came here a few weeks since, as part of the crew of a United States ship;—it is also true that they were as well-behaved a set of men as were ever seen in our streets for a month's furlough. If they are a fair specimen of the whole lot, no one need to apprehend the least difficulty from them. Not only is it true that several ladies volunteered to instruct them,—but also that a number of the contrabands learned to read rapidly during their short stay. With the sailing of their ship, this whole "instalment of New Hampshire's quota" disappeared from our streets: and so the Democrat and its readers may sleep without any frightful dreams of a negro invasion.

PORTSMOUTH VINEGAR FACTORY.—Among the many new buildings erected in our city during the past season, is the manufactory for the "Portsmouth Vinegar Company," (Messrs. Bachman, Weiskoff & Co.) located on the site of the Old Sugar House, on Bow street, near the Gas Works. It occupies the place of the back, lower portions of the large building of Mr. B. F. Webster's, burnt a few years since, and has excellent wharf privileges for receiving and shipping goods. The building was erected by Mr. Webster, who we believe also contemplates the erection of a dwelling house on the front of the lot.

Here in this basement, and the cellar beneath, is an immense quantity of vinegar of various kinds, in the different stages of manufacture. Almost everything is new, and all as clean and nice as possible; and the ever-pervading smell is almost like that of the nicest toilet vinegar. A row of huge wooden tanks or casks, higher than your head and holding 500 gallons each, encircles the large room; while the floor is covered with barrels filled with cider, whiskey, rum or other materials for the manufacture of vinegar; or with the vinegar or pickles ready for the market.

It takes but about three or four months to change cider into excellent vinegar, here; while old Dame Nature will use up as many or more years in her slow process. The vinegar passes through three of the tanks or tubs, in the process; and all that can be seen, by climbing, is a perforated wooden cover to each tank, and a filtering layer of white beech shavings. So we can't describe the modus operandi very particularly, if we want to. Suffice it to say, they turn out here, cider and white wine vinegar of the very best qualities, and in quantities to put the country in a pickle, if it isn't near enough to that condition now. They also put up pickles in barrels here, which can't be beat. In common "times," the vinegar is made of a number of kinds (from rectified spirits, &c.) but at the present high rates of almost everything except cider, *tha* will be the chief ingredient the present season. The "500 barrels of cider" recently advertised in this Chronicle, we saw lying about loose, ready to be "turned" into vinegar. Hoping no reader will get in a worse pickle than that prepared here, we will bid good bye for now to the Portsmouth Vinegar Factory.

☞ A San Francisco dispatch states that Capt. Waterman had returned from the wreck of the steamer Golden Gate, and reports that the Mexicans residing in the neighborhood have saved from $150,000 to $200,000 in treasure. The employees of the wrecking company are continuing the work upon the wreck with a diving apparatus.

☞ The Boston Post publishes brief sketches of the Mayor and Aldermen elect, and thus refers to a former resident of this city:—

John Frost Paul, Alderman elect from Ward 11, is among the most popular, industrious and capable members of the present Board. He was born in York, Me., and came to Boston in 1839. Previous to this period, however, he lived in Portsmouth, where he learned the trade of ship carpenter and joiner. He arrived in Boston with a chest of tools, a strong arm, and a determination to succeed. This he has accomplished. Is of the firm of Paul & McNutt, builders and carpenters; was elected to the Council of 1859 and '60, and to the Legislature of 1858; is the proprietor of the Bay State Moulding Mills, on Tremont street, and employs a large number of men.—During the present year he has proved a real friend to the soldier, and a stanch upholder of the National Government. He goes in for a vigorous prosecution of the war, and a prompt fulfilment of duty to the city. Real estate tax $79485; personal property tax $52 50; total with poll tax $894 35. Real estate valued at $75,700; personal property valued at $5000.

A CARD.

PORTSMOUTH, N. H., Dec. 8, 1862.

I have just been informed that some of my Democratic friends, under the erroneous impression that I was Secretary of the preceding Convention, found fault with me for not publishing the call for the Democratic Senatorial Convention for District No. 1, last year—thus causing a delay of one day in the holding of said Convention.

I would merely state that I was not Secretary of the first mentioned Convention, but Chairman of the Committee on Resolutions, as the report of the proceedings of that Convention will show. I would also add, that while ill, I received a written communication from the late Hon. Augustus Jenkins, that bold and honest patriot, that honorable and spotless man, requesting me to publish the call in the N. H. Patriot, as he supposed I had been Secretary. This is a slight matter, but I cannot help mentioning this instance of the ever watchful care of Mr. Jenkins

EDWIN N. MATHES.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel and popular feature* of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Beever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Rabbi Dunneck, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; E. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Morning Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren all mankind.
Love truth, do good, be just and fair on all,
Exalt the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of party, generally. It is a spirit not to be encouraged—its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous diseases have you. While feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

☞ ATTENTION, THE WHOLE! ☜

EYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the scrofula or kings evil for 4 years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his HUMOR WASH, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JONATHAN JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, and Humor wash, was fully cured in about two months, and I have had no trouble from it since. CAROLINE H. SWETT.

This statement of my wife is correct. JOHN SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my skin. And when bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I AM NOW and no sign of the complaint left. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with disease at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and we add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. F. LEAVITT.

From ELDER I CHESLEY, *Lee, May 31, 1841.*

DR. SWETT:—Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visit to Durham in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow worse and worse, until she tried using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and her by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicine shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meat is prevented from coming into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is kept under the ashes, same as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

☞ "MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating apparatus have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites the gases as they pass through, burning at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the dome can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

SPEER'S SAMBUCI WINE.
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT.
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS
SAMBUCUS TREE, OF PORTUGAL.

Every Family should use the SAMBUCI WINE as prescribed in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians and Hospitals in Europe and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

MATHEW'S arnica HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universal by known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all dis eases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

The Chronicle.

☞ The editor of the Brooklyn Eagle charges the extraordinary advance in the rise of coal on the New York speculators, having been to the coal regions to examine the subject for himself.

☞ The Chief of the Secret Police at Warsaw, M. Telkner, has been found stabbed to death on a landing in his own house. His ears had been cut off. The perpetrator of the deed has not been discovered.

☞ The Richmond Examiner of the 29th ult. says the next session of the Confederate Congress will meet at Richmond on the second Monday of January.

☞ At Montpelier, Vt., at 6 o'clock on Tuesday morning, the thermometer stood at 15° below zero, and at St. Johnsbury at 20° below.

GRACE'S CELEBRATED SALVE!
A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Flesh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Weak Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Sties, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating healing properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 29 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. E. PARSON and J. H. THACHER; and by respectable Druggists and country stores everywhere. m10

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines start them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; and will thus receive the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, DECEMBER 11, 1862.

Correspondence of the Chronicle.

LETTER FROM CALAFORNIA.

KNIGHTS FERRY, Cal., Nov. 11, 1862.

Dear Editor:—Owing to the multiplicity of cares I have omitted to forward a communication at an earlier period. Great changes have taken place since my last. The great flood of last winter delayed our State, and pecuniarily had put the State back at least one year, and had prevented us from making the proud exhibit of statistics we have been wont to do. Still our agricultural condition is flattering, though damped by the inundation. Several hundred thousand dollars worth of our best wheat is being shipped to England. Barley is not so plenty this year, though farmers (ranchas) are obtaining a large advance, and the remuneration thus received more than compensates them. Vineyards thro'out the State have done well, and there will be a larger amount of wine manufactured than ever before. Sorghum sugar is receiving some attention, and two or three mills have been erected for making the sugar. Stock raising has received a severe check, but it will no doubt tend to a better selection. Horse flesh is on the increase, and we shall soon have an abundance of full blooded horses. Mules are somewhat plenty, and we have some noble draught animals of that class. Teaming is principally done with mules, and it is a fine sight to see a string of teams, having from eight to sixteen mules, each and all driven by a single line, the driver riding the wheel mule. The wagons are principally *prairie schooners*, with one or two smaller wagons attached to each as *back actions*, to be dropped like *freight cars* when unloaded, and the larger wagon passes on up the mountains, having a remote destination, say Washo or Mono. These are our *railroads* at present; we hope *poco tiempo* to see the Iron Horse snorting through our valleys and mountain ranges, making the hills merry with his wild neighing.

RAILROADS.

We are picking up a little in this matter. The San Jose Railroad is now nearly completed, and in a short time will be in running order for fifty-five miles. A Stockton company contemplates that an extension of the San Jose (Hoss) Road to Stockton, some 80 miles, will give encouragement to build a road connecting that place with the city of Sacramento. There is a road running from Sacramento to Folsom, and it will soon be extended to a place called Lincoln. Thus when this is completed it will be in readiness to connect with the Great Pacific Road, the books of which are now open. The Central Pacific Railroad Company is now provided by Congress with U. S. bonds to the amount of $6,000,000. These bonds run for thirty years, draw interest at the rate of six per cent, payable semi-annually. These bonds inure to the company, as each section of forty-five miles is completed, west of the western base of the Sierra Nevada Mountains, at the rate of $16,000 per mile—while for one hundred and fifty miles from such western base eastaerly, the amount is increased to $48,000 per mile, and is paid over as each section of 20 miles is completed. In addition to this the company has a right of 400 feet way track, and a donation of ten miles each side, of all Government lands, excepting mineral and pre-empted land. Mr. T. D. Judah, the engineer of the company, estimates there is on these lands some $10,000,000 worth of timber. He also makes a careful estimate of the annual net proceeds of the road when completed to Nevada Territory, to be some $4,654,240. Deducting from this $1,000,000 for expenses and the remainder is a net profit of 25 per cent, on a cost of some $15,000,000, or a monthly return of 2 per cent. These are only figures, but they are based on low estimates, and there is no doubt but it will pay thus far. The intermediate portion may not pay as well at first, but soon would when joined to the Atlantic and Pacific sections. This is a noble undertaking, and the administration has made its *mark* on the century. The California company is officered by efficient men, and in their hands the most difficult portion of the road will be speedily built. The country through which this road passes, has employed for the last three months over 3000 teams, of four, six and eight horses each, receiving from four to six cents per pound for freight.

This is a new country, abounding in gold and silver, and the place from which the "*silver brick*" donation came for the "*Relief Fund*." Yours, truly, J. E. W. C.

PARTY VS. COUNTRY.—The mere politician will tell you that the defeat of his party is ruin to the country. Not so the large-minded statesman. He takes the matter philosophically. If the people have ever made a mistake, the people can and will rectify it; and our country isn't so easily and often "ruined."

APOPOS OF TURF SCANDALS.—New name for the aristocracy—Our *betters*.—*Punch*.

CONGRESS.

TUESDAY.—In the Senate, a communication was received from the Secretary of War, stating that no information relative to the sale of colored freemen captured by the rebels, was in possession of the Department.

In the House, a long debate was had on the resolution admitting Western Virginia.

☞ The Emperor Napoleon has conferred upon Col. John E. Gowen, of Boston, the order of "Chevalier, of the Legion of Honor." Col. Gowen has fullfilled his promise to clear the harbor of Sebastopol of all the obstructions occasioned by the late Crimean War. This work not having been performed within the time specified, the Russian Government seized and confiscated all the property accumulated by him, even the smallest articles, as well as all the apparatus sent by him from the United States, the value of which would not be less than $300,000. This act of the Russian Government has left him nothing, besides the numerous honors, conferred by the Czar of Russia, the Sultan of Turkey, Victor Emanuel and the Emperor Napoleon. He loses all the property recovered by him from the harbor, and all the moneys expended by him in fitting out this enterprise, as well as the labor for the past six years.

TURPENTINE IN CALIFORNIA.—What is there not in California? asks the Providence Journal. Discovery follows discovery there. The squatters find gold, the gold hunters find silver, the silver miners stumble upon quicksilver, fruits of every kind grow in profusion; in short, no sooner is anything wanted by the world than California furnishes it. Now that North Carolina has stopped sending forth her naval stores, California comes to the rescue, and tells us that she is getting turpentine and rosin for us, and will soon be furnishing a large supply.

MRS. LINCOLN'S return to Washington,—in a special car,—is considered an indication that there are now no official secrets which she will be likely to be accused of divulging to the enemy. Her sojourn here was not distinguished by the manifestations which might possibly have been expected by the President's wife, but we presume that Mrs. James Gordon Bennett is satisfied. It is announced since Mrs. Lincoln's return to the capital, that on account of the death of her son last spring, she will hold no reception at the White House this winter. This will surely be more appropriate to the times than the levity of last winter.—*New York Argus.*

Constant motion is a great law of nature, nothing being stationery—except pen, ink, and paper.—*N. Y. Ledger.*

And editor Prentice ought to know that these are never *stationary* in a printing office.

THE COUNTRY.—There is nothing which both Northern and Southern radicals dread so much as a restoration of the sway of the old Constitution, pure and simple—and hence the efforts to secure its modification and introduce a new regime under the plea of presenting a solution of our national difficulties. What the people require in this emergency is, straight-forward means adapted to the end of bringing the war to a speedy conclusion, and restoring the Union upon the fair constitutional basis which recognises the principle of local self-government.—*Com. Bulletin.*

☞ Washington papers deny that seven soldiers froze to death at Camp Misery, in Alexandria, on Saturday night.

☞ It is stated positively that the President has sent forward an order directing that thirty-nine of the condemned Minnesota Indians, especially named, be hanged on the 19th inst.

☞ A Liverpool paper says that Capt. Maury, who arrived in the Arabia, proceeds to St. Petersburg as Commissioner of the Confederate States to Russia.

Secretary Welles informs the New York Chamber of Commerce that he "has so authority" for granting commissions to private vessels to search for the Alabama. So it appears that we can put down the rebels on the sea only in a constitutional way, but on the land every means is constitutional, especially if it has anything to do with the negro.—*Portland Advertiser.*

☞ Jonathan D. Breck, of Brighton, Ms., was instantly killed on Monday, in consequence of being struck by the branch of a tree which he had felled. He was a brother of Hon. Joseph Breck, and was 57 years old.

Matches were anciently said to be made in Heaven. It must have been, however, before Lucifer fell, hence the name of *lucifer matches*. Judging from the developements in our numerous divorce cases, the business is continued by the same manufacturer, *down below.—N. Y. Argus.*

☞ An Irishman, poor and miserable, with two little children, has been living in a house in Newburyport without windows, the cold wind whistling through the very room in which they lived, during the late "cold spell."

☞ The Directors of the Great Eastern Ship Company have been compelled to raise £100,000 on a mortgage for three years, to prevent the ship from passing into other hands.

☞ Brig. Gen. Dana is one of the newly made Major Generals.

THE REBELLION.

Gen. Herron's forces, en route to reinforce Gen. Blunt, met the enemy, 24,000 strong, under Gen. Hindman, 10 miles south of Fayetteville, Ark., on Sunday. The rebels had 18 pieces of artillery: flanking Gen. Blunt's position at Cane Hill, they made a sudden attack on Gen. Herron, to prevent his forces from uniting with Gen. Blunt.—Gen. Herron had 6000 or 7000 men and 24 pieces of artillery. The battle raged from 10 A. M. until dark, and was desperately fought throughout. Our artillery drove the rebels from two strong positions, and a rebel battery of 4 heavy guns was twice captured, but abandoned under a murderous fire. About 4 o'clock, Gen. Blunt arrived, with 5000 men, and a strong force of artillery, and attacked the rebels in the rear. They made desperate efforts to capture his batteries but were repulsed with terrible slaughter. We had the whole field at dark, and before 9 o'clock the entire rebel force was in full retreat over Boston Mountains. Our entire loss is killed and wounded was 600. The rebel loss is stated at 1500 by their own admission. Only a few prisoners were taken. We captured 4 caissons filled with ammunition. Lieut. Col. McFarland, of the 19th Iowa regiment was the only field officer killed on our side.—Maj. Hubbard, of the 1st Missouri Cavalry, was taken prisoner.—This account is fully confirmed by the official report of General Curtis.

A Louisville dispatch says that three thousand rebel cavalry, supposed to be under Forrest, intending to make another raid into Kentucky or a dash on Fort Donelson, were at Clarksville, on Monday.

Passengers from Gallatin, Tenn, contradict the story of an engagement there between Frye and Morgan.

New Orleans advices state that the rebels were preparing to make an attack on our gunboats in Galveston harbor, with an armed flotilla of light draft steamers. All the heavy guns from the battery at Virginia Point have been removed to arm the steamers, and were to be at once placed on board. Gen. Magruder had recently arrived and assumed command of the rebel troops Commodore Rensbaw, in command of the U. S. fleet, has everything in readiness for action at a moment's notice.

A Washington despatch says that the expedition of Gen. Banks has not landed upon the Peninsula, as reported.

Barque Mendi, at New York from New Orleans, reports passed 5th, off Hatteras, an expedition of eight steamers bound south.

Our scouts report a general evacuation by the rebels of Thoroughfare Gap, Aldie, and the surrounding country.

It is said that the women and children of Fredericksburg are encamped four miles from the city, on the road to Richmond, in mere temporary huts, made of sheets and blankets.

The Savannah Republican says the total rebel loss by the recent battles is 75,000 men. The same paper says the people of Charleston pulled up all their lead pipes, contributing 60,000 pounds to the rebel Government, which issues receipts for all lead pipe, or other fixtures, agreeing to replace them at the end of the war.

One J. Wesley Green publishes a long sworn statement in a Chicago paper, that he brought certain peace propositions from Jeff. Davis to President Lincoln, and that he had several interviews with the President and two of the Cabinet.

NAVAL.—Brig Bainbridge has probably done her last service, as she will be sold as a wreck. She is 259 tons burthen, carried 6 guns, and was built at Boston. Her usefulness has been remarkable. Before the days of steam-gunboats she was often made a messenger ship. Alvarado Hunter startled Montevideans out of their wits one night by firing ball-cartridges on board of her at general quarters. She became for a time his pleasure yacht, and he brought her home from Brazil without authority, because Commodore Salter would not let him make war on Lopez of Paraguay. The Bainbridge cruised on the African coast in 1859, and was recalled to join the Paraguay expedition. She was strong and well fitted.

Surgeon Charles Martin has been detached from the naval rendezvous at Boston, and ordered to the screw-sloop Sacramento at the Portsmouth Navy Yard.

Acting Ensign Thomas W. Bell and John H. Consens, and Acting Master's Mates Tunis D. Wendell, Nehemiah M. Baker, and Oliver G. Moore, have been ordered to the Sacramento.

☞ Mr. Frank M. Drake, of this city, who went out as yeoman on board the U. S. steamer Mahaska, has been promoted to Master's Mate on board the same vessel.

—— Theodore T. Abbot, Republican, was elected Mayor of Manchester on Tuesday. The vote was—Abbot, 910; Weston, 885; Abbot's majority, 25.

☞ An Irishman fell down in the road and perished of cold, on Saturday night, in Topsfield, Mass., but a few rods from a dwelling house.

☞ In the McDowell case on Tuesday, Gen. McClellan was on the stand. His testimony was highly favorable to Gen. McDowell.

HISTORY OF GRACE'S SALVE.

As the general enquiry of "what is Grace's Salve, and who is its originator," may seem to be a question worthy of being answered, the manufacturer has been induced to give the following brief, yet truthful account of its history: This Salve was invented in the seventeenth Century by Dr. Wm. Grace, who was Surgeon in King James' Irish Army, and from that time he always used it in his professional practice, whenever soreness or inflammation presented itself. As a medical agent for the cure of wounds it was followed with great success, and thousands of the veterans that were wounded in the campaigns of 1688, and 1691, owe to this salve the preservation of their lives.

Col. Richard Grace, who was King James' Chamberlain, introduced this Salve into the Royal Palace, where it was used with the greatest success, and highly esteemed for its virtues in the cure of sores. At the siege of Athlone, Col. Richard Grace ordered it to be administered to his compatriots who were wounded during the memorable days of the battle. The order was complied with, and it was used with such success that the head Surgeon of the Irish army at Aughrim ordered Dr. Wm. Grace to manufacture one hundred gross in season to have it distributed among the hospitals before the battle. On the sad defeat of the Irish army at Aughrim, after Ginckle's army took possession of the battlefield, they found several ambulances abandoned by the retreating army, and in each of them were found scaled cases of the Salve. The English surgeons tested it upon their wounded and ascertained its value, and thus were both contending armies benefitted by it.

Both Dr. Wm. Grace and Col. Richard Grace died in the campaign of 1691—the former of disease, the latter killed in the intrenchment of Athlone, with the Irish flag wrapped around him, cheering on his men to victory.—After the death of Dr. Grace the Salve was not used much outside of the family, until the rebellion of 1798, when Wm. Grace, grandfather to the present subscriber, (he being a "United Irishman") applied its virtues at the battle of Ross, to his brave comrades who fell wounded, while fighting for the rights of their country.

The celebrated Dr. Fitzpatrick, who was connected with the leading Medical Institutions of his day, held in such high estimation this Salve that he ordered large quantities of it to be manufactured for himself, to use in his professional practice.

The Salve was used in Ireland, and in certain localities the residents had it furnished them free of charge, until the year 1848, when the subscriber's parents left their once happy home and the land of their nativity to seek a home in the land of Columbia. With them they brought the secret of the Salve they received from their predecessors. After landing in this country they continued to make it, as of before, for their neighbors free of charge, until the fall of 1861, when the frequent calls made for it, and the serious cases that it cured, induced the subscriber to bring it to more general notice, and to charge a small price for the article that has received the commendation of patriots upon the battlefields of yore, as well as from persons of the present day.

WILLIAM GRACE.

Mr. Grace is constantly receiving testimonials from Physicians, and persons of the highest character and responsibility, expressing benefits derived from the use of this purely vegetable preparation. It has saved much trouble, suffering and money where it has been used. The Amesbury Villager says:—

GRACE'S SALVE.—The increasing demand for Grace's Salve from all sections, proves conclusively that it is surely working its way into the confidence of the people, as a remedy for the many external diseases that afflict mankind. An achieving medium its virtues were tested many years in the Emerald Isle, and when that country had a name and fame, and could not only boast of its bravery in war, but its knowledge of the arts and sciences, and especially of its medical and surgical skill.—The inventor of the Salve was a physician and surg on of high renown in the army, and his easy remedy for the cure of wounds, bruises, burns, sores, and for nearly the whole list of ulcerations affecting the body, has stamped with a signet of approval the honour with which his name is held by his countrymen at the present time.

The extent of its usefulness in the old country is a remarkable feature of the Salve, for we have the most indisputable evidence that on the battlefield it was the most reliable remedy in use. And already in this country, although but recently introduced to the public, it is becoming the standard remedy for all the purposes to which a salve is applied. The proprietor is in possession of letters from persons of the highest character and responsibility, testifying in the most unequivocal terms to the cures effected in a great number of cases by its use. In this village we have known the most serious case of salt rheum cured by it, while several of our best citizens have tested its virtues and given it their approval. Therefore we have no hesitation in saying that the Salve is all it professes to be, a specific cure for nearly all external diseases. See advertisement.

NEW HAMPSHIRE DEMOCRACY.

We have before had no opportunity to more than refer to the adjourned meeting of the Congressional Convention for District No 1, which was held in this city Nov. 25th.

The meeting was called to order by Albert R. Hatch, Esq. Hon. John M. Weare of Seabrook was temporary Chairman, Chas. E. Bartlett of Somersworth, President, Daniel Philbrook of Greenland, one of the Vice Presidents and William Rand of Rochester, Secretary.

On motion of J. T. Gibbs of Dover, proceeded to ballot for a can didate to be supported at the next March election for Member of Congress from District No. 1.

Whole number of votes,	58
Necessary for a choice,	30
Thomas J. Whipple had	14
Daniel Marcy had	44

On motion, the nomination of Daniel Marcy was made unanimous.

The Committee on Resolutions, (of which Hon. J. R. Reding of this city, was a member,) reported the following:

RESOLUTIONS.

WHEREAS, By disregarding constitutional obligations, the warning admonition of Washington, and the wise counsel of all the most eminent patriots and statesmen of the land, past and present, the country has been involved in the horrors of a terrible and devastating civil war; and whereas that conflict has raged for more than a year and a half with no other result than a frightful sacrifice of blood and treasure, with but little hope of securing anything by its continuance but ruin to the country, ourselves, posterity, and the cause of free government and civil liberty; therefore—

Resolved, That we, the delegates of the Democracy of the first Congressional District of New Ham shire, in Convention assembled, speaking truthfully the sentiments of the masses we represent, declare it to be our solemn conviction that this bloody fratricidal strife ought, as soon as practicable and prudent, to be arrested by an armistice, and stepped taken by means of a commission or a convention of the States to restore and save our glorious Union in the spirit of justice, compromise and concession in which it was framed and transmitted to us by our patriotic fathers.

Resolved, That we utterly condemn and repudiate the policy recommended by the President of taxing the white men of the free States, in addition to the enormous burdens imposed by the war, hundreds of millions of dollars; to purchase and set free the negroes of the South, as wholly without warrant in the Constitution, unjust and visionary, and w rthy only of the weak, fanatical and unscrupulous counsels which govern the country in this period of its suffering and peril.

Resolved, That the only object of all good citizens at this time, should be preservation of the Constitution as it is, and the restoration of the Union as it was; and for this purpose we will cordially unite with true Union men everywhere, in the support of the Federal Government—to maintain its safety, integrity and rightful supremacy by all constitutional means.

Resolved, That the Constitution, as framed by the fathers of our country, is sufficient for all emergencies; and we utterly repudiate the doctrine that in time of war, or at any time, it can be suspended, or enlarged in its powers, beyond the letter and true meaning of that sacred instrument. It is to us, as it was to our fathers, the only hope for a perfect Union, to establish justice, insure domestic tranquility, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity; and if observed in its letter and spirit, is amply sufficient to secure to us, as it has to them, these inestimable blessings.

Resolved, That the arbitrary arrest and imprisonment of citizens for political offences, and the suspension of the writ of habeas corpus in loyal States are gross violations of our National and State Constitutions, and tyrannical infractions of the rights and liberties of American citizens, which cannot be tolerated in a free country; and that the people cannot and will not allow the freedom of speech and of the press—that great safeguard of civil liberty—to be put down by unwarranted and despotic exercise of power, from whatever source.

Resolved, That we unqualifiedly condemn the late Proclamation of the President relative to emancipation, as unwarranted by the Constitution, in violation of the solmenly plighted faith of the Administration at the commencement of the war, and if persisted in, fatal to all hopes of a restored Union.

Resolved, that while remembering with pride the courage and gallantry of our soldiers now in the field, we tender our sympathy to the friends of those who have fallen in the defence of the Constitution and the Union.

Resolved, That the Democracy of New Hampshire congratulate the Democracy of her sister States on their recent glorious triumphs at the ballot-box. It inspires us with new courage and strong hope that our country may be saved.

Resolved, That with that sterling Democrat, Hon. Ira A. Eastman for our standard bearer, and the Hon. Daniel Marcy as our candidate for member of Congress from the First Congressional District, we will give battle to our political adversaries, and we will demand of them an unconditional surrender—thus placing the Granite State side by side with those already in the adv nce, upon the broad platform of the Constitution as it is, and the Union as it was.

Mr. Vaughan of Laconia, moved to strike out the preamble and the first resolution, and advocated the same, and was followed by Mr. Shaw of Kingston, and A. L. Mellows of Newmarket, who also supported the motion.

Mr. Reding of Portsmouth, Mr. Gibbs of Dover, and Mr. Hatch of Portsmouth addressed the Convention in opposition to the motion.

The motion did not prevail, and the resolutions as reported were adopted.

"THE SMALL, SWEET COURTESIES OF LIFE."—We are indebted to one of our Newington subscribers, Mrs. Olive F. Hoyt, for a basket of fine, large apples of different varieties, and excellent qualities.

—To "Thacher" of this city, for a bottle of the famous Sozodont,—which we have found to be a most beautiful and agreeable dentrifice.

—Thanks also to Messrs. Bachman & Co., of the Vinegar Company, for an "empty barrel of rum," which the "S—— boys" of Greenland have filled with some other liquor," better than ever was in it before. But the cask, nice and sound as it looks, must "leak" somewhere, for there isn't near ly so much in it as there was when it came!

—And to the dear public, for liberal patronage, prompt pay, and numerous favors of all sorts.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most eminent *Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

E. A. STEVENS,

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL,

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster (by the removal of a sliding plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr Davies, Wm. Fettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Chevver, John Trundy, Richard L. Handall, Geo. Rice, Benj. F. Cutney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry E. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Rand, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Treffethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Elliot; Wm. S. Locke, Benj. Ferrald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly the worst enemy."—*Washington's Farewell Address.*

☞ Mr. Eliphalet Foss, of Bridgton, Me., has a goose which has attained the venerable age of sixty-eight years!

What is that which is ever before us, can never be seen, and yet all are looking toward it? To-morrow.

When is a tooth equal to four rods of land? When it's an acre.

It is said of a rich miser that he died of great want—the want of more money.

IMPORTANT TO THE AFFLICTED.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, Inoperancy, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow's Sanative Pills for sale, or Capotiss, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
April 7—1y 13aw.

CAUTION
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the care of diseases of women and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
April7, 1862—1y 13aw

CERTAIN CURE
in all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
April 7, 1862—1y 13aw.

Portsmouth, Feb. 1, 1862.

☞ ATTENTION, THE WHOLE! ☜
RYE, N.H., Feb. 28, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for sale of it. JOSIAH JENNESS.
About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of the Panacea, I was fully cured in about two months, and I have had no trouble from it since CAROLINE B. SWETT.
This statement of my wife is correct.
SIMEON SWETT.
Portsmouth, N. H., April 18, 1861.
I have been greatly afflicted with a Humor called by the doctors the Salt Rheum and Erysipelas, for many years, and spent a large sum of money for medicine. I believe have effected a radical cure, as I have had no sign of the complaint since I taken this medicine. It is the most sure remedy in the world for Humors.
HANNAH ROWE.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dizziness at my stomach, want of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and we think—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. P. LEAVITT.
From ELDER I. CRESSEY, *Lee, May 31, 1841.*
DR. SWETT: Permit me to testify, as I feel in duty bound to do, what my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CRESSEY.
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26

S. W. WEBBER.
apr12

FOR SALE,
The HOUSE No. 19 High street, occupied by Mr. Todd. Apply to
EDWARD RUNDLETT.
mch7

Desirable Residence
ON MIDDLE ROAD FOR SALE.

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 15 feet each.
The house was built by the day, ten years since, by the late Wm. F. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and is over 200 feet deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction
Aug. 9. SAM'L F. LONG

REAL ESTATE IN GREENLAND
FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is two-story, and was built about six years since; very convenient; heated by a furnace; has a barn and carriage-house attached; sufficient quantity of excellent water; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school house, and the railroad depot to Concord, Boston and Portland. The above is one of the pleasantest residences in Greenland. Possession given about the 1st of October. For further particulars apply to
H. F. WENDELL,
No. 70 STATE STREET, Portsmouth.

ROCKINGHAM HOUSE,

STATE STREET, PORTSMOUTH, N. H.
By WM. E. HADLEY & Co.
HOT AND COLD BATHS, for use of guests and the public, day and evening—the best facilities. mar22 6m

FRANKLIN HOUSE
Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the traveling public that has so long been extended to the house.
A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent door.
The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.
A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.
GEO. W. F. CONVERS Manager.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered, with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.
There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats or smoking irons, escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.
The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.
For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.
We would refer to the following purchasers:

	Portsmouth.

And the hosts of others who are using them.
We invite all those in want of the very best Stove in the market to examine the
MAGEE COOK.
Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.
For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is lost or respirated, by the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.
The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.
To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.
The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass through it, thus saving at least 25 per cent. of the properties of the heat in the fuel.
No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.
This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.
These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.
For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.
They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:
Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS
SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints
Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
WE REFER TO
a few well known gentlemen and physicians, who have tried the Wine.

MATHEWS
Arnica
HAIR GLOSS
This is a new and invaluable preparation for preserving and beautifying the hair.
The wonderful virtues of Arnica in allaying and removing inflammation are universally known.
ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.
ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.
ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.
ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.
ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.
ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only twenty-five cents a bottle. Sold by Druggists.

A LOCAL LAY.

BY THE "RUSTIC BARD," (NOT SAXE).

Ice on all the windows,
Snow on all the trees,
Isn't it delightful,
Prospects such as these;
Jingle! jingle! jingle!
Really it is fi-(prostrate interlude)-ne
Lying on my back here
On the pavement line!

Hear the jingling, jingling,
How the cutters run,
Bless me there are skaters
All in for fun.
Jingle! jingle! jingle!
Who can remember
(Down again) S—l—l—ips like these
The sixth of December!

There they go through State street,
There they go through Main,
All the bells a-jingling
Merrily again.
Jingle! jingle! jingle!
Isn't it su—per—erb [haunches
(Resumes former position) Lying on my
Flat upon the curb!

Jingle! jingle! jingle!
Something jolly in it,
Going down like coal oil,
And up in a minute.
Here they come again, boys,
Jolly as you please,
Ice on all the windows
Snow on all the trees!

Paper's going up, boys,
Men are going down,
But never mind while bells are
Jingling through the town.
So all aboard the cutters
And jollily we'll go—
Hurra! the air is frosty,
The ground is white with snow!

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

FRIDAY, DECEMBER 12, 1862.

Correspondence of the Chronicle.

LETTER FROM CALIFORNIA.

KNIGHTS FERRY, Cal., Nov. 11, 1862.

THE UNION.

Dear Editor:—California is strong for the Union, and would be willing to submit to a draft if necessary to make up her quota. The General Government is acting with good reason, in not making a requisition upon this State for troops. Our Indian troubles are sufficient to keep a large force in the field, to say nothing of a *host of* secessionists in our own midst, who *only* want an opportunity. There is no doubt but that Secessia is represented *here* in a secret association, where "birds of a feather flock together." This class *of* our population represent a large monied interest here, and have much political power; and though held in check by the administration party, they no doubt furnish a large amount of material aid to the Southern Confederacy. The Democracy here, unlike that at the North, represents the palmetto nullification doctrine to the letter, and cheers lustily at every successful flank of the rebel arms. This is no guess work, for I can see it as every flash of battle comes over the wire, for its electric effect is seen in the gloom pervading the secession phiz, or its counterpart in the grim, contemptuous smile of triumph.

INDIAN TROUBLES.

Our troubles with the Indians are a disgrace. We are too lenient with them. For several months the horrors of the scalping knife and the tomahawk have resounded in our ears. Whole families of peaceful immigrants are massacred in cold blood. But few trains escape the treacherous Indian, who is ever and anon prowling about the overland trails seeking whom to make the next victims. Troops have been ordered out there, and Gen. Conner is reported to have seized a party of twenty-six Indians. He sent two of them out to bring in those who had been guilty of murder, and the remainder were held as hostages, for the performance of that duty. They did not return, and for want of trees enough to hang them, they were shot. Some of our papers call this *murder*, and so do our Mormon Salt-lakites. The Mormons, it is reported, are so enraged at *retributive justice* that they have forbidden Gen. Conner the hospitalities of Salt Lake. It is said the Mormons are well drilled and armed, and will show fight. If this is so, we may hear of stirring events in that quarter.

TAXES.

The Federal tax is being collected, and in addition to our already heavy State taxes, comes with all its weight upon us, and is borne very cheerfully except by those who are opposed to the Administration. Some Union men, to worry the secesh, have taken pains to buy up U. S. demand notes, which are at from 12 to 20 cts. discount, and pay off their indebtedness to them, and thus make a little something by the operation. Green-backs in California have but few friends, for we have no law legalising it as currency. If any one wishes he takes it,—those who are in the employ of the U. S. most of course take them. Some merchants who have bills to pay in the Atlantic States, take them at par, and thus they are put out of the country. Their circulation here is like a drug in the market. We hope that Congress and our Legislature will legalise it and make it a *legal tender* for State taxes, and thus remove the bar to its circulation here.

The Gazette comes to us fresh with home news, and we see the names of many old friends and relations among the volunteers who are at the seat of war serving their country. It is a pleasure to know that old New Hampshire is patriotic to the back bone. The bounties given in some towns to volunteers are a cheering evidence of fealty to Government, and the sons of such a State will ever have ensribed on their banners *E Pluribus Unum.*

Yours, truly, J. E. W. C.

☞ The pirate Alabama has been again heard from. Nov. 2 she captured, in lat. 35 30, lon. 66, the ship Levi Starbuck, of New Bedford, bound to the Pacific. The pirate took all the clothing and nautical instruments, and set her on fire. Nov. 8, lat. 28 30, lon. 58, she captured ship T. B. Wales, of Boston, from Calcutta for Boston. Her cargo of saltpetre and gunny cloth was taken from her, and she was set on fire. The Alabama then proceeded to Martinique, arriving there on the morning of Nov. 17, landing the Captains and crews of both ships. The U. S. ship San Jacinto arrived the same afternoon. Finding the Alabama in port she immediately proceeded outside the harbor to await her departure.—But at 10 P. M., on the 18th, the Alabama got under way and escaped, while the San Jacinto was lying off the harbor.

☞ Six of the crew of the rebel steamer California, wrecked near Sisal, have arrived at Havana.

NEW HAMPSHIRE ITEMS.

—— Perry A. Eaton, of North Weare, has caught 25 coons this season, eleven of them in two nights.

—— The Manchester daily papers have increased their rates.

—— A party of deserters from the N. H. regiments, have recently been sent back. One of them had participated in eleven engagements, and evidently thought he had done enough for his country. Another made the whole distance from his place of desertion, Virginia, to New Hampshire, on foot.

—— The trustees of the N. H. Conference Seminary have decided to rebuild the Seminary lately destroyed by fire, on the old site at Sanbornton Bridge, provided the citizens of the place will contribute $3000. The meeting of the trustees lasted till three o'clock in the morning and was quite an exciting one, the question of location being the topic.

—— Prof. J. R. Varney of Dartmouth College, has been appointed Clerk of the Naval Committee of the Senate, at Washington.

—— Capt. Richard Cody, of the 10th regiment, has been compelled to relinquish his command and return home, in consequence of sickness.

—— The December law term of the Supreme Judicial Court for the 1st District, commences in Dover, on Tuesday next, Dec. 16th.

—— Lieut. Hutchins, formerly of the Boston press, has been promoted to command a squadron of cavalry, which has been assigned as an escort to Gen. Sumner. Lieut. Hutchins is from Concord, and by activity, courage and enterprise, has risen rapidly to his present high positon. Capt. Robert Hutchins, also of Concord, is chief of Gen. Wilcox's staff.

—— A little child of John Thurley, of Ossipee, 3 years of age, was burned to death on the 22d ult., in the absence of its parents.

—— The 13th regiment crossed over from the Maryland side, to join the Army of the Potomac, Dec. 5th. There are now eight of our regiments pretty near together in the army of the Potomac—the 2d, 5th, 6th, 9th, 10th, 11th, 12th, and 13th.

—— Manchester, on Tuesday, Dec. 9th, elected Theodore T. Abbott, Mayor, by 18 majority, and an entire Board of Aldermen —Republicans, by 300 majority.

The Newburyport Herald remarks:

"All the cities in that State have voted the same way, which serves as a cooler on the Democratic assumption that the State will go against the administration in March."

Mr. Abbott was Mayor of Manchester a few years ago, and having been active in some unpopular but well-meant efforts of reform,—a desperate "people's" effort was made to defeat him, which was almost successful, but not quite.

—— The Ballot states that the Independent Telegraph Co., who have been setting posts for a telegraph line from Boston to Portland, intending to pass directly through Exeter, have been compelled to make a circuitous route through Stratham, because an owner of a few acres of land on the proposed line, would not permit the putting down of the posts along the road in front of his premises.

—— Henry S. P. Rollins, of Exeter, has been appointed Master's Mate in the U. S. Navy.

—— Ezekiel Sanborn, Esq., of South Newmarket, has been appointed Justice of the Peace and Quorum throughout the State.

☞ Rev. T. H. Miller is to preach at Atkinson, Sunday Dec. 21,—and at Kensington Dec. 28.

The peace rumors are a humbug, the telegraph reports. We don't know; where there is so much smoke there may be some little fire. It seems to us we are approaching a condition where peace will be regarded with favor by both sides. It will depend upon the events of this winter, and shrewd men look farther ahead than that. All our information from Dixie shows a gradual toning of the popular voice. A reaction has commenced there, which will be lead by influential public men, of Union sentiments, to an eventual path of peace.—We may not have done with fighting yet.—A *successful* battle will *hasten* the matter, or an *adverse* one delay it much, but the seeds are planted—are growing—and public feeling, South and North, will this winter cause the acceptance of terms which could not be made or accepted till the right time. We regard peace as certain by next July.—*Newburyport Herald.*

☞ It is said that the reported theft of Washington's will is a canard. The will is in safe hands in Culpepper county, and will appear when the war is over.

☞ In a billiard match for the "championship" of California, played recently, Phelan was beaten by a Mr. Little 258 points out of 1000.

☞ James Gordon Bennett, Senior, abdicates from the control of the N. Y. Herald, in favor of his son, J. G. B., Jr.

The mercury fell to 16° below zero Tuesday morning, and was below zero most of the day. With two feet of snow on the ground this will pass for winter.—*Bangor Whig.*

What prevents the running river running away? Why, its tide.

THE REBELLION.

A Washington dispatch pronounces the J. Wesley Greene, who furnished to the Chicago Times some reported peace propositions from Jeff. Davis to President Lincoln, an impostor. He went to Washington to see President Lincoln, who soon ascertained that there was no ground for his nonsensical statements.

In the McDowell case Gen. McClellan stated that the President assumed the responsibility of the change of destination of Gen. McDowell's corps, regarding it as necessary to the defence of Washington. Gen. McClellan stated it as his opinion that the Army of the Potomac would have taken Richmond, had not the corps of Gen. Mcdowell been separated from it. It was also his opinion that had the command of Gen. McDowell joined the Army of the Potomac in May, by way of Hanover Court House from Fredericksburg, they would have had Richmond within a week after the junction; but he did not hold Gen. McDowell responsible for the failure to join him on either occasion.

A Fortress Monroe dispatch states that three steamers of Gen. Banks' expedition put in there on Tue day, for navigators.

The Louisville Journal says that in the late Hartsville, Ky., affair all the Federals were captured, and that the number of paroled troops at Hartsville was 2300. Col. Stewart was among the prisoners.

Gov. Johnson is about to issue a proclamation assessing the wealthy rebel citizens of Nashville to the amount of $60,000 for the support of the indigent during the winter. The list contains all the prominent rebel sympathizers in the city.

A Nashville dispatch states that the rebels, under Joe Johnston, Bragg, Cheatham, Forrest and Morgan, emboldened by their success at Hartsville, had advanced and appeared in great force in our front on Wednesday morning, driving in our pickets at every point. Federal reinforcements were being sent forward, and a battle was momentarily expected. On Tuesday one of our brigades, while foraging, had a sharp fight, 5 miles north of Lavergne, but the rebels were repulsed and our wagons, 50 in number and filled, were brought off in safety.

Our loss in killed and wounded at the battle near Fayetteville, Ark., is now estimated at 1000, and the rebels' at over 2000. The enemy, it is known, retreated to Van Buren, and probably crossed the Arkansas river.

Gen. Grant has been brought to a stand, 10 miles beyond Grenada, by the mud.

The Washington Star entirely discredits the story alleging the capture by the rebels of 150 wagons, loaded with ammunition, &c., on the road between Alexandria and Fairfax, in the latter part of last week.

The bombardment of Fredericksburg was commenced at 6 o'clock Thursday morning, 143 guns opening on the city. The enemy opened with their guns at 7 o'clock, but up to noon, used very little artillery, as it endangered their own men holding the river front. The construction of bridges was commenced at 3 o'clock A. M.; when they were about half completed, the rebels opened a murderous fire on our infantry, from the houses on the river bank. Our engineers were driven from the bridges, with some loss. Our cannonading in the mean time was terrible, and the city was on fire.—At 9, our gunboats were shelling the rebels, about 15 miles down the river, where they have been concentrating their forces for two days. The fire of our batteries on the city had then driven back the rebel infantry, and the work on the bridges was resumed, our troops being all under arms near the river and prepared to march over. The rebel infantry again opening their fire, our artillery was again opened on the city, firing it in several new places. Gen. Burnside at noon ordered every available gun to be directed on the city, under the fire of which, it was believed, the bridges could be finished. At noon our loss in killed and wounded did not exceed 50 men. The rebels are said to have 180 guns in position, some of them of heavy calibre.

☞ The American Watch Company, at Waltham, now gives constant employment to about three hundred and seventy-five hands, and and among them are a large number of young women.

☞ "Perley" writes from Washington to the Boston Journal, that the election of Herschel V. Johnson, of Georgia, and Gov. Graham, of North Carolina, to the rebel Senate, is a hopeful sign.

☞ A woman, 50 years old, fell from a sixth story window, in Boston, on Wednesday evening, and was instantly killed. She was intoxicated.

☞ An air-tight can of tomatoes, while heating upon the stove, exploded in Boston, and seriously injured the cook.

☞ The negroes of Boston will celebrate New Year's Day, as a day of jubilee.—Fred. Douglass is to deliver the oration.

☞ The Legislatures of fourteen of the loyal States will meet in January.

☞ The President's last message contains 9196 words.

CONGRESS.

WEDNESDAY.—In the Senate, a resolution was reported and referred, forfeiting lands and annuities of the Sioux Indians, and providing for their removal far away from white settlements. Also a resolution directing the Military Committee to inquire into the expediency of reporting a bill forfeiting pay and emoluments of officers of the army during the time they are absent, except when on sick leave. The bill for the relief of the French ship Jules et Maria, and the resolution increasing the bonds of the Superintendent of Printing, were passed.

In the House, the Secretary of War was asked to inform the House how many of the Army officers were absent from their commands; the number of Major and Brigadier Generals not having any actual commands, &c. The House passed the Senate bill for the admission of Western Virginia into the Union, by a vote of 96 against 55.

☞ Rev. A. H. Quint, well known in Dover, and vicinity as a rare antiquarian, and a conservative man, has been out with our volunteers in Virginia and Maryland, and now writes from Sharpsburg, a letter of great strength in which he sustains the President's Emancipation Proclamation, as wise and just, and says:—"It is a right step. There is but one more, universal emancipation. I have now but one article of faith on this subject,—no man can own another, no, not for a moment."

When you doubt between two words choose the plainest, the commonest, the most idiomatic. Eschew fine words as you would a rogue; love simple ones as you would native roses on your cheeks. Let us use the plainest and shortest words that will grammatically and gracefully express our meaning.

☞ Revenue stamps cannot be used for postage. Let every one remember this.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements, it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS
was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS
are the most effectual remedy ever known for all complaints peculiar to FEMALES. In all cases they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

Local.

IN BOARD OF ALDERMEN, on Thursday evening, the Street Commissioner was instructed strictly to inforce the Snow Ordinance.

The resolution introduced at the last meeting by Alderman Marcy, was passed, having been amended as follows:—

Resolved, that the City Clerk, in preparing for publication the city accounts of the present year, affix a tabular statement showing the number and names of enlisted soldiers from this city; the company and regiment into which they enlisted; the amount paid to each as bounty; the aggregate amount of bounty paid, or for which the city is liable; together with the amount paid as weekly allowance to the families of said soldiers: also, the number, names, amount of bounty paid each, and amount paid as weekly allowance to the families of those who have entered the Navy of the United States, since the commencement of the present war.

☞ The Annual Report of the City Missionary will be read at the Middle Street Church on Sunday evening. There will also be addresses by several gentlemen, and other appropriate exercises. At the close of the meeting a contribution will be taken up for the benefit of the poor of the city.

☞ We learn that John S. Harvey, Esq., received, on Thursday, from the Internal Revenue Department at Washington, about fifty different kinds of stamps, being all that were ready. These embrace most of the kinds used here, and all, no doubt, can now be supplied.

BULLET OUT.—Mr. Joshua B. Marston, private in Co. B, 35th Regt., was wounded early in the battle of Antietam, by a shot in the breast that struck a rib and followed round, remaining in the body. In consequence of this wound he has been at home in Newburyport, on a furlough. On Monday, Dr. Wyman took the ball from near his spinal column, it having moved on till it came to the surface there. It was much flattened, and had a piece of bone that penetrated the lead when it first struck. The wound will now heal rapidly.—*Herald.*

Mr. Marston is a native of Portsmouth.

☞ In the S. J. Court, at Worcester, on Tuesday, Jeremiah Doyle, a man about 35 years old, long a resident of Newburyport, was put on trial for the murder of Henry Watson, of Paxton, in May last. Watson was a man whom Doyle had never seen before, and whose brains he beat out with a club while intoxicated, without the least provocation. A plea that he was not of sound mind being put in—and there was evidence enough that he was weak-minded or insane—a plea of manslaughter was accepted, and he awaits judgment.

☞ At high water Monday morning, the Delaware at Philadelphia was forty inches lower than at the same stage of water on the day previous. The gale from the northwest hurled the stream down to Delaware Bay, and did the business. A gray-haired watchman, who has passed his life near Walnut street wharf, states that he never before knew so low a tide.

☞ It appears from information derived from the Navy Department, that the proceeds from seizures which have been made by the Navy amount to about forty million dollars; nearly enough to defray the entire expenses of the Department, thereby making it self-sustaining. The amount expended last year was forty-one millions.

☞ Among the municipal elections held on Monday, it is noteworthy that in Lynn, Mass., it was all one way. Hon. Peter M. Neal and the Board of Aldermen have given such general satisfaction in the discharge of their duties during the past year, that there was a desire to compliment them by a unanimous re-election.

☞ The Associated Press of New York have advertised for a contract of 300,000 pounds of paper a week for five years. Paper is now 22 cents a pound—more than double what it was two months ago, and their offer to contract for five years, gives a hard look ahead.

☞ In the S. J. Court, at Augusta, Miss Sarah A. Lee, of Vassalboro', has recovered a verdict of $5,500 against Andrew Morse, Esq., of Bath, for a breach of promise to marry the plaintiff.

☞ The statement telegraphed from Fortress Monroe that two iron-clads had sailed thence in company with the transports forming a part of Gen. Banks' expedition, is incorrect.

☞ Southern papers say that Fredericksburg was not sooner shelled by our troops, because the rebels pledged themselves to Gen. Sumner that they would not occupy the place.

☞ Before Christmas there will probably be a great demand for hospital supplies—lint, bandages, blankets, nourishing food, &c.; for there must, it seems, be a great battle fought in Virginia.

☞ The Augusta (Me.) Age and Hallowell Courier are to be consolidated to form a new Democratic organ.

☞ More than sixty millions of dollars have been given in private bounties since the war began.

☞ The queer nondescript which was begun last summer at the Brooklyn Navy Yard, and left in *statu quo* since, is to be finished at once and launched. The N. Y. Journal of Commerce says that on Tuesday the employees and a few privileged visitors were thrown into excitement by the appearance in the yard of a weapon as singular as the nondescript itself. It is a gun of the strangest aspect imaginable, and seems capable of discharging 60 pounds of shot. It is made of brass or composition, and its breach and muzzle rest on a frame or pedestal of the same material as the gun. There are none of the ordinary appliances for firing a cannon attached to it, and this singular arm is to be the battery of the "what is it?" which is to be launched in a few days. The "what is it?" is a huge box, nearly 15 feet high, and 12 feet wide or thereabouts. It is caulked so as to be almost air-tight, and has an internal diameter of about 24 feet, and looks very much like a turret inside. The gun will be within, and although in firing will protrude through the porthole, or porch, a portico covers its muzzle. That is all that can be known of the "what is it?" which may be a submarine battery, with an air-gun, or a Delano infernal machine, for all the outside public may know.

☞ The King of Spain has had a fall from his horse, and dislocated some bones. His Majesty tumbled off once or twice before some years ago; and since that time, it is said, was fastened to the saddle by some cunning contrivance. On this last mournful occasion, the groom must have neglected to tie his Catholic Majesty properly.

☞ Last Friday, two little children, aged 8 and 10 years, son and daughter of Clark Hutchins of Biddeford, while at play with others on the ice, broke through and were drowned.

DEATHS.

In Kittery Point, Dec. 10, Mrs. MERCY TODD, aged 66 years and 10 months, wife of Capt. Nathaniel Todd.

In Kittery, Dec. 11, ANNIE E. WENTWORTH, aged 15 years, 11 months and 5 days, eldest daughter of Lieut. Col. Mark F. Wentworth, of the Maine 27th Regiment.

E. A. STEVENS,

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel—the peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be the cheapest stove for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Hustes, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Eliza Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Ferrald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in the stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.
COAL LININGS,
and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every lam fall."

"Let me warn you in the most solemn manner against the baneful influence of the spirit of party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of wise people to discourage and discountenance it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

☞ The Sorghum Sugar, manufactured in Ohio, is as white as the best New Orleans; the crystals are large and translucent as honey, and the flavor is equal to any sold in the Cincinnati market.

An old lady being late at church, entered as the congregation was rising for prayer; "*La!*" said she, courteying, "don't get up on my account."

☞ At the last advices from England, the contributions for the relief of the Lancashire operatives continued on the most scale. The American Chamber of Commerce in Liverpool voted to give £1000 sterling to the fund.

IMPORTANT TO THE AFFLICTED

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the world with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHEA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, impotency, scrofula, Gonorrhea, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Bubonoes, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervous Irritability, Derangement of the digestive functions, symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow's celebrated Female French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—ly Saw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted persons soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of Diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1842, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April, 1862—1y Saw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y Saw

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I have of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since.

CAROLINE B. SWETT.

This statement of my wife is correct.

SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my legs. And, seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for humors.

HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1863. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and so I add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."

WM. F. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 21, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N.H., promptly attended to. may26o

Houses and Lands.

mch7 EDWARD RUNDLETT.

Desirable Residence

ON MIDDLE ROAD FOR SALE.

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 15 feet each.

The house was built by the day, ten years since, by the late Wm. F. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and is over 300 feet deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction
Aug. 9. SAMUEL P. LONG

REAL ESTATE IN GREENLAND

FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is two-story, and was built about six years since; very convenient; heated by a furnace; has a barn and carriage house attached; sufficient quantity of excellent water; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school-house, and the railroad depot to Concord Boston and Portland. The above is one of the pleasantest residences in Greenland. Possession given about the 1st of October. For further particulars apply to
H. F. WENDELL,

HOT AND COLD BATHS, for use of guests and the public, day and evening—the best facilities. mar25*3m

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added, and a separate Ladies' Entrance from Congress Street arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

GEO. W. CONVERS Manager.

THE MAGEE

COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the cooking large copper Reservoir for hot water; also a large warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK,

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, mild and agreeable; and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, and many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off with the smoke and carry with them the fumes. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of fresh air, which they have proved a blessing, as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 20 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world, and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,	
Aaron H. Hill,	Charles H. Mendum,	
Henry F. Wendell,	John Sise,	and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE, OF PORTUGAL.

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints.

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities, as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands of the Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, precious flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

MATHEWS' ARNICA HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits, is retailed at only Twenty-five cents a bottle, by all Druggists.

VOL. 21. PORTSMOUTH, N. H. SATURDAY, DEC. 13, 1862. NO. 112.

The Chronicle.

☞ A correspondent writes to the London Times an account of the "feathered enigma" just secured by the British Museum. It is a fossil found in the Solenhofen slate, Bavaria, and contains the fore and hind extremeties, pelvis, ribs, and tail of an animal like a feathered lizard. The fore limbs are feathered and also the tail, and the whole suggests a creature intermediate between reptile and bird, and previously wholly unknown.

☞ The Common Council of Indianapolis, Ind., have discharged the entire police force. They concluded that there had been robberies, burglaries, and murders enough perpetrated within the last month to warrant this step. They will organize another force, consisting of twenty-eight detectives under a Police Board.

☞ A petition has been presented to the British Parliament, praying for a change in the present mode of dividing the day into two divisions of twelve hours each, and in its stead, counting the hours from one to twenty-four. It would be a striking change for the clocks.

☞ There have been enlisted at the naval rendezvous in Portland, since the commencement of the war, 736 men, which makes the whole number furnished for the land and naval service from that city, 2572!

☞ John S. Rarey, the horse tamer, has been sent to the army of the Potomac, by Gen. Halleck, to inquire into the sanitary condition of the horses, and to suggest some system to check the mortality among them.

☞ Half a million barrels of apples have been sold from the orchards of western New York the past season, averaging probably not over the extremely low price of $1 per barrel.

CHARLES T. EMERY Agent for Portsmouth.

Probate Advertisements.
The language of the law relating to the publication of Probate Notices is:
"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."
Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.
Our terms are as low as those of any other paper.

CHRONOMETER TIME!
The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of Ship and Pocket Chronometers, and Fine Watches, has located himself at the store of
A. L. BENNETT, No. 7 Congress St.,
PORTSMOUTH, N. H.
And is prepared to attend to the repairing of WATCHES in all its branches.
Particular attention paid to adjusting FOCKE CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.
SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.
Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE EQUATED TIME of Portsmouth at this establishment, and are invited to call.
Also Agent of
N. C. GREENOUGH,
For the sale and hire of
MARINE CHRONOMETERS.
AUGUSTINE JEWETT,
No. 7 Congress Street.
Portsmouth, Nov, 1, 1862. 3mos*

Notice.
THE CO-PARTNERSHIP heretofore existing under the firm names of FERGUSON & GARRETT is this day dissolved by mutual consent.
All persons indebted to said firm, either by note or account, will please call and settle the same without delay; and all just demands will be paid when presented for settlement. Either party is allowed to settle the affairs of the late firm.
STEPHEN FERGUSON,
HENRY L. GARRETT.
Portsmouth, June 10th, 1862.

Having bought the interest which Mr. Henry L. Garrett had in the late firm of FERGUSON & GARRETT, the undersigned will continue the
Grocery & Provision business,
at the same place, trusting by strict attention to his customers and the public to receive a share of their patronage. STEPHEN FERGUSON.
Portsmouth, June 10th, 1862.

American Union Store.
The Subscriber respectfully gives notice that he has taken the
STORE NO. 89 MARKET STREET,

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe;" "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, DECEMBER 13, 1862.

THE REBELLION.

After Gen. Burnside's order given Thursday noon, to concentrate all our guns on the city of Fredericksburg, little firing took place until 3 o'clock. Then 176 guns having been placed in position, at a given signal all the batteries opened. But the rebel sharpshooters could not be drawn from their hiding places, and it became evident the bridge could be built only by a bold dash. Volunteers were called for to cross the river in small boats. Hundreds of brave soldiers stepped forward. About one hundred were selected. They were soon on their way, while the artillery threw a perfect storm of hail on the opposite bank.—They reached the opposite shore, but not without loss; with fixed bayonets they rushed upon the enemy, killing several, and taking 101 prisoners, who were safely landed on this side. At half past four, two bridges were finished opposite the city, when the troops immediately began to cross over.—The enemy were soon driven from the city back to their line of forts. The two bridges in front of Gen. Franklin were successfully laid early in the day, but his troops did not cross until the two upper ones were ready. The rebels fired but few guns in the morning, and none in the afternoon.—They burnt the railroad bridge just outside the city. Between 30 and 40 houses were burnt, mostly in the business part of the city. During the day between 8000 and 9000 rounds of ammunition were fired by our artillery. Only two Eastern men have been killed, both belonging to the 8th Connecticut regiment. A dispatch dated Acquia Creek, Thursday at midnight, says that our forces were in possession of Fredericksburg. An enfilading fire in the night from our batteries succeeded in driving the rebels from their rifle pits on the river's edge, thereby permitting an easy and rapid construction of the pontoon bridges.

No advices have been received from Gen. Burnside's army of later date than Thursday night, when all was quiet in the vicinity of Fredericksburg, of which we were in full possession. The army was in a strong position. A large portion of Gen. Franklin's division had crossed the river, and thrown out pickets to those of Gen. Hooker's division at Fredericksburg. Our pickets are advancing cautiously down the river, and south towards the enemy's position.

Louisville dispatches state that advices received at headquarters dispel all apprehensions of an immediate general engagement in Tennessee. John Morgan on Thursday, was 7 miles north of Murfreesboro', organizing about 4000 infantry and cavalry, with some artillery, for a raid into Kentucky. Bragg is reported to have gone to Mississippi; Joe Johnston is Commander of the rebel army of East Tennessee. The small pox is raging at Chattanooga. The people in East Tennessee have rebelled to avoid the conscription, and large numbers are in arms near Charlotte.

The Washington Star says a dispatch from Grant's army states that he had captured 1200 prisoners while in pursuit of Pemberton, and more were coming in hourly. Intelligence from Helena states that Hovey's expedition destroyed a portion of the Mississippi Central Railroad, and burned bridges and otherwise obstructed the Mississippi and Tennessee Railroad. During the march he engaged the enemy at three different points, driving them back in every instance. We had several wounded but none killed.

☞ The Kennebec Journal says the Kennebec Telegraph line, from Bath to Augusta, has been leased to the American company for ten years, at 7 per cent., to take effect Jan. 1, 1863. A double wire is to be put up immediately.

A Western editor says the talk of sowing Southern cities with salt is rhetorical humbug. Salt is worth $80 a sack in Dixie, and to sow ruins with a material so costly would be as extravagant as to fortify a city with cotton at $200 per bale.

☞ A new hotel in St. Louis is said to be the largest in the world. It contains 515 rooms, and 8,000,000 bricks were used in its erection.

☞ The N. Y. Times Washington dispatch says it is positively affirmed that Governor Hamilton of Texas sailed in the expedition of Gen. Banks.

☞ The gunboat Jessup was launched at Norfolk, Va., on Wednesday. She was begun by the rebels, and finished by our forces.

☞ Gov. Dix has ordered an election on the 22d inst., to fill the vacancy in the 2d Congressional District of Virginia.

☞ The City Government of New York have agreed to issue shinplasters to represent the sum of three million dollars.

☞ The rebel steamer Florida, Captain Maffit, is reported to be cruising in the Gulf.

A man cut off by his baker for non-payment of his bill, is "struck off the rolls."

NEW HAMPSHIRE ITEMS.

—— Joseph G. Gove and Custis Whittier, of South Weare, were arrested in Manchester, on Wednesday, for passing at several places counterfeit five dollar bills on the Southbridge Bank, Southbridge, Ms. The counterfeit was well executed and readily taken at most of the places where they were offered.

—— Sedelia Coburn, who was arrested in Manchester, and tried for attempting to pass counterfeit bills, furnished the required bail, ($200) and made herself scarce.—The other party will remain in custody.

—— The Nashua Manufacturing Company sold goods in September and October amounting to $177,209.75. Tax, $5,337.29. Some of the principal items are as follows: 98,651 yards of army flannels, cotton, 74,269 yards light ditto; 120,598 yards printed cloth, and 120,200 pair of army drawers. The Jackson Company's sales for September and October, of goods exempt from taxation, amounted to about three hundred thousand dollars. Extra dividend of twenty per cent. was paid during the past season.

—— P. W. Jones, of Amherst, has been appointed Superintendent of the Corinth Railroad by Gen. Butler. He is to have only $12,000 a year. So the Amherst Cabinet says.

—— One of "Perley's" recent letters to the Boston Journal contains the following:

"Senator Hale has terribly alarmed some of the army surgeons who hang around the hotels here, by the fearful manner in which he yesterday opened his batteries upon them. His statement that the gallant Lieut. Col. Dwight, when on his death-bed, said to a brutal surgeon, "my wounds are your protection," was coupled with the assertion that a New Hampshire soldier was "literally murdered" on Monday last by "the gross and palpable neglect of the surgeons whose duty it was to see him." Such charges cannot fail to have a profound effect, and may secure the humane treatment of our sick and wounded."

Communication.

Congress has laid the foundation for repentance in passing the bill for the admission of Western Virginia as a State. It is the first in a series of flagrant acts intended to carry out the emancipation scheme by a contemptible trick.—*Boston Courier.*

The "soul-drivers" (as John Randolph called them) laid the foundation of repentance in passing the act of secession, by which old Virginia was plunged into the Gulf of Rebellion and ruin. So says Uncle Toby, and he adds,—however it may be about the first flagrant act in favor of emancipation, there has been a very long "series of flagrant acts," to extend and strengthen the slave power and its schemes, aided by a great many "contemptible tricks," among which are the stealing of arms and money by Floyd & Co., and the votes in Congress by Mason and other traitors who staid there as they said to do all the mischief they could.

The rebellion rendered it possible to make a State of Western Virginia, and when the President signs the bill, it will be a State to all intents and purposes. What will become of Old Virginia, or what old V. will become, are other questions, yet to be answered.

☞ The pirate Semmes, of the Alabama, when he took the T. R. Walsh, boasted that she was the 23d vessel he had burned, and that he had been within 70 miles of Sandy Hook. In the recent captures, the Alabama, until close upon the seized vessels, carried the American flag. Her crew now numbers one hundred and fifty. The Alabama went to Martinique to receive coal from an English brig. The latter also brought her two Armstrong 100-pounders. The brig went off with the Alabama. Upon the arrival of the San Jacinto at Martinique, she furnished the brig Hammond in port with rockets to be sent up when the Alabama was leaving port. The San Jacinto also kept two armed boats plying about the harbor at night, but they did not observe her exit. The Alabama was furnished with a pilot by the French authorities, and was supposed to have been piloted out by a channel unknown to the San Jacinto. The Hammond was immediately seized by the French authorities. The San Jacinto was three miles at sea, and only knew of the Alabama's escape when the schooner Alice came out. It was reported at St. Thomas that the Alabama had been piloted into the harbor of St. Johns, a few miles above, and was there taking in her coal and guns. The intelligence was sent to the San Jacinto.

☞ John Van Buren's Cooper Institute speech is having a great run through the South. Nearly all the rebel papers copy it from the Richmond Dispatch with words of commendation.

☞ It is not true that the Boston and Maine Railroad Company are giving life tickets to those who were passengers on the train which recently ran off the bridge.

☞ The King of the Sandwich Islands is engaged in translating the Episcopal Prayer Book into the native tongue, and the work will be printed as soon as it is completed.

Why is a blade of grass like a note of hand? Because it is matured by falling dew.

NOTES OF FORMER DAYS.

Collected and Collated — By Uncle Toby.

Mr. and Mrs. English delivered from death by Joshua Moodey and Gov. Fletcher—Death of Mr. Moodey.

In Boston, upon giving bail, they had the liberty of the town, only lodging in prison Upon their arrival, Messrs. Willard and Moodey visited them, and discovered every disposition to console them in their distress On the day before they were to be removed back to Salem for trial, Mr. Moodey called on them in prison, and invited them to attend the public worship. They did so; and he chose the text, "If they persecute you in this city, flee ye into another." In his sermon, with a manly freedom, he justified every attempt to escape from the forms of justice, when justice was violated in them. After service, he again visited the prisoners in the jail, and asked Mr. English if he took notice of the discourse, but as he did not fully apply it in his own case, Moodey frankly and plainly told him his life was in danger, and that he ought by all means to provide an escape. "Many," said he "have suffered." Mr. English then replied, "God will not suffer them to hurt me." Upon this Mrs. English said to her husband, "Do you not think they who have suffered already are innocent?" He said "yes." "Why, then," said she, "may we not suffer also? Take Mr. Moodey's advice." Mr. Moodey then said if Mr. English did not carry away his wife, *he* would do it; and informed him that he had already persuaded several worthy persons in Boston, to make provision for their escape out of the colony. A conveyance, he further told him, was ready, and by the connivance of the Governor, jailer, &c., it would come at midnight, when they must leave. The thing was done accordingly, and the fugitives found a refuge in New York, every arrangement having previously been made by Moodey's providence. Arriving near New York, Mr. and Mrs. English found that Moodey's letters, and a letter from the Governor of Massachusetts to Gov. Fletcher of New York, had gone before them. Gov. Fletcher, with a large number of gentlemen, came out to meet them, and lodged them at his own house. They remained in New York a year, till after the frenzy had subsided, and then returned to Salem. Doubtless Moodey's kindness, firmness, intrepidity, and manly, christian defiance of popular prejudice, preserved this worthy couple from an ignominious death by the hand of the executioner.

Moodey in this business acted nobly: but a storm arose against him, of indignation and wrath, that he, a minister, should plot such treason against the State, to the disgrace of the Church, and the dishonor of religion. But Moodey never quailed. He had dared in Portsmouth to do right in applying the discipline of the church to an offender, though the royal Governor Cranfield blustered and looked big. And now, in Boston, he dared to do *right* again, by saving a couple of innocent persons out of the hands of the judges and scribes, and the elders of the people.

A smaller man than Moodey might have tought for *his* church and *his* privilege, and shut Cranfield and Randolph away from the communion table; but it required a man full grown, with something of the *hero* as well as the *martyr* in his composition, to stand up, as Moodey did, and openly express his abhorrence of measures which were enforced by the magistrates and courts, advocated by the clergy, and supported by the people. All this he did, and did it manfully; showing himself to be above sect, above party, above prejudice—a *fair* man, fitted for a *dishonest* time—a *firm* man, fitted for a *trying* time—a *noble* man, ahead of his own times, and worthy of honor at all times.

This conduct of Mr. Moodey was commended by men of discernment; but he was made to feel the angry resentment of the deluded multitude, among whom some of high rank were included. Even at the present day, the author of the Moodey book says, "His *usefulness* in Boston was seriously *abridged* by the anathemas which his manly resistance to a popular and spreading delusion, drew upon him."

We cannot assent to this statement at all. We do not believe he was ever more useful than in the very transaction which called out the curses of a superstitious and foolish people. But with the change of one single word, the statement would be accurate and forcible. We would say, His *popularity* was not only *abridged*, but *destroyed* for the time, in Boston:—and we do not hesitate to add, that this circumstance, in some measure at least, induced his return to Portsmouth. In our opinion it was the turning point, the makeweight, which decided, in his mind, what had hitherto been a doubtful question. At all events, he soon after, viz. some time in the same year, 1692, left Boston, and by the advice of a council, resumed his residence and pastoral labors in Portsmouth.

This residence was peaceful; these labors were successful and happy—but they were cut short by his death. His naturally robust and hardy constitution gave way beneath the combined attacks of mental toils and insidious disease; and he repaired to Boston for some favorite medical aid. This aid proved ineffectual, and he died in Boston, on Sunday July 4, 1697, in the sixty-fifth year of his age; and was interred in the tomb of the worshipful John Hull, in the Granary Burying Ground.

His days had been checkered, but their close was serene. On his death-bed he declared that he was rejoicing in the hope of the glory of God, and longing to go to the precious Christ whom he had chosen and served.

His funeral sermon was preached by Cotton Mather, from these words: "Looking steadfastly on him, they saw his face, as it had been the face of an angel."

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c.; disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS
was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health, unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS
are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, inducing, with *certainty, periodical regularity*. They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America*.

Explicit Directions, stating when they should not be used, with each Box.—*The Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

Local.

☞ We learn that the old soiled Postage Stamps, which have been used for currency, are to be redeemed by Postmaster Morse in this city, on and after January first—probably exchanged for the new postal currency.

☞ The Annual Report of the City Missionary will be read at the Middle Street Church on Sunday evening. There will also be addresses by several gentlemen, and other appropriate exercises. At the close of the meeting a contribution will be taken up for the benefit of the poor of the city.

☞ The Boston Journal states that on Wednesday evening, as the 9 o'clock boat was leaving Chelsea Ferry slip, a sailor named John Atkins, belonging in Portsmouth, N. H., rushed down the slip and jumped for the boat, but missed his mark and fell into the water. He was promptly rescued, and officer Leighton conducted him to the 1st Police Station, where he was made comfortable for the night.

☞ The great and somewhat sudden change in the weather has made sad havoc with the sleighing, especially outside the city limits. Thursday night was quite warm, and the work of destruction fairly inaugurated then, was nearly completed on Friday. To the poor the warm sunshine and balmy air are boons which it is difficult even for the most thoughtful fully to appreciate.

CONGRESS.

THURSDAY.—In the Senate a communication was received from the Sec. of the Navy, in answer to the resolution relating to the purchase of land near the Portsmouth Navy Yard. Ordered to be printed. A bill was introduced to facilitate the administration of justice in Utah. A message from the President recommended a vote of thanks to Lieut. Morris for valor and heroism in the defence of the Cumberland against the Merrimac; and to Lieut. Worden, for skill and valor in the battle between the Monitor and Merrimac.

In the House, a resolution was offered directing the Sec. of the Navy to provide a vessel-of-war to convoy such vessel as may be sent out with aid for the English sufferers. The Senate bill for the relief of the owners of the French barque Jules et Marie was passed. A resolution was adopted calling on the Sec. of War for information relative to the payment of soldiers. A resolution declaring the emancipation proclamation unconstitutional and ill-timed, was laid on the table, 95 to 47. The House went into Committee of the Whole on the President's Message.

OX TEAMING EXTRAORDINARY.—The Deseret News, Utah, states that early last Spring a Mormon fitted up a train of 13 Chicago wagons, with 50 yoke of oxen, for the purpose of freighting; during the season, they have travelled upwards of 2500 miles, heavily laden the greater part of the time. The oxen are said to be in good condition and but three have been lost,—two by drinking poisonous water and one by being drowned.

☞ A Washington dispatch says no practical importance seems to be attached to the invention of Engineer Whittaker, of the Kearsarge. It is no new invention or secret, having been successfully applied by Fulton and others. A dozen persons have brought similar plans to the attention of the Navy Department. Previous dispatches, however, have spoken differently of Mr. Whittaker's invention, which is now, we believe, being tested.

☞ The Message of Gov. Vance, of North Carolina, betrays nothing like Union sentiment. He reflects severely upon the rebel conscript law, and bitterly denounces the spirit of speculation and extortion which pervades the country, having the sanction of some of the *most eminent Physicians in America*.

Explicit Directions, stating when they should not be used, with each Box.—*The Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.
R. B. HUTCHINGS PROPRIETOR,
20 CEDAR STREET, NEW YORK.

WM. R. PRESTON, PORTSMOUTH; D. LAITHROP & CO., Dover; G. C. GOODWIN & CO., Boston. junell—sp not dawtm

☞ The copyright on Dr. Kane's work, which Mr. Childs of Philadelphia has paid over to the lamented author and his heirs, is $66,000—a larger sum than was ever realized on a book by any other author in the English language. The nearest approach to it was in the case of Lord Macaulay, whose publishers paid him $11,000 for his history of England.

☞ The election in the 1st Congressional district of Louisiana resulted in the choice of Benjamin F. Flanders, the candidate of the "Union Association," by a vote of 2186 against 136 for Bouligny, and in the 2d district Helan received 1444, Durell 904, Greathouse 328, Barker 282.

☞ McGriffin, the cook, and Lees, the steward of the bark Betsey Williams, who are charged with poisoning Captains Coffin, Hood and Prince, successively, masters of that vessel, have been sent to Boston for trial.

IN THE MOONLIGHT, LONG AGO.

You love me well, I know, wife,
In spite of frown and toss:
In the moonlight, long ago, wife,
You didn't look so cross;
In your little scarlet cloak, dear,
You tripped along the moss,
And all at once I spoke, dear,
Though sadly at a loss.

You hung your pretty head, then,
And answered very low;
I scarce heard what you said, then,
But I knew it wasn't "No."
My joy I couldn't speak, love,
But a hundred times, or so,
I kissed a velvet cheek, love,
In the moonlight, long ago.

☞ A special Washington dispatch says, "it is reported on very correct and trustworthy authority, that the President of the United States has opened a correspondence on national concern with the Governor elect of New York,"—which the reader may believe or not as best suits his prejudices.

☞ The publication of the Bangor Democrat is to be resumed early in January, and is to be under the control of Mr. Emery, formerly of the Union. The latter paper, of which the Democrat was the weekly issue, was cleaned out by a mob at noon-day, a year and a half ago.

☞ A man was recently robbed in one of the St. Giles's rookeries, in London, and stripped naked, and then the thieves rolled a blanket around him, stitched him up in it so that he could not move a limb, and placed him in that state into the street, with a large label containing the word "Thief" pinned over his breast.

☞ Capt. Dahlgren is of the opinion that a thorough defence of our seaports can only be made by a harmonious combination of forts, iron clads and rams. The exterior of the forts must be of iron.

Sambo bought a patriarchal turkey. "I took 'im home," says he, "my wife bile 'im tree hours and den bin crow! My wife den pop him into de pot wid six pound o' taters, an' he kick 'em all out; he mus a been as old as dat Kerfooselum."

☞ Mario, who appeared at the Grand Opera in Paris in the "Huguenots," found his voice fail him, and, after being hissed, so completely broke down in the second act, that he volunteered to cancel his engagement.

MARRIAGES.

In Dover, Mr. GEORGE W. AVERY to Miss ELIZA G. TRICKET, both of Dover.
In Lawrence, Mass, Mr. JOSEPH W. COE, of Durham, to Miss HATTIE S. CHURCHILL of Lawrence.
In Durham, Nov. 26, Mr SAMUEL G. HANSON, of Barrington, to Miss ELLEN EMERSON of Durham.

DEATHS.

In this city, Dec. 12, Mr. GEORGE BADGER, aged 45 years.
In Dover, Dec. 7, BETSY HARTWELL, wife of Mr. Joseph Hartwell, aged 68 years.
In Rollinsford, 9th inst., Mr. NAHUM WENTWORTH, aged about 44 years.

E. A. STEVENS,

NO. 46 MARKET STREET.
ANOTHER NEW STOVE!
THE MODEL COOK
FOR WOOD OR COAL.
The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire, so arranged, that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking, giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.
THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE, for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.
We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.
We refer to the following individuals who have purchased the Model Cook:—
David Kimball, Thos. F. Hart, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mr. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, Mr. Melvin Hunter, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Kendall, Geo. Rice, Benj. F. Caney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Kendall, Isaiah Wilson, Capt. E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; E. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jennes, David Jennes, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.
It was brought into market two years since, and has come rapidly into use.
The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal is burned, and no clinkers made.
The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.
Some of the sizes are provided with an oven and boiling plate, making them very desirable for a dining room.
We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.
We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.
A great variety of cheaper Stoves for coal and wood—Cool-hods—Patent Coal-sifters.
COAL LININGS,
and Repairing pieces for most of the stoves in use.
Job Work attended to with dispatch.

IMPORTANT TO THE AFFLICTED

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since the great introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Gleet, Strictures, Seminal Weakness in the region of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Limbs and Back, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, nervous irritability, aversion to society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating marriage, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capsules, warranted the best article in the market. Order by mail. Three for $1 and a red stamp.

April 7—1y 3aw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No. 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incidental to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new physiological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April7, 1862—1y 3aw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all different and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y 3aw.
